ALLIES NOW FIGHT THEIR WAY FORWARD IN FLANDERS

TAKE LONG STRETCH OF GERMAN TRENCHES

British Troops in France Dash Ahead Under Cover of Fire of Heavy French Artillery.

Today's War News Given in Summary.

An important battle of which only the barest details are given in the official communications of today was fought in Flanders yesterday as the result of a British attack on German positions along an extended front. The French war office announced that about one and one-half miles of German trenches were captured by the British. The German statement says that the British made advances at some points.

A report from the official observer at British headquarters in the field characterizes the German army as "intensely brave, determined and well organized," and says there is no reason at present why the German troops should be discouraged. It will be impossible for the allies to defeat the Germans decisively, the observer believes, except by "ever increasing pressure of vast numbers of men and guns throughout the coming months." No extended reference is made in the official report from Berlin to the new German advance toward Praszysz in northern Poland, which Petrograd says has led to a great battle that is still to be decided. The report says, however, that the German forces made progress north and northwest of Praszysz.

The British plan for attempting, in connection with France to stop trade to and from Germany has been decided upon and embodied in an order of council. King George signed the order which will soon be gazetted.

London, March 11.—Under cover of the fire of heavy French artillery British troops have captured Neuve Chapelle, three and one-half miles north of La Bassée. This success, including the taking of 1,000 prisoners and several machine guns, makes it the most considerable advance reported from the north of France for several months past. This advance, if made in force, is strategically of great importance, as the position commands the road between La Bassée and Lille. Furthermore, it makes the German hold on La Bassée insecure, and gives a base for operations for the straightening of the allies lines in front of Lille.

This advance was unexpected, as lately the principal activity reported from the British front has been in the direction of the other line near Ypres. The British are now within two miles, of the furthest point gained by General Sir Horace L. Smith-Dorrien last October when, with one army corps, in an effort to gain Poursuon, the road between La Bassée and Lille, he forced his way as far as Abura, two miles to the northeast of Neuve Chapelle, but after desperate fighting against tremendous odds, was forced to retire.

Russian Attempts Fail.
News dispatches reaching here from Berlin report the failure of the Russian attempt to break through the German lines at Augustow while the battle of Ostrolenka continues. According to this information, which is from official sources, the fighting to the northwest and west of Praszysz is developing favorably for the Germans.

The British admiralty continues silent concerning the operations in the

Dardanelles, but reports given out in France set forth that armored ships have penetrated the narrow of the straits. It is not considered likely, however, that the attack will be pressed until land forces occupy both sides of the strait. That such land forces are almost ready for this task is indicated by the report that a great French transport fleet has been sighted off Malta.

Indian Corps Participates.
The text of the official announcement detailing the advance in France reads as follows:
"The fourth and the Indian corps advanced yesterday on a front of 4,000 yards for roughly three-quarters of a mile and captured all the intervening hostile positions and trenches. The corps on the right and left of these two corps also were engaged. More than 700 prisoners were taken."

"British air craft yesterday were active and succeeded in destroying the railroad junctions at Courtrai and Meunin."

SITUATION LOOKS MORE ENCOURAGING

Carranza's Reply to Note is
Laid Before President
Wilson.

Washington, March 11.—Gen. Carranza's reply to the American note was laid before President Wilson today and the situation looked more encouraging. Continued efforts, however, will be made by the United States to assure unbroken communication between Mexico City and Vera Cruz and for the care of the destitute in Mexico City. The reply which was directed to President Wilson personally and cabled in code was received at the state department late last night. In his reply as given out at Vera Cruz Gen. Carranza promised that foreigners in Mexico City would be afforded protection. His assurances to the effect officials here confidently believed would make it unnecessary for the American government to take any steps beyond those already taken. Although officials said that the food situation in the Mexican capital continued to be serious some appear to believe there had been an improvement in a general way.

Word of Gen. Obregon's evacuation of Mexico City was being awaited and official advices said that the American note had a good effect in that city. While up until early today no requests had come from Americans in Mexico City for transportation facilities, in response to the warning to quit that city although efforts were being made by the department to provide them with transportation if wanted.

Senor Riano, the Spanish Ambassador informed the state department today that four Spaniards had been assassinated in Mexico City and presented reports of the looting and burning of private residences in the outskirts. He made no specific request for action.

INQUIRY WILL BE SEARCHING

Uncle Sam to Probe Sink-
ing of American Ship by
German Cruiser.

STRONG PROTEST TO
GERMANY PROBABLE
Demand for Explanation
and Damages Regarded
as Certain.

Washington, March 11.—President Wilson announced today that "a searching inquiry" would be made into the sinking of the American sailing ship William P. Frye by the German auxiliary cruiser Prinz Eitel Friedrich. This statement was issued at the white house.

"A most searching inquiry will be made, and whatever action is taken will be based upon the result of that inquiry."

Discussion of the affair in official quarters was taken to foreshadow a strong protest to Germany against the sinking of the American vessel.

The contention of the German commander that the American ship had contraband of war aboard and therefore destruction was justified, has been set up as a plea in other cases, but never has been recognized by the United States as the only justification for such action on the part of a belligerent.

Not Criminal Proceeding.
The fact that the Prinz Eitel Friedrich was commanded by a German naval officer, under commission from the German government and the fact that no lives were lost when the Frye was sunk transferred the case from the realm of criminal proceedings under the federal statutes, under a possible charge of piracy and makes it a subject of diplomatic action with the object of gaining reparation for the owners and a disclaimer of unfriendliness.

That the United States would ask for damages and an explanation from the German government was regarded as certain. Some officials thought the German government would find itself compelled to repudiate the action of the German captain or abandon the position taken by Germany in recent correspondence with the United States on the subject of conditional contraband and food stuffs. Precedents in international law reveal that the circumstances under which neutral governments have acquiesced in the destruction of their vessels in time of war are very few.

EIGHTEEN DIE IN A RAIL WRECK IN SPAIN

Madrid, March 11.—Eighteen persons lost their lives and many others were severely injured last night when the mail train from Vigo to Madrid was wrecked in a deep ravine in the province of Asturias. The accident is believed to have been due to a landslide. The train ran into a huge rock. Two passengers were killed and the bodies of the others are being recovered.

THAW FAILS TO GET SANITY EVIDENCE IN

Court Rules Out Testimony
and State Completes
Its Case.

BULLETIN.

New York, March 11.—Harry K. Thaw took the witness stand at 3:20 p. m. today to testify in his own behalf.

New York, March 11.—Harry K. Thaw's attempt to get evidence concerning his sanity into the record of his trial for conspiracy to escape from Matteawan failed today.

Justice Page ruled out all testimony of this character except just enough to show that Thaw had the mental capacity to enter in a conspiracy with his five co-defendants to escape. In his ruling Justice Page asserted that the injection of testimony designed to prove the sanity of Thaw was improper in this case, which was purely to try and get indicted charging the existence of an illegal conspiracy to effect the escape of Thaw.

The state brought its case to a close this forenoon and the defense immediately made the usual motions to dismiss the indictment on the ground that the state had failed to prove its contentions. The motions were denied. Later a motion was made by the defense in behalf of Michael O'Keefe, on the ground that no evidence had been adduced to connect him with the alleged crime. Justice Page granted the motion and discharged O'Keefe.

COMRADES OF CRAFT WILL BEAR REMAINS

Funeral of Late Charles
H. Spalding Friday
Afternoon.

Borne by his late comrades of the newspaper craft, the remains of the late Charles H. Spalding of The Sentinel editorial staff will be taken to their last resting place in Lindenwood cemetery Friday afternoon. The pallbearers will be H. L. Askew, John M. Jackson, S. D. Melzheimer and H. M. Williams, of The Sentinel editorial staff; Frank G. Hamilton, of the News editorial staff, and Selden Morey, of the press telegraphic department of the Journal-Gazette.

The funeral services will be held at the residence, 938 Columbia avenue, and will be in charge of Rev. C. Claud Travis, pastor of the Wayne Street Methodist Episcopal church.

Miss Olive Spalding, a daughter of the deceased, arrived Thursday afternoon from Lake City, Minn.

WILSON SEES ONLY OFFICIAL CALLERS

Washington, March 11.—Announcement was made at the white house today because of the pressing character of the Mexican and other international questions President Wilson will see no callers, other than government officials, for the next three weeks.

WAR AGAINST FLOOD STARTS

City and County Join in
First Steps to Prevent
Damage.

COUNTY FLOOD LAW
WILL BE INVOKED

Local Flood Works to Make
Way for General Plan
of Prevention.

The first of preliminary steps in the huge task of establishing general flood prevention means in Fort Wayne were taken Thursday morning at a meeting of the joint city and county flood prevention committee held in the board of works office in the city hall.

The program outlined in the action taken will be prosecuted under the new flood prevention law passed by the late general assembly for the benefit of Allen county. That the county law is less cumbersome and intricate than the state general flood prevention law, will permit more rapid development and execution of plans and will arouse less hostility and command more general approval was the consensus of opinions and it was decided, therefore, to proceed under the special act for this county.

City and County Represented.

Both the city and county governments were well represented in the meeting. Mayor William J. Hovey, President of the City Council William A. Beyer, President of the County Board of Commissioners James D. Butt, City Attorney Guy Colerick and County Attorney Edward G. Hoffman were present as the members of the joint flood prevention committee created a year ago. Besides these there were present Board of Works Members Robert E. Kelly, Frank E. Slinger and Henry Hilgemann, County Commissioners William C. Schwier and Albert J. Black, County Auditor Will Johnson, County Treasurer J. Herman Bueker and City Engineer Frank M. Randall. The conference lasted from 10 o'clock until noon and the discussions were animated and covered the broad scope of general flood prevention measures. City Attorney Colerick gave comprehensive explanations of the county law, the powers it conferred and the procedures that must be taken under its provisions.

Important Matters Decided.

The important official proceedings of the meeting embraced three decisions: 1. It was resolved that steps should be at once taken for the formation of a drainage district under the Allen county law.

2. A motion was adopted that the city engineer and county engineer should assist the flood prevention committee.

8 OHIO CITIES IN A NEW BASEBALL LEAGUE

Lima, O., March 11.—It became known here today that negotiations are proceeding looking to the formation of another baseball league to be composed of eight Ohio cities.

A. W. Lawson, formerly connected with the Reading, Pa., club of the Atlantic Coast league, announced that he made contracts with the members of the Lima team and parks in this city and Newark have been leased. Efforts are being made, Lawson said, to place clubs in Akron, Canton, Zanesville, Springfield and other towns.

RELSTON IS BUSY WITH FINAL BILLS

Governor Now Clears Away
Work Left Him by the
Legislature.

Indianapolis, Ind., March 11.—Governor Relston has been the busiest man around the state capitol this week, going over the bills sent to him by the two houses for executive action. He worked until late last night with Burt New, his legal clerk, and was at his office early today as he is anxious to get everything out of the way before the end of the present week.

A measure that is giving him no little worry is the Friend teachers' pension bill, which he has refused to receive under the ultimatum that he issued as to the time limit set for receiving bills. The bill did not pass the senate until the last day of the session and he exercised his constitutional right to refuse to consider all bills sent to him after the fifty-ninth day. Since announcing his refusal to accept the measure pressure has been brought to bear on him by friends of the bill, including State Superintendent of Public Instruction Charles Greathouse and others in an effort to have him rescind his course. The governor stated this morning that he was not prepared yet to say what he would do with the bill.

Six other bills of only minor importance were also refused when sent to the governor's office. With only a half dozen or so remaining to be considered the governor has already affixed his signature to 175 acts and has allowed six others to become laws without his signature, 84 of which are senate measures and the other 97 are house bills. He has used his veto power on only five bills, three of which originated in the house and two in the senate.

ORDERS MORE SHIPS
FOR HARBOR GUARD

Daniels Takes No Chances
on Possible Dash of Ger-
man Boats to Sea.

Washington, March 11.—Although recent investigation is said to have proven that German ships in New York since the outbreak of the war were not planning a dash to sea, steps to protect the neutrality of the United States have been taken by the navy and coast guard departments.

Today Secretary Daniels ordered the destroyers Drayton and McDougal up from Guantanamo to join the gunboat Dolphin, which was ordered from the Washington navy yard last night to take up a watch in New York harbor. The coast guard ordered the cutter Mohawk in from her cruising ground to take a station off Tompkinsville to reinforce the other coast guardships in the harbor.

Mr. Daniels said it was not the present intention of the navy department to order other ships to New York and the only explanation of the latest moves were that the ships were being placed in the ordinary course of taking precautions to safeguard neutrality.

POLICE ON STAND

Crooked Election Methods
Used at Terre Haute
Are Uncovered.

Indianapolis, Ind., March 11.—"Mayor Donn M. Roberts told me to make out about 2,500 registration applications for the last election," testified Edward Holler, former chief of police of Terre Haute, at the trial in the district court today of Mayor Roberts and twenty-seven others charged with election fraud conspiracy. Holler, who has pleaded guilty to the charge, has been named by a number of witnesses as the leader in the city hall registration scheme.

"Roberts said to me," continued Hol-

ler, "get some boys and make out the applications. He said 'Slim Walter' Cordes would be a good man to get." Cordes testified yesterday.

In reply to questions by District Attorney Dailey as to how the applications for registration had been distributed over the city Holler testified that Roberts said to him, "You know about how many each ward will stand. Use your own judgment."

Holler said all these applications for registration were illegal and made out for fictitious persons.

George Kintz, another who has pleaded guilty to indictments preceded Holler on the stand but was excused at the request of Attorney Dailey on the ground that he got in "better condition." The judge ordered Kintz into the custody of the marshal.

Rules Against Stanley.

Holler was asked to testify regarding a conversation he had had with Jack Hines, who also had pleaded guilty, but A. O. Stanley, chief counsel for the defense, objected on the ground that no conspiracy had yet been proven and therefore conversation testifies alleged conspirators was irrelevant. Judge Anderson at some length explained the law as to conspiracy and stated that, in addition to the fact that 88 men had entered pleas of guilty to the charge, the evidence at this time had established a prima facie conspiracy and that the only question was whether the 28 men now on trial were a part of the conspiracy. He overruled the objection, which was similar to the objections made by the defense to the testimony of some of the

German Cruiser's Captain Does Not Intend to Intern

Newport News, Va., March 11.—Captain Thierichen, of the Prinz Eitel Friedrich, late today formally informed Collector of Customs Hamilton that it was not his intention to intern his vessel and that unless the United States refused to grant him the necessary time for repairs and restrains him, the converted cruiser will attempt to continue its voyage of adventure.

The crew of the American ship William P. Frye, sunk by the German cruiser, were released from the Eitel Friedrich late today and brought aboard the British ship, but the crew of the British ship one was killed and the other within the day when it was sunk.

GAS! GAS, INDIGESTION, SOURNESS, SICK STOMACH—PAPE'S DIAPEPSIN

Here's relief! In five minutes your upset stomach feels fine.

If you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you need Pape's Diapepsin to stop food fermentation and indigestion.

It neutralizes excessive acid, stomach poison; absorbs that misery-making gas, stops fermentation which causes your entire meal and causes Dyspepsia, Sick Headache, Biliouness, Constipation, Griping, etc. Your real and only trouble

is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition. A case of Pape's Diapepsin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer in five minutes that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the stomach, Nervousness or Gastritis, or by any other name—always remember that relief is waiting at any drug store the moment you decide to begin its use.

Pape's Diapepsin will regulate any upset stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

VON HINDENBURG IN NEW DASHING STROKE

London, March 11.—Field Marshal von Hindenburg has made another of the swift and unexpected strokes which have marked his campaign against the Russians. Gathering a large force along the Prussian border in northern Poland, he has begun a new movement southward, apparently intending to strike again at Przasnysz, where the Germans recently met the defeat which preceded their general retirement in the north. An important battle has developed as a result of this movement, the result of which, it is said in Petrograd, has not yet been indicated.

With the diminution of activity in Champagne, the western battle front has grown quieter. The German military authorities assert that the allies have suffered a complete defeat in Champagne after undertaking an offensive movement believed in Berlin to have been designed to relieve pressure on the Russians. Desultory fighting continues in Belgium, but along the eastern end of the line, where there have been active and almost continuous battles, weather conditions have enforced a temporary halt.

Paris reports tell of resumption of the Dardanelles bombardment yesterday. It is said that the fire of some of the Turkish batteries under attack slackened perceptibly during the engagement.

WILL STRIKE A NEW BLOW.

Petrograd, March 11.—A re-grouping of the German forces in Northern Poland and the commencement of a new attempt upon Przasnysz has been noted by the general staff of the Russian army.

This movement is being made in considerably larger strength than was the recent operation in the direction of Przasnysz terminated not only in local defeat for the Germans, but in the general retirement of all the German forces in the direction of their own frontier.

The discontinuance of operations along the Nivn river makes it possible for the Germans to send a large

number of troops from this district to reinforce the men advancing from Korjile in the general direction of Mlawa.

One of the German motives of this new alignment of forces undoubtedly is to strengthen their position before Oswet, it is assumed that this engagement is still going on without a decision having been reached. Furthermore it is not improbable that in the near future the battlefield in the vicinity of Przasnysz again will become the scene of new conflicts.

In the meantime along the Pilica river there have been engagements of secondary importance in which the Russians would appear to have been successful.

Fighting near Gorlitz and Onjok, in the Carpathians, indicates that the Austrians, after their defeat in the Stanislaw district, decided to transfer the center of operations to the left flank, where they have been successful in pushing forward slightly.

GENERAL CARRANZA IGNORES MR. BRYAN

Gives His Reply in Personal Note to President Wilson.

Wilson.

Vera Cruz, March 11.—Gen. V. Carranza, in answer to the protest addressed to him by Secretary of State Bryan through United States Consul Silliman, regarding conditions in the City of Mexico, last night addressed a reply to President Wilson personally. He denies the responsibility of the constitutionalists for a situation which is considered alarming for foreigners, but expressed the hope that Americans and citizens of other countries will lose no time in departing from Mexico until tranquility shall be restored. The constitutionalist chief pledges himself to provide every facility for the exodus which he recommends. He suggests that if foreign residents do not desire to leave the country they should seek safer places in the republic.

Gen. Carranza declares that he always has tried to safeguard the interests of Mexicans and other foreigners and intends to continue this course.

The charges that Gen. Carranza has deliberately fostered disturbances in Mexico City are denied by Carranza, who declares every possible effort has been made to distribute food supplies. He contends that the present situation has been aggravated by the conduct of merchants who have protested against the imposition of a humanitarian relief tax.

VILLA GROWS CHESTY.

El Paso, Tex., March 11.—Gen. Villa in a statement received from Torreon to the Associated Press declared that in event of intervention of foreign troops to subdue the Carranza forces he and all other Mexicans would unite against the invaders.

He denied recent interviews in American newspapers which he said had just been called to his attention in which he was quoted as saying that he would not oppose armed intervention on the part of the several powers "to reduce Carranza to order" providing that he would be made commander of such a move.

ELECTION IS FROM CONVENTION FLOOR

Woman's Franchise League

Changes Order After Lively Fight.

Indianapolis, March 11.—Reorganization of the Indianapolis members of the Woman's Franchise League of Indiana into a branch league similar to others in the state was amicably provided for at the annual convention of the league here yesterday, but when Mrs. L. J. Cox, of Terre Haute, proposed that the nomination and election of state officers be made from the floor of the convention the meeting was thrown into an uproar. The proposal to elect by the convention body instead of by the board of directors did not meet with as much opposition as the scheme to nominate by the convention. The constitution provides for nomination and election by the board of directors.

Mrs. Olaf Guldin, of Fort Wayne; Mrs. E. J. Lesh, of Muncie; Mrs. A. D. Moffett, of Elwood; and Mrs. Ovid Butler Jameson, of Indianapolis, led the discussion which followed Mrs. Cox's proposal. After an hour of spirited debate Mrs. Cox's motion was adopted and the following officers were chosen:

Dr. Amelia R. Keller to succeed herself as president; Mrs. Horace C. Stillwell, of Anderson, first vice-president; Mrs. Ovid Butler Jameson, of Indianapolis, second vice-president; Mrs. Meredith Nicholson, of Indianapolis, third vice-president; Mrs. L. J. Cox, of Terre Haute, fourth vice-president; Mrs. A. D. Moffett, of Elwood, fifth vice-president; Mrs. G. M. Henderson, of Indianapolis, secretary; and Miss Ada Bush, of Kentland, treasurer.

Members elected to the board of directors, which, by amendments previously adopted, will be composed of twenty-four members, eight to be elected each year for a term of three years were: Miss Belle O'Hair and Mrs. Edgar A. Perkins, of Indianapolis; Mrs. F. E. Baer, of Evansville; Mrs. Frank Aydt, of Bloomington; Miss Vida Newson, of Columbus; Mrs. S. C. Stimson, of Terre Haute; Miss Harriet Henton, of Peru; and Mrs. F. C. Ball, of Muncie.

JACKSON REFUSES TO BE LOCKED UP

Thief Arrested in Fort Wayne Again Escapes from Jail.

Ray Jackson, familiarly known in Wabash county, Indiana, where he claims residence, as "Slippery Jim," is again at large and a fugitive from justice. Jackson was arrested in Fort Wayne several weeks ago by Detective Sergeant Spilner and Junk while he was trying to raise money on a diamond ring as a pawnshop. He was identified as a man wanted for burglary in Fulton county, Ohio, and a few days later the sheriff from that county came here with requisition papers and took him to Wauseon. Jackson feigned illness and got himself placed in the hospital. A few days ago he saw an opportunity to escape, jumped from a window and made off. It was learned that he had returned to the home of his mother-in-law, Mrs. Gabbit, near Lago, and the Wabash county sheriff and a posse have been making repeated attempts to land him, but he so far has eluded arrest. Jackson has been arrested at least twenty-five times, it is said, and each time has been able to make his escape. He escaped from the sheriff at Wauseon nearly a year ago, when he was first arrested on the burglary charge for which he was recently taken back there. Fort Jackson had here he said had been given him by his wife and he charged that she had stolen it. This brought Mr. and Mrs. Gass, of Huntington, to Fort Wayne, where they identified the ring as one stolen from the Gass home several months ago. Mrs. Jackson was arrested and a few days ago was convicted by a jury in the Huntington circuit court on a charge of grand larceny.

TOM WAS GOING RIGHT IN.

With a Souse Abroad He Was Crawling Through Window to See Lady.

Tom Tolan gained his release from jail Wednesday and then proceeded to push up a betting average for booze that had slumped a good deal while he was confined. Wednesday night a burglar alarm came from a flat above a Barr street garage and when Desk Sergeant Zwick and Detective Sergeant Immel arrived at the scene Thomas was found. He had meant to call on a lady in the building and was making rather unconventional entrance to the premises through a rear window when he was discovered. He was booked for disorderly conduct and his case was continued until the 16th inst., and fixed his bond at \$100.

Arthur Monday, a colored man, was charged with petit larceny for having stolen a bicycle from LeRoy Metzer and was continued until the 20th inst., under \$500 bond. Monday is an ex-convict.

Ernest Martin, a young negro man, who has lost some of his manhood furniture and imagines he is a detective, was continued until March 17, while investigation concerning him proceeds.

Of the trunk Walter Jacobs was fined \$1 and costs. Walter Miller \$5 and costs and Jacob Wray \$1 and costs.

John Garker, a loiterer, who told a thriller about being locked in a freight car by some hoboes who first set a lot of straw afire in the car, was turned loose to hasten to Pittsburgh.

William H. Tatter, charged with child neglect, took a change of venue from Judge Kern and his case was continued until Friday under \$500 bond.

HANDLING BERLIN FOOD SITUATION

Consul Lay Reports on Action of German Capital Authorities.

Washington, March 11.—How the Berlin authorities are handling the food situation, distributing bread to the civil population in allowances of 4.4 pounds weekly to each person, is told in a report just received by the state department from Consul Julius G. Lay. The negotiations for the regulation of the bread consumption of greater Berlin are at an end says Mr. Lay. It has been definitely decided to apportion the 4.4 pounds allowance each person weekly by means of bread cards. The mayor of Berlin after a conference with the rectors of the city schools, has announced the division of the city into 170 bread districts. Each one of these districts has 11,000 to 12,000 inhabitants. The bread cards are not transferable and are valid only for the week of issuance.

"The cards will be given only to a single person and not to whole families. They are numbered and those issued for the different weeks are of various colors so as to cover the possibility of misuse. The punishments for the misuse of the cards are sufficiently heavy to prevent bakers from giving bread to persons who do not possess the proper cards. The amounts designated on the cards are 25, 50, 100 and 250 grams (0.88, 1.76, 3.55 and 8.82 ounces).

"The greatest difficulty encountered by the authorities in actually working out the bread question was the lack of available means to check hotels and restaurants in meeting out bread to their patrons. For public places the question is not yet entirely settled, but it is thought that day cards will be given out in the hotels and that in the small restaurants payment will be accepted for bread.

"Another difficulty that has interfered with the working out of this scheme is the treatment of persons, such as charwomen, seamstresses, etc., who are employed in a given household. Such persons must either bring their bread or their breadcards with them.

"Hamburg and other German cities of over 25,000 inhabitants are considering similar measures, but as yet have not followed Berlin's example."

REPUBLICANS PLAN FOR BIG MEETING

Members of the Lincoln Republican club are planning for a big meeting either Monday or Tuesday of next week, at which time John Wesley Hill, of New York, will be the principal speaker. Mr. Hill is a speaker of national reputation.

A meeting of the club was held Wednesday evening with Allen J. Vesey, republican district chairman, at which time plans for the meeting were discussed. Full details will be announced later. John Hayes Hammond also is expected as one of the speakers.

INDIANAPOLIS MAN NAMED.

Lloyd D. Claycombe Chosen Trustee of Winona Assembly.

Warsaw, Ind., March 11.—Lloyd D. Claycombe, of Indianapolis, was named trustee to take charge of the summer resort and chalet at a meeting of the creditors of the Winona Assembly and Summer Schools association here yesterday. The trustee will arrange for the sale of the property. Mr. Claycombe's bond was fixed at \$5,000. He will lease the property for the coming season.

The assets of the assembly, according to the schedules filed before Judge A. B. Anderson, in the federal court in Indianapolis, are \$116,000, while the indebtedness is about \$800,000.

BULLET-PIERCED FLAG FLIES FROM NEW TOWER

Chicago, March 11.—A bullet-pierced flag flown by the U. S. ship Chester at the occupation of Vera Cruz waved from the top of a 400-foot steel tower, the third highest in the world, at the Great Lakes naval training station at Lake Bluff, Ill., today.

The tower, which was completed yesterday, is one of two for the high powered federal radio station which soon will establish wireless communication between the Atlantic and Pacific coasts, Alaska and the Panama canal zone. Work of erecting the second tower will be rushed, Commander William A. Moffet, who was in command of the Chester when it covered the landing of marines at Vera Cruz, is now in command of the training station.

MASTER PLUMBERS TO MEET HERE NEXT

As a result of the strenuous efforts of the Fort Wayne delegation to the annual convention of the Indiana Master Plumbers' association which closed at Laporte Wednesday, the next convention of the association will be held in Fort Wayne.

The meeting will probably be held here to March 1916, at which time about five hundred visitors are expected. Those who attended the convention at Laporte from Fort Wayne were E. F. Oelschlaeger, M. F. Noll, Edward Bernhermer, J. B. O'Rourke, Don Teeters, H. L. Ellish and William Stahler. The delegates returned home Wednesday evening.

SAYS A MILK WAGON DAMAGED LOCOMOTIVE

Newark, N. J., March 11.—A railroad's counter claim for damages to its locomotive figured in the trial of a \$25,000 accident suit in the supreme court here today instituted by Frank W. Wilkinson, who was struck and severely injured by an Erie railroad train in Bloomfield last year as he was driving a milk wagon across the tracks. Wilkinson's hips and several ribs were broken and he was injured internally. His wagon was smashed. He claimed the train approached without proper warning. The company in its counter claim alleged that by careless driving he struck the locomotive and then broke and destroyed divers state or federal bridges, culverts, catchers and bridges and abused, mutilated and destroyed paint and polish on the locomotive. The road asked \$100 damages.

DIVORCE SHAMEFUL LUXURY OF THE RICH

New York, March 11.—The Rev. Dr. T. Manning, rector of Trinity church, which is considered the wealthiest church in New York if not in the country, declared in a sermon in that church last night the divorce was "the shameful luxury of the rich and well-to-do."

"The poor man," said Dr. Manning, "cannot afford divorce and so he simply follows the example of the illustrious names he reads about in the papers and deserts his home. That is his way of accomplishing the same thing the rich men can accomplish by law."

SENATOR KERN AT HOME.

Does Not See Any Probability of Intervention in Mexico.

Indianapolis, Ind., March 11.—Senator John Kern has arrived home from Washington. Speaking of the Mexican situation, he said:

"I do not believe that there is any probability of intervention by this country in Mexico at this time. I believe that it has been demonstrated by the administration that it is in favor of keeping out of trouble."

Senator Kern said he will remain at home for a time resting and then will visit in various parts of the state.

BLACKHEADS GO QUICK

BY THIS SIMPLE METHOD

Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body, go quick by a simple method that just dissolves them. To do this get about two ounces of powdered norexin from your druggist—sprinkle a little on a hot, wet sponge—rub over the blackheads, briskly for a few seconds—and wash off. You'll wonder where the blackheads have gone. The powdered norexin and the hot water have just dissolved them. Pinching and squeezing blackheads only open the pores of the skin and leave them open and unclean—and unless the blackheads are big and soft they will not come out, while the simple application of norexin and water dissolves them right out, leaving the skin soft and the pores in their natural condition. You can get powdered norexin at any drug store and if you are troubled with these unsightly blemishes you should certainly try this simple method.

SKIN TROUBLE ALL OVER BODY

Itched Terribly. Could Not Sleep at Night. Clothing Aggravated Trouble. Cuticura Soap and Cuticura Ointment Healed.

1385 Fulton St., Chicago, Ill.—"I noticed peculiar spots broke out all over my body which itched terribly. They were on my neck, face and arms. I was unable to sleep. I read the Cuticura advertisement in the paper and wrote for a free sample of Cuticura Soap and Ointment. I used them as per directions and had my first night's rest in two months. Then I bought one box of Cuticura Ointment and had only used half of it with the Cuticura Soap when I was healed. I have no disfiguring scars left."

DIES FOLLOWING AN ILLNESS OF 4 DAYS

Death Comes Suddenly to Samuel A. Esterline, a Pennsy Engineer.

Samuel Arthur Esterline, aged 34 years and 4 months, an engineer on the Pennsylvania railroad, died at his late residence, 2723 Oliver street, at 1:40 o'clock Thursday morning, following a brief illness of but four days' duration from pneumonia. Mr. Esterline returned

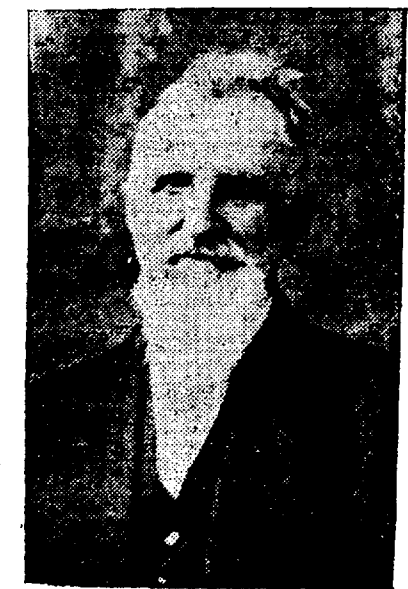

SAMUEL A. ESTERLINE.

home from work Saturday evening complaining that he was not feeling well. His condition became worse until death followed early Thursday morning. Born and raised in Abbot township, he moved to Fort Wayne when he was 21 years of age and took employment with the Pennsylvania railroad as fireman and four years ago was promoted to the position as engineer. He had a wide circle of friends who will be grieved to learn of his sudden demise.

The deceased was a member of the Oliver street Baptist church and also of the Bible class of the same congregation. He was a member of the B. of L. E. and E. A. G. Porter lodge, No. 141. Besides the widow he leaves to mourn his loss, two children, Herman and Velma Esterline; a mother, seven brothers and one sister; J. Walter Esterline, of Indianapolis; W. K. Albert R. James O. Frank, Chester and Harry Esterline, all of this city, and Mrs. Orville Allen, of Fort Wayne.

OGDEN.

Benjamin Franklin Ogden, aged seventy-nine years and nine months, died at his family's residence on the Decatur road, three miles from the city

B. F. OGDEN.

at 11 o'clock Wednesday evening from pneumonia following a short illness.

He was born in Rochester, N. Y., June 2, 1835, and came to this county in 1879, and settled on a farm in Wayne township, where he has resided ever since. He was a veteran of the civil war, having served in Company A, Regiment 4 of the Michigan Infantry Volunteers.

Besides his wife he is survived by four daughters, Mrs. Jesse Stahler, of Hillsdale, Mich.; Mrs. M. U. Philley, of Wayne township; Mrs. F. Furthmiller, of Fort Wayne, and Mrs. William R. Houk, of Auburn. Four brothers who reside in Michigan also survive.

HARTMAN.

Mrs. Caroline Hartman, past seventy years of age, died after a six weeks' illness of heart and kidney affections at the family home, 1312 East Wayne street. Born in Cincinnati she came to this county when she was one year old and had made her home here ever since. Her husband preceded her in death seventeen years ago as did one son Joseph Hartman, who died three years ago. The following children survive her: Jacob Hartman, the real estate man of this city; John Hartman, of Marion township; George W. Hartman, manager of the chemical department at the Fair, in Chicago; Mrs. Mary Miller of Cleveland; Mrs. O. T. Moneyponny of Michigan City, and the Misses Margaret M. Hartman, Katherine B. and Virginia M. Hartman, all at home. Nineteen grandchildren also survive.

She was a woman of lovable and kind disposition and her demise will be felt with keen sorrow by her many friends who showed their esteem for her during her last severe illness. She was a member of the St. Mary's Catholic church and of the following societies: Altar Society, Holy Family, Poor Souls and Sacred Heart League.

Funeral services Monday morning at 8 o'clock at the residence, 1312 East Wayne street and at 8:30 o'clock at the St. Mary's Catholic church. Interment at Hesse Cappel.

BULLETIN.

Newport News, Va., March 11.--The German cruiser Prinz Eitel Friedrich weighed anchor late today and limped into the Newport News ship yard preparatory to going into dry dock for repairs. Officers of British, French and Russian navies prepared to take crews of sunken ships from the war vessel. Immigration officials have decreed that more than seventy passengers taken from the French steamer Florida are undesirable aliens and cannot enter the United States. The French line officials have declined to take care of them and they will remain under German charge on board the Eitel Friedrich until cared for by representatives of their government.

POLICE AT CHICAGO RAID A DOPE STORE

Chicago, March 11.--A store of habit-forming drugs, said to have been secured for the purpose of circumventing the Harrison law, was raided by Inspector W. D. Chandler of the internal revenue office here today. The drugs were found in the home of Frank Duncak, who, with a companion, Daniel Strong was arrested.

City, county, state and federal officials with offices in Chicago, will meet tonight to co-ordinate their efforts to care for drug victims who are suffering because the supply has been cut off. Gov. Dunne has thrown open all available state institutions to them. Six victims of the drug habit, two women and four men, were ordered committed to the Chicago hospital for the insane at Dunning by County Judge Scully today. The men and women drug users were unable to appear in court.

N. C. Ross, Elmhurst, CHIROPRACTOR

SOCIETY

Miss Edith Harding, who is to be a bride of early spring, was honored with a luncheon of most attractive appointments given at 1 o'clock today by Miss Ethel Doud and her sister, Mrs. Raymond Ellis. Yellow and white were the colors and a pale yellow and white basket filled with Marguerites and white sweetpeas and tied with bows of yellow tulle emphasized the center of the luncheon table laid in a luncheon set, also yellow and white. The favors were artistic paper mache souvenirs that looked like tiny flower pots of yellow and white blossoms. From the nut cases in basket shape extended yellow ribbons to the center of the table and place cards were attached to the little baskets. A gift to Miss Harding lay at her plate as a remembrance from the hostesses. There were eight young women at the luncheon.

Mrs. John Hoffman, of Oakwood avenue, was at home very informally this afternoon to about twenty young ladies she invited to call. Tea was served.

Miss Mary Evans, of West Berry street, is to give a tea on Saturday afternoon in honor of her guest, Miss Sarah Newell, of Newcastle, Pa., and for Miss Kelley's guest, Miss Dorothy McIntosh, of Indianapolis.

Mrs. J. H. Gilpin has returned from a visit with her mother in Atlanta, Ga.

Miss Elizabeth Levenberger, of East Creighton avenue, has gone to Chicago for a two weeks' visit.

The Ladies' society of the Lutheran hospital will meet tomorrow afternoon in the hospital parlors.

Mr. and Mrs. Frank L. Smock have returned from a month's trip to points in Florida and to Asheville, N. C.

Mrs. Herbert H. Wagenhals, of Toledo, is the guest of her parents, Mr. and Mrs. C. W. Orr, for a few days.

The Extension department of the College club will meet in Casino hall for one of its regular dances on Monday, March 15.

Mrs. Sarah Vesey and Mrs. A. J. Vesey are expected home in a few days from Florida, where they went on a pleasure trip.

Mrs. Mollie B. Lovell, who has been a guest of Mrs. S. O'Connor for some weeks, is spending a few days with Mrs. L. A. Centlivre.

Mrs. Frank D. Bond has gone to Chicago and Freeport, Ill., for visits in each city and is accompanied by her younger son, George Crane Bond.

Mrs. Rose, of Jersey City, N. J., is expected to arrive here tomorrow for visits with her mother, Mrs. Gaffie, and her sister, Mrs. Clara Kessen, of 1211 Erie street.

Mr. and Mrs. Daveport Thomas and children, Theodore and Margaret, have returned from visits in Chicago and other points. They were gone several months.

The College club will meet tomorrow with Mrs. B. Paul Mossman instead of with Miss Helen R. Harper as previously announced, as Miss Harper will be out of town at the time.

Miss Olive Spalding arrived in the city today from Lake City, Minn., where she is teaching school and making her home with relatives. Miss Spalding is called home by the demise of her father, C. H. Spalding, of 926 Columbia avenue.

The officers of the Visiting Nurse league will lunch together at the English tea room tomorrow with two honor guests, Miss Fitzgerald, of Indianapolis,

who is to address the league at its annual meeting tomorrow afternoon at Trinity English Lutheran church, East Wayne street, and Mrs. John Kenower, of Huntington.

Mrs. Richard Czerwonky's mother, Mrs. Maurer, has gone to Minneapolis with the little daughter of Mr. and Mrs. Czerwonky. Mrs. Maurer is from Boston and came on here because of Mr. Czerwonky's serious operation recently at St. Joseph hospital. Mr. Czerwonky is leading violinist for the Minneapolis Symphony orchestra.

The G. T. pedro club was entertained by Mrs. A. B. Frank on Wednesday evening in honor of her sister, Mrs. S. Kraus, of Detroit, Mich., and Mrs. L. Raikes, of Chicago, who is a sister of Mrs. Berman, of West Jefferson street. Prizes were won by Mrs. Raikes and Mrs. M. Grashin. The hostess served a tempting lunch after the game. Mrs. Marsack will be the next hostess for the club.

Booth-Meyer.

Mrs. Allie A. Meyer, of Broadway, and Mr. John E. Booth, of Shelbyville, Ky., were married in Hillsdale, Mich., on Tuesday afternoon, March 9, by Rev. J. J. Will, at the parsonage of the Presbyterian church.

Bloomington P. T. Club.

At the meeting of the parent-teacher club of the Bloomington school tomorrow afternoon at 3:30 o'clock, Mrs. Johnson will address the club in the assembly hall on the Conservation of Wild Flowers. Mrs. Johnson is a visitor in the city and the committee of the P. T. club look for a large attendance of members and other friends. Regular class work will be conducted in the class rooms during the afternoon. Young children who need care will be looked after by the girls of the 8th grade.

Jefferson School P. T. Club.

Special attention is again called to the parent-teacher club meeting tomorrow evening at the Jefferson school because of the importance of the address to be given by Dr. Allen Hamilton on "Conservation of Nervous Energy of the Child." E. M. Price, principal of the Highland school, will give a talk on home and school gardens, based on his own practical observation and results of pupils of his school.

South Wayne School P. T. Club.

At the meeting tomorrow of the South Wayne school parent-teacher club Mrs. E. H. Underwood will give a talk concerning the care of children and there will be singing from children of the grades taught by Misses Jacobs and Burdette.

AT THE MAJESTIC.

DAVID WARFIELD HERE TONIGHT.

The season's most notable theatrical event will be celebrated at the Majestic theater tonight when David Warfield will appear in his popular revival of "The Auctioneer." Since this expert medium for displaying Mr. Warfield's genius was first appreciated by the public, thirteen years have elapsed, and instead of witnessing the play as originally written by Lee Arthur and Charles Klein, theatergoers, it is said, will see a much better comedy. Mr. Belasco, deferring to the standards that have al-

tered in a decade, has rewritten the piece, but it is less with this change that theatergoers are concerned as with the newer phase of Mr. Warfield's art.

"German War Pictures" at the Majestic Monday and Tuesday.

History is writing another chapter of its story now on the bloody battlefields of Europe and the whole world is deeply stirred and interested in the daily writing of its pages. The wonderful advance in the motion picture art made it possible for us to actually look upon the things that are happening and have happened in the greatest struggle that the world has ever known.

The motion pictures, taken by permission of the general staff, depict the whole story of the war up to date and show the happenings of the eastern and western theater of war. Scenes taken in Russia, Poland, Galicia and East Prussia, are the first ever shown before the great American public.

The enactment of the many scenes just as remarkable before one's eyes will interest all regardless of their sentiment or their sympathies in the present struggle. There is a lecturer who fully explains the various scenes.

AT THE NEW PALACE

Harriet Burt, the charming comedienne on the Keith New Palace bill, enjoys the unique distinction of being the only purely American actress that Harry Lauder ever congratulated unstintingly on her ability to twist her tongue to suit the exigencies of a Scotch dialect song. Miss Burt sings her Scotch song with a burr in her voice as natural as the overcoat of a chestnut. The Keith bill this week is unusually prolific of real hits as the program embraces such attractions as "The Castillians" in a series of artistic poses done in bronze and verdigris; Johnny Johnson and his colleagues in "Taking Things Easy;" Mr. and Mrs. James Kelso, the famous comedy pair, in "Here and There in Vaudeville;" William Hallen and Ethel Hunter in "Just for Fun;" Sylvia Loyal in her remarkable juggling and tight wire act, assisted by her Pierrot, a team of black poodles and a flock of beautiful pigeons; the Kaufman brothers, black face comedians, and the B. F. Keith exclusive travel films.

AT THE COLONIAL

Colonial Program Delightfully Varied.

Kathlyn Williams, who gained an immortal niche in the "Hall of Filmdom Fame," by her remarkable acting in "The Adventures of Kathlyn," "The Spoilers" and other screen triumphs, is the stellar attraction on the list of feature plays arranged for today, the beautiful Selig star appearing in a beautiful adaptation of Harold McGrath's celebrated society novel, "Hearts and Masks." Wheeler Oakman and Charles Cary are in the brilliant assisting cast with Miss Williams.

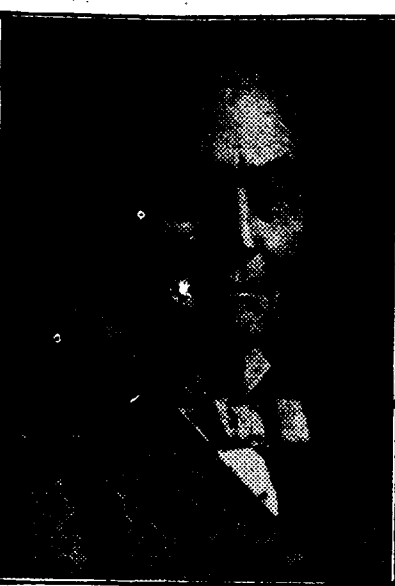

The second feature play arranged for production reveals itself in a transcendentally lovely romantic drama produced by the Lubin company and which features Harry Myers and Rosemary Theby—"The Weight of a Crown." Here is a superb film with a haunting appeal that is truly irresistible.

Members of the Buffalo's lodge will give a banquet on Easter Sunday at their hall, 120 West Berry street. Mr. and Mrs. J. B. Spatz, 1207 West Washington street, have been called to Kendallville on account of the serious illness of Mrs. Spatz's mother.

IN THE CHURCHES

TO VISIT FORT WAYNE WITH S. S. TOUR PARTY

E. K. Warren, the newly elected president of the International Sunday School association will visit Fort Wayne with the tour party, Tuesday, March 16, and will speak at the business men's

E. K. WARREN.

luncheon to be held at noon, Tuesday. Mr. Warren is a business man himself, being president of the Warren Feather-bone company, of Three Oaks, Mich.

Mr. Warren has gone to Sunday school all his life and is thoroughly acquainted with all the phases of the work having held offices of some importance ever since he was old enough. With a twinkle in his eye, Mr. Warren delights to tell of his boyhood when he and "four other girls" composed the Young Men's class in his Sunday school.

The newly elected president of the association is well known throughout the country as one of the best lecturers on Sunday school work. He has seen more clearly than most people the possibilities for good that the Sunday school offers and has done much towards realizing those possibilities.

REV. AVERILL GIVES LECTURE.

Pastor of Trinity Church Speaks on "The English Reformation."

Following the Lenten services held Wednesday evening at the Trinity Episcopal church, Rev. Edward W. Averill, the rector, gave an interesting lecture on "The English Reformation," illustrated by stereopticon views. Beginning with the reign of Henry VIII, conditions were depicted through the subsequent years when Edward VI. won the throne.

Rev. Averill stated that the church was not reformed by Henry but that it began in his reign and was carried to completion during the reign of his successors. Next Wednesday evening Rev. Averill will continue the series of reformation lectures, taking up the progress of the movement throughout the reigns of Queen Elizabeth and Queen Mary.

FORTY-TWO NEW DECISIONS.

Interest in the Pitzer-Upson Revivals at New Haven Increases Daily.

Forty-two persons made their stand for Christ Wednesday evening at the revival meetings at New Haven, conducted by Rev. H. H. Pitzer and Rev. Ray Upson. This brings the total of those who have hit the trail to fifty-three. Four prayer meetings are being held daily and interest seems to increase each day. Rev. Pitzer's sermon theme last evening was "Jonah."

The services Thursday evening will be of special interest as besides the usual crowds which attend each evening over 200 members of the Associated Christian Workers of Fort Wayne will also be in attendance.

East Creighton Avenue Church.

"Phillip and the Eunuch" is the sermon subject of the pastor, Rev. E. H. Clifford, tonight at the East Creighton Avenue Church of Christ in the following evangelistic campaign, which is being held each night. Three were added to the membership last night, and two were baptized. A feature of last night's preliminary song service, which was conducted by Mrs. James E. Swain, was a solo with guitar accompaniment by Edward W. Lenfesty. Tonight is "Shut in Night," and the special committee, of which Mrs. Theodore Weaver is chairman, is planning to have present a number of the "shut-ins" of the church and neighborhood. The service tonight will begin at 7:30 instead of 7:45, and will close promptly at 8:30 so that the old people who are present may not be kept late. Tomorrow night is "Every Member" night of the Junior Christian Endeavor society of which organization Miss Euda Ramsey is superintendent. Reports will also be heard tomorrow night of the trip to New Haven of the young people to attend the Pitzer-Upson meeting, which is in progress there. Tomorrow afternoon's prayer meeting will be held at 1:30 o'clock at the home of E. M. Lenfesty, 2125 Gay street.

Agoga Bible Class Meets.

The regular meeting of the Agoga Bible class of the First Baptist church will be held Friday evening at the home of Albert Polhamus, 824 East Lewis street. At this meeting plans will be made for the Easter services and also for the celebration of the fifteenth anniversary of the class. Several new members will be voted into the class membership Friday evening.

Delivers Farewell Sermon.

Rev. Fred E. Bennett, the evangelist, who has been conducting the services at the Bowser Free Methodist church for the past two weeks and a half, will deliver his farewell sermon, Thursday evening when he speaks on "The Wedding Feast." The service for the service will be held at 7:30 o'clock.

The Third Presbyterian church will hold a get acquainted social for all new members at the church Friday evening. An interesting program has been prepared and refreshments will be served by the Ladies' Aid society.

MALLOY STORE SHOWS MANY LOVELY THINGS

A millinery opening in these days means more than the showing of new styles and beautiful hats. And anyone of the hundreds of women who have this week visited Fort Wayne's oldest and most exclusive millinery store, Malloy's, knows why. There is found the charm of a room with harmonious fittings making a background that nothing interferes with. In a way it is a departure from the old fashioned way of conducting an opening for one or two days. The Malloys began their opening on Tuesday and are keeping it up all the week, with tonight the special evening reception. Because it is a reception of visitors and the lovely long rooms from entrance to the rear are as one woman expressed it, "simply a dream of loveliness." The walls have been papered with a rose paper, solid coloring, that is very soft, and with the rose color hangings, the softly shaded lights and the ornamental arrangement of trailing vines with pink buds placed on high woodwork and lower shelves filled with pink and white tulips and hyacinths, are all as much a matter of good taste as the hats themselves.

As for the hats, everybody knows the refined taste, wise selections and strictly up-to-date "classy" character of the Malloy store. All along the rows of shelves, stacked away in boxes and hidden drawers were hats, big and little hats, black and in varied tints, flashing gay colors or tailored in wonderful new shades of soberer tint, soft crowns, stiff crowns, sailor style or some other quite popular, with ribbons hanging down or bows perched at an airship angle—all stylish, all pretty and many very beautiful, and every hat new. That's the story of what is really the most widely known millinery store in the city. And still another interesting fact in connection with the display of hats and the lovely surroundings for them is that of lower prices. Made in our own country flowers and other materials has cut millinery prices down one-half.

TEN YEARS' MISERY ENDED.

J. T. Chambers, merchant, Jonesboro, Ark., writes: "Foley Kidney Pills cured me of a ten-year standing case of rheumatism. I suffered miserably. A friend told me of being cured; so I used them, and they cured me, too." Most middle aged men and women are glad to learn that Foley Kidney Pills afford a way to escape sleep disturbing bladder weakness, backache, rheumatism, nervousness, urinary troubles and other ailments.

AT THE JEFFERSON.

"Rule G." Thrilling and Realistic.

Without a doubt one of the most uniquely interesting photoplays issued by the Paramount Corporation is this infinitely thrilling and interesting "romance of the rails"—"Rule G." For genuine realism this picture has probably never been eclipsed the scenes laid in and about the railroad yards fairly breathing realism.

"Jack Chanty," a brilliant five part release, featuring Max Figman and Lolita Robertson, is the attraction listed for tomorrow.

Either Way-- Drugs Are Harmful!

If a coffee drinker, have you stopped to think that, with every cup of coffee, you are taking from two to three grains of caffeine, a slow, but powerful drug?

According to medical authorities, caffeine is a cause of nervousness, heart trouble, indigestion, constipation and other ailments. It's a cumulative drug, and what's more, a habit-forming drug.

Sometime, when the coffee-drug gets in its licks, you'll realize the harm it does; but wouldn't it be better to avoid trouble—stop coffee now and use Postum.

It is a pure food-drink, made from selected wheat and a little wholesome molasses, carefully roasted, ground and skillfully blended. This gives it a snappy taste much like that rich, old Java, but Postum is absolutely free from caffeine, or any other harmful ingredient.

Postum comes in two form.—Postum Cereal—requires boiling—15c and 25c pkgs.

Instant Postum—a soluble form—no boiling required—made instantly in the cup with hot water—30c and 50c tins.

The difference is only in the form. Both kinds are equally wholesome and delicious and the cost per cup is about the same. Be sure to ask for the kind you want.

THOMAS TOLAN IS SUED FOR DIVORCE

Gets Injunction to Keep Him Away, But He is in Jail for a Spell.

Nina Tolan has brought suit in the circuit court against Thomas Tolan for divorce and has procured an injunction restraining him from molesting her, expressing fear that he will do her bodily harm. There is no occasion for immediate fear on this head, however, for Husband Tolan is in jail awaiting trial on a disorderly charge with a good chance of hanging up his hat for quite awhile in Allen county's well-known bastille. Mr. Tolan was arrested Wednesday night, a few hours after release from jail on an expired sentence, when he was caught trying through the medium of a back window to call on a lady. Mrs. Tolan in her complaint says she and Thomas were happily married one January 18, 1914. Then, just to get the ironic laugh on Cupid, Hymen, St. Valentine and other more or less mythical instigators and patrons of love affairs, February 14, 1915, was picked and chosen for the time of the break-up and on that day and date Nina and Thomas began to paddle their own canoes. She says he has subjected her to cruel and inhuman treatment, struck her, called her vile names and wholly failed to provide.

Wife Charges Adultery.

In a divorce complaint in the circuit court by Elnora Carpenter against Amaril Carpenter, the plaintiff accuses the defendant of the crime of adultery at a time and with a person unnamed. They were married in 1903 and separated last month. She asks the custody of three children, aged respectively 11, 9 and 7 years.

Also Gets Poodle and Puppies.

Judge Yapple in the superior court has granted a divorce to Zella Ritter from Arthur Ritter and in a long list of chattels of which ownership is given to her are a French poodle bitch and four puppies. She also gets a minor child and \$10 a month for support.

Notes of the Courts.

The superior court has granted Elizabeth Laughrey a divorce from William Laughrey and her maiden name, Elizabeth Ryan, has been restored.

The circuit court has postponed to April 29 trial of the suit of Grigor Nicoloff vs. the Fort Wayne and Northern Indiana Traction company for damages.

Otto Johnson, an Allen county farmer, has brought suit in the circuit court against Frederick Gaskins and the Fort Wayne-Auburn Automobile company for \$400 damages, alleging there was fraud in a transaction by which he traded a team of horses to the defendants for an automobile. He says he was to be given a Lyons automobile in exchange for the horses and that when the car was driven to his home it was found to be an old, wormout and almost useless machine. He says he refused to receive the car and ordered one Baker, who drove it to the Johnson farm, to take it back. Baker made a pretense of doing so, says the complaint, but when Johnson returned to his field, Baker came back and put the machine in Johnson's barnyard.

In the superior court Frank L. Griley has brought suit against Charles and Ella Ashbrook to foreclose a mortgage, demanding judgment for \$7,000.

The receiver in the case of Samuel Meeslin vs. the Fort Wayne National Furniture company has filed a report in the superior court showing a balance of \$2,040.26 on hand and has also filed a petition to sell the residence of the defendant. The case has been in the court for a long time.

An order restraining the plaintiff from disposing of his property has been issued in the superior court in the case of John W. Wolcott vs. Amanda Wolcott, for divorce. They are an aged pair and have been married half a century.

The superior court has ordered the Snyder ditch in Springfield township established.

Judge Eggerman, in the circuit court, spent a whole forenoon hearing Charles Anderson's reasons for wanting custody of a minor daughter and then denied the petition and taxed the costs on the petitioner, whose wife, Minnie Anderson, has pending a suit for divorce.

LEARNED TO WED.

David J. McLaughlin, farmer 37, and Mary McLaughlin, 35, were married.

WILL HELP SEWER PUMP IN LAKESIDE

Two Sewers in That Region Among Four Board Will Order Built.

Two sewers in Lakeside that are among four for which the board of works will pass resolutions Thursday night are expected to greatly improve the efficiency of the sewage pumps recently installed in that part of the city by reason of the increased flow they will carry to the pumping plant. One sewer is in the alley between Tilden street and Columbia avenue, from Morton to the alley west of Anthony boulevard and the other in the alley between Columbia and Edgewater avenues from Morton to the alley west of Anthony. Two other sewers are in the south part of the city.

TO RECEIVE PAVING BIDS.

With Open Specifications for Asphalt Board Will Get Proposals.

The principal business of the board of works at Thursday night's meeting will be to open bids for the paving of eight streets. Lively bidding is the expectation for the specifications have been thrown open to permit proposals on any kind of asphalt that will come up to the standard test in the city testing laboratory. There is a belief in the city hall that asphalt bids will be cut materially below the average for last year and that the city should obtain this type of pavement on streets whose property owners favor it, cheaper than it has ever been put down here. Proposals will be received for paving Smith, Warsaw, Harmer, Taylor, Whit, Jones and Boone streets and Savilla avenue. The specifications admit asphalt, brick, concrete and the asphaltic composition pavements.

ASKS FOR APPRAISERS.

City Attorney Colerick on Thursday petitioned the circuit court to appoint appraisers to determine the value of the Hoffman house that was condemned and acquired by the city in the proceedings for the opening of Sherman street. The building will be sold and removed from its present site.

UNDER A NEW LAW.

Under a law of the recent legislature the Fort Wayne health department has inaugurated the practice of fumigating all houses in which there has recently been mortality from tuberculosis.

MUST PAY OR BE SUED.

City Attorney Colerick has been furnished by the city controller with a list of property owners who are delinquent in their assessments for public improvements in street and alley openings, and after giving one notice to pay will bring suit for collection against all who persist in delinquency.

TAKE LONG STRETCH OF GERMAN TRENCHES

(Continued from Page 5.)

Germany, as embodied in an order in council, was signed today by King George.

The king signed the order during a session of the privy council at Buckingham palace. Details of the plan have not yet been made public, but the order will be gazetted shortly.

Premier Asquith announced in the house of commons on March 10 that Great Britain and France, in retaliation for Germany's submarine warfare against British shipping, proposed to stop all trade to and from Germany.

BERLIN'S REPORT ON WAR.

Berlin, March 11.—The German war office today gave out a report on the progress of the war dated March 11, which reads as follows:

"An English aviator has thrown bombs on the town of Menin, in West Flanders. Only one of his missiles exploded and this killed seven and wounded ten Belgians.

"The British yesterday attacked the German positions near Neuve Chapelle. At some points they entered the village. The fighting here still continues. The British advance near Givenchy has been repulsed.

"In the Champagne district the French have delivered two attacks against the positions in the forest east of Sonain which they lost to us the day before yesterday. Both these attacks were repulsed, and the losses of the enemy were heavy.

"In the Vosges the conflict on the Reichsloppert was resumed yesterday.

"To the west of Seric (to the north-east of Augustow) we took 600 Russian prisoners and captured three guns and two machine guns.

"A fresh Russian attempt to break through the German lines to the south of Augustow resulted in the annihilation of the Russian forces used in this endeavor.

"In an engagement northwest of Ostrelenska the Germans were victorious. Six Russian officers and 900 soldiers were taken prisoners, while eight machine guns were captured.

"The German attacks to the north and to the northwest of Przasnysz have made further progress.

"In the fighting to the northwest of Novomjasto 1,660 more Russian prisoners have been made by us."

WAR AGAINST FLOOD STARTS

(Continued from Page 1.)

mittee in investigating and determining the outside boundaries of the proposed drainage district and that a report upon this phase of the work should be completed by April 1.

3. It was decided that in view of these steps for the establishment of a drainage district and the creation of a flood commission which will investigate flood conditions and build general flood prevention works the construction of all local flood works by either the city or the county shall cease until it shall be determined whether or not such works are necessary and will fit into and become a useful and effectual part of the general plan.

Meeting Prepares to Make Speed.

That the flood prevention committee is resolved upon speed and material results at the earliest possible day was clearly indicated by the motion which calls for the report on the proposed flood boundaries by April 1, when the committee will hold a meeting, act on the report and prepare to take the steps necessary for the creation of a flood district.

When the boundaries of the proposed district have been determined it will be necessary, under the law, for Allen county to procure to a petition asking for such a district the signatures of a majority of the freeholders in such district. This petition must be taken to the judge of either the superior or circuit court who, after determining that such petition bears the names of a majority, must enter an order declaring the establishment of the drainage district. When this is done the members of the city board of works and the members of the board of county commissioners, by law, become a joint-commission of the city and county for the prosecution of such flood prevention works as may be decided upon.

Puts Stop to Localized Projects.

The motion adopted to the effect that all local flood works shall be stopped means, among other things, that no further steps will be taken by the city for the improvement of the Maumee river dike along Lakeside and that the project for constructing a concrete wall two feet high along the St. Joe river side of St. Joe boulevard, from Columbia avenue to State street, will be abandoned.

General flood prevention works such as are embraced in the tentative plans of the two bodies that in due time will become the joint-commission will make these works that are wholly local to Lakeside altogether unnecessary. It is designed to remove from the Maumee river within and below the city certain obstructions that according to Engineer A. W. Grosvenor's report on flood prevention, cause at least a two-foot rise of the rivers on the Lakeside fronts and subjected that part of the city to its disastrous inundation two years ago this month.

Moreover, the proposed wall has aroused the hostility of exposed sections west of the St. Joe river along that stream and the St. Mary's and they have consistently threatened to stop the consummation of proceedings for the wall on the ground that while it may protect Lakeside, it will make conditions vastly worse to the west.

No Time Will Be Lost.

It was stated at the meeting that just as soon as it had been determined what the drainage district boundaries would be, work would immediately begin to procure the signatures to a petition for establishment of the district. These petitions will be circulated in Lakeside, Spy Run, Bloomingsdale, Nebraska, the low territory in the city south of the St. Mary's river and in districts more remote, where flood prevention measures will confer benefit. It is believed that no great difficulty will be encountered to obtain a sufficient petition.

If the plan in mind do not miscarry there will be an established drainage district and joint drainage board.

Look to Wolf & Dessauer's for the New-est Apparel

Women who look to this store for the finest showing of the new things will, as usual, not look in vain. Now, more than ever, we are ready with a superb gathering of those modes which have passed Fashion's censorship. There's no experiment in making selections at Wolf & Dessauer's, for nothing is shown but what is absolutely authentic. Every garment is representative of a type—not of what may be good—but what will be good—correct in every particular.

Dainty Little Dresses for Confirmation

Never have makers of children's clothes turned out such lovely things as are now being shown on Second Floor. Particularly dainty and beautiful are the little white dresses designed for confirmation—made of fine organdies and lawns, and trimmed with exquisite laces and embroideries. The prettiest of these are made in French style, with pleated skirt and wide crushed girdles. In sizes from 8 to 15 years. Priced at

General Rule Applied.

The general rule that has been applied is that a belligerent war ship must take its prizes into port unless there are uncontrollable reasons like unseaworthiness, lack of prize crew, danger of capture or the presence of a crew, which would make certain its condemnation by a prize court. The commander of the belligerent vessel must preserve the neutral ship's papers and bring them to a prize court for the entering of a decree. In the Russo-Japanese war the United States protested to the Russian government against the sinking of the British steamer Knight Commander, with an American cargo, in far eastern waters. The crew testified that the vessel had been sunk for want of coal to proceed to Vladivostok and the United States considered that the sinking of the vessel was not justified by the facts that there was contraband of war aboard.

The fact that wheat is conditional contraband, that a ship would be liable to condemnation only if it were proved that its cargo was destined to the belligerent forces of an enemy and that no opportunity was afforded for the furnishing of evidence, make officials believe that the case of the United States against Germany is a strong one.

AWAITING DECISION.

Washington, March 11.—Officials of the United States government today awaited a decision by the neutrality board on problems arising from the destruction of the American sailing ship William P. Frye by the German converted cruiser, Prinz Eitel Friedrich now at Newport News, before deciding on what action to take.

An immediate decision by the board was looked for the question of how long the raider might remain in port to undergo repairs and what disposition should be made of the more than 300 survivors of the various ships she had captured. Every indication it was said led to the belief that the cruiser's captain would elect to intern the ship until the end of the war. Captain Boy-Ed, naval attaché at the German embassy, was reported to be on his way to Newport News to confer with the German captain on this point.

Official Washington stated that the sinking of the Frye, if not held to be a violation of neutrality, would be a violation of the laws of nations.

The American national vessel was friendly act which must result in diplomatic exchanges with Germany. If the destruction of the Frye was considered an unfriendly act it was understood the United States probably would seek the usual honorable amends as well as reparation for the owners.

Since the warship and her officers are under the jurisdiction of the United States owners of the Frye and her cargo can institute libel proceedings to recover for loss of their property.

Puts Germany in Dilemma.

Whether the action of the captain of the Prinz Eitel has not placed his government in a dilemma by sinking the American grain ship William P. Frye, was much discussed in official quarters. Assuming that the Frye's cargo was not consigned to the British government one view is that the German government either must repudiate the action of Captain Thierichsen and pay for the Frye and her cargo, or withdraw its protest to the state department against the British assumption to the right to seize food cargoes bound from a neutral country like the United States to the civilian population of Germany.

It was believed possible that Germany might seek a middle course by adopting the British view that goods shipped "to order" are not entitled to the same exemption from seizure or detention as those consigned to some individual or firm. That, however, is directly opposed to the American contention, strongly set out in a number of notes exchanged with the British government early in the war in relation to copper shipments still maintained.

Though the Prinz Eitel Friedrich is now a German national vessel and on the same footing as a full fledged man of war it is held by some state department officials that being in American territorial waters her commander cannot legally hold a single prisoner, not a member of his own crew. Therefore if he has detained aboard ship four British-French prisoners because they refused to promise not to bear arms against Germany, port authorities at Newport News may demand their release as soon as their attention is directed to the facts, probably by one of the embassies here or by consular officers at Norfolk.

preceding witnesses. Mr. Stanley, in each case, has been overruled and noted an exception.

Told Him to Go Ahead.

Holler said Hines told of a plan to take a number of men from Danville, Ill., to Terre Haute for registration purposes and Holler told him to go ahead.

Going back to the filling out of the registration applications from each house the names of additional persons, Holler said:

"We, American national vessel was friendly act which must result in diplomatic exchanges with Germany. If the destruction of the Frye was considered an unfriendly act it was understood the United States probably would seek the usual honorable amends as well as reparation for the owners."

defendant on trial. "Roberts told me,"

Holler testified, "to take them to the boat and he would give them out to the floaters on registration day." Holler also told about the work on registration day, declaring that Hilton Redman, a defendant, procured many of the machines used. Some of the machines were owned by the city, he said. He said he saw Talbot pay some of the repeaters \$8 for the first day's work.

Holler told of visiting a number of saloons where he said applications for registration were being made out illegally. In Frank Hess' saloon he said he and his wife both were filling out blanks and these were being given to men to register.

The witness was excused to be recalled later and the defense elected to wait until the examination was completed before cross-examining him.

Ernest Silvers, another of the 88 who had pleaded guilty, corroborated a statement by Holler that he had handed the police chief a card on which was written "O. K. Donn," and that Holler gave him work as foreman of "a gang of repeaters" on registration day. Silvers said Roberts gave him the card. Silvers detailed at length his activities on the three registration days.

He said George Woodall, a defendant, drove one of the cars; that one car was furnished by Joseph O'Mara, street commissioner and a defendant; that William S. Crockett, city cemetery employee and a defendant, accompanied him at one precinct and asked about the men he had in charge; that Alexander Acel, alias Steel Hasting, inspector and defendant, rode in the car for a time and that George Sovern, another defendant, paid the men with him who registered in precinct A of the First ward.

Silvers testified that the men with him the first day received \$5 and less on the second day. On the third day, he asserted the men were paid at the rate of 25 cents for each registration and some received \$6 and \$7. Silvers was excused to be called later.

TELL OF DEVISUO METHODS.

Indianapolis, March 11.—More government witnesses were expected to testify today as to the preparation of registration applications at the city hall in the trial in the United States district court here of twenty-eight Terre Haute men charged with conspiracy to corrupt the election last November.

United States District Attorney F. C. Dailey in his opening statement said there were two separate plans for corrupting the election. These he designated as the city hall scheme and the saloon plan. He said they were so named for the reason that in one all the alleged false registration blanks were prepared and sent out from the city hall and in the other the registrations were made from saloons.

The latter scheme was confined, Mr. Dailey said, to precincts A, B and C of the Sixth ward, while the saloon scheme was confined to the other precincts.

"We, American national vessel was friendly act which must result in diplomatic exchanges with Germany. If the destruction of the Frye was considered an unfriendly act it was understood the United States probably would seek the usual honorable amends as well as reparation for the owners."

More bailiffs were on hand this morning to prevent a rush for seats similar to that of yesterday when the crowd almost got away from the court attaches. The number of seats in the room is limited and no one is permitted to stand.

"When I ran out of cards," testified Walter Cordes, who said he was appointed clerk in the city engineer's office by Roberts, in telling of making out registration applications in a room in the city hall, "I made men out of my imagination. I gave them a name, an age and set out the place of their birth."

He said he made out several hundred applications, and so far as he knew, not one of them was for a real man.

FIRST GUNS CAUSE PANIC.

Wealthy Fleeing Constantinople in Fear of Capture.

Geneva, March 11.—The first guns fired by the allied fleet in the Dardanelles stopped all business in Constantinople and was the signal for a panic, according to Swiss travelers who have arrived here from the Turkish capital by way of Brindisi. They declare many wealthy families are fleeing for abroad. Constantinople is said to be full of officers, including Germans, comparatively few troops, most of them artillery men, who are going to the front. There are persistent reports in the capital that a large army soon will arrive from Adrianople.

BIG SEAT SALE FOR SECOND TOURNAMENT

Several Special Competitive Drills Have Been Arranged.

According to the advance seat sale the second annual military tournament at the Concordia college gymnasium Friday evening will be well attended. All seats will be reserved and tickets have been placed on sale at a number of places in the city. This tournament has attracted much attention, as it is a new mode of entertainment and because the first tournament held last year proved such a success.

The program Friday evening will be a strictly military one between the different companies of the battalion. Special competitive drills have been arranged between the different companies, sergeants, corporals, privates and recruits. The athletes of each company will be given an opportunity of displaying their prowess in a relay race and a wall scaling competition. The battalion will march in review and will have a salute to the colors. Extra seats have been erected during the last few days so that a large number of spectators can be accommodated. The gymnasium will be well heated. The program will begin promptly at 8 o'clock.

MUCH GLOOM AMONG PHILADELPHIA FANS

Most Optimistic Fan Cannot See World's Series for Either Team.

Philadelphia, March 11.—The well known depths of despair hit Philadelphia's hopes for a pennant this season. Even the most optimistic fans cannot see themselves standing in line for world's series duets next October. Both teams have had the severest shakeups this winter in their history, and only a miracle can bring either of them to the tape ahead of fourteen other teams.

The disintegration of the Athletics' famous machine is the hardest blow. Philadelphia fans had come to look upon a world's series as an annual affair with Philadelphia one that was theirs by divine right, or something of that sort, and the crash that shot the famous aggregation into history shook them to their toes.

The justly famous "100,000 infield" now looks like 29 cents—some of the more belligerent even assert the three should be erased. The famous "Barry to Collins to McInnis" that figured daily in the box scores is gone. Quaker fans began to sit up and take notice when Bender and Plank, the two men who have brought pennants to Philadelphia, year after year with their sterling performances, were gone. Then came the Collins deal. That left their hopes stunned a bit more. Before they had time to recover Frank Baker, king bee swatter of all world's series, announced he was through. That was the proverbial last straw.

Mack is now back where he was five years ago. True, he still has Barry and McInnis, but the pair seems like the skeleton of a once solid structure. The addition of Larry Lake is going to help some, but the veteran is slowing up; he had a bad year last season with the Naps and he is viewed with some skepticism. Kopf, the little utility infielder, will try to fill Baker's shoes at third, but is woefully weak. He only batted .182 in 34 games last season.

Mack had his old outfield to begin with again—Strunk, Oldring and Murphy. He is well fortified behind the plate with Lapp and Schweg, but his pitching staff should cause him some worry. Bush, Knuck, Wyckoff, Shawkey and Bressler do not stack up favorably with Grege, Wood, Leonard, Collins and Foster combinations which Boston boasts of, nor the Cioetti, Scott, Benz, Russell and Faber contingent upon which White Sox fans rest their hopes.

Another thing which is undoubtedly going to have an effect on the team. That is the absence of the four old stars. They are going to feel strange facing the enemy without them—that old confidence and cock-sureness that won them many games isn't going to be there.

CAUTION IS URGED.

Golfers Are Asked Not to Tear Up Links Any More Than Possible.

The following note of caution has been sent out by President Ward L. Witt and the members of the greens committee of the Country club: "We are urging you, friend golfer, to have a care while on the links this early in the season. The ground is soft and it is an easy matter to tear up considerable turf while making a shot. If you are thoughtful now and replace all your divots, however, the course is bound to profit and you will be surprised at the good results later on in the season."

BASEBALL SEASON TO OPEN APRIL 21

Fort Wayne is Staged to Play First Home Game on April 27.

The season of 1915 of the Central league will open on April 21, according to the schedule just completed by the committee in session here for the last two days.

Fort Wayne will open the season at Terre Haute and a week later, April 27, the opening game will be played in this city with Terre Haute.

The season will open as follows: Youngstown at Wheeling, Erie at Dayton, Grand Rapids at Evansville, Fort Wayne at Terre Haute.

The opening dates for the other four towns on April 27 are as follows: Dayton at Youngstown, Wheeling at Erie, Evansville at Grand Rapids, Terre Haute at Fort Wayne. The schedule will not be released until March 20.

The committee completed its work Thursday after revising the constitution of the league, made necessary by the addition of new cities.

All difficulties having been satisfactorily removed and everybody feeling happy and boosting for the success of the league, President Heilbroner is very optimistic regarding the coming season. There is every reason to believe that the season of 1915 will be the most successful in the history of the league.

Members of the committee in charge of the schedule were President Heilbroner, of Fort Wayne; Harry Stahlfer, of Evansville; Tom O'Connor, of Erie, Pa., and Elmer Redelle, of Dayton. All the members of the committee were present with the exception of Redelle.

The Broad Way Leads to Goodyear Tires

Try it a little while. It has carried some 400,000 motorists to the haven of content. It is traveled by more users than has any other tire. That has been so for years.

We can't win you to Fortified Tires by asking you to try them. The tires themselves must win you.

But our plea is that you should try the tires that countless men found best. There must be a reason as you know, why Goodyears dominate like this. Last year men bought about one Goodyear for every car in use.

Men Like You

This Goodyear army is composed of men like you. They want quality, safety, endurance. They want trouble-saving and low cost per mile.

Goodyears best met these wants. They met them because they are Fortified Tires.

In five costly ways, employed by no other maker, they offer unique protection. They combat five troubles—rim-cuts, blowouts, loose treads, punctures and skidding—as is done in no other tire.

Price Reduction

On February 1st we made another big price reduction. That makes three reductions in two years, totaling 45 per cent.

Today Goodyears, more than ever before, offer you most for the money. They offer you the utmost possible in tires, measured by cost per mile.

Doesn't their top place prove that? The following Goodyear Service Stations will supply you

ENGINEERS PREPARE TO LEAVE THE CITY

Survey is Practically Completed for Toledo to Chicago Canal.

The engineers who have been working for the past few months on the proposed Toledo, Fort Wayne and Chicago barge canal are nearing the end. On Monday a majority of them will "quietly fold their tents" and leave the city. Captain L. H. Watkins has notified them that after that date their services will no longer be needed. Many of them are now looking for new jobs. A few of the engineers will remain until April 1, when Captain Watkins expects to have his report entirely finished and ready for the army board. He is now working night and day on it and unless the unforeseen happens by the first of the month he will be ready to "lock up shop."

Without doubt the office of the government engineers is now the busiest place in Fort Wayne. There is much work to be done and it must be done by a certain time.

Members of the board of army engineers will make an exhaustive investigation of the report and will doubtless make a trip over both of the routes in an effort to determine which one is the most feasible. If the report passes the army board—and there will no doubt be several alterations—it will then be presented to congress for final action. Whether the proposed waterway is ever a reality there is much difference of opinion. That it is feasible is a certainty and so far as the water supply is concerned that much is also certain.

The report that is to be made on the commercial value of the canal is equally as important as the report to be submitted by Captain Watkins. This report is now being prepared by Major P. S. Bond and Malcolm R. Sutherland, junior engineer, which will be submitted to the army board at about the same time as the report on the survey.

TO ASK FOR FUNDS FOR A MILK DEPOT

With the success of the baby milk depot which was inaugurated in Fort Wayne last summer and which received the endorsement of the city board of health, in mind and the great good which it accomplished, Rev. Henry B. Master, rector of the First Presbyterian church, will ask the session of the church at its next meeting in a few weeks for an appropriation so that a similar station can be operated this year at the church. It will not be run as a municipal depot or under the auspices of the medical society but will be sanctioned by both.

At the close of depot last year, the idea was advanced by many to make this institution a municipally owned one and to be conducted by the city board of health, but existing conditions have prevented such for this year and without a doubt the officials of the First Presbyterian church will vote to supply funds for this depot as several members of the session have expressed their opinion in favor of it.

If the money is allowed, as was the case last year, the depot will be conducted at the church and an efficient corps of doctors will again take charge of the examination and prescriptions for the babies. An effort will also be made to have a trained nurse at the church throughout the summer.

In reviewing the work at the close of the station last year a number of physicians stated that they were of the opinion that the infant mortality which is usually very great during the summer months was greatly lessened in this city on account of the work for the babies.

ASKS GOVERNOR TO SIGN IT.

State Board of Education Urges Teachers' Pension Bill.

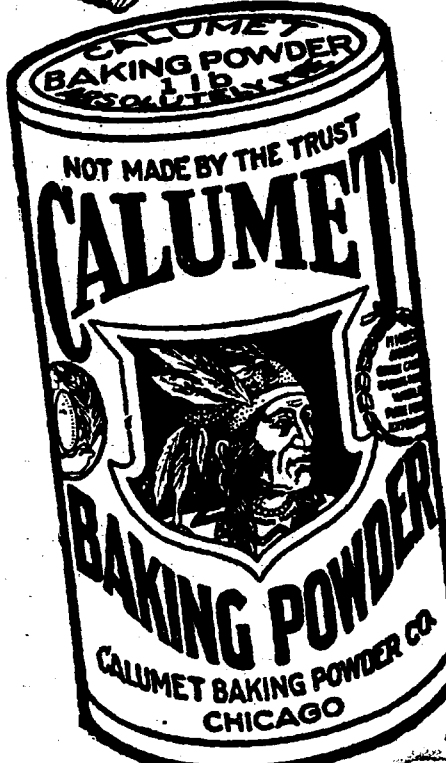

Indianapolis, March 11.—Governor Ralston was urged in resolutions adopted by the state board of education to sign the teachers' pension bill, passed by the last legislature. The measure is in the governor's office but has not been recommended for and the governor has not declared what course he will pursue in the matter. A committee of the state board called on the governor to urge him

to sign the bill. The measure would provide a retirement fund for teachers' pensions.

Governor Ralston is said to be opposed to the portion of the bill which provides that the tuition fund may be drawn upon to make up deficits in the pension fund. Besides the teachers' bill, six other measures are yet to be disposed of by the governor.

The annual meeting of the Germania Park association will be held at the Commercial club, Thursday evening. The stockholders will elect directors for the coming year.

COMPOSER OF BIG MUSICAL HITS HERE

Of course you've heard "Pick a Chick," one of the big musical rages of the day, now being featured by the Elks band in Fort Wayne and by other musical organizations over the country. Well, the composer is in town, but he is minus the long hair and the cadaverous appearance usually supposed to be associated with musical genius. On the contrary, he is a young live-wire business man who travels out of New York, selling so prosaic and unromantic a product as underwear, and he has been visiting Fort Wayne merchants at frequent intervals for some years.

He is Mel B. Kaufman, who took up music as a diversion and admits that it has become a hobby with him. He has produced a good many other big instrumental hits, among them being "Come Across" and "Bing Bing." Many of Mr. Kaufman's catchy numbers are being used by the Castles in their special dance numbers.

TO BE SHIPPED TO HIS OLD HOME

Remains of A. Tempest to
Be Taken to Monongahela
City for Burial.

Aaron Tempest, the father, and Wardell Tempest, the uncle of Charles A. Tempest, who was fatally injured by a fall down stairs at the Pennsylvania shops Tuesday night, arrived here early this morning and assumed charge of the remains, which will be shipped on Pennsylvania train No. 8 at 7:50 o'clock to night for Monongahela City, Pa., the home of the family, where the funeral will be held. The remains can be viewed at the undertaking parlors of Getz and Cahill this afternoon, between the hours of 4 and 6. A post-mortem examination by Dr. Budd Van Sweringen last night revealed the fact that death was due to peritonitis resulting from a punctured bowel. The deceased told Dr. Van Sweringen and some of his shop friends before he was taken to the operating room at St. Joseph hospital that in descending the stairs one of his feet caught in the leg of his overalls and tripped him, causing him to fall four or five steps. He was operated upon at 10 o'clock and died an hour after the operation. Machinist Tempest was 26 years old November 6 last and was unmarried. Surviving him are the father and mother, Mr. and Mrs. Aaron Tempest, three brothers and four sisters, and an uncle, Wardell Tempest, all of whom reside at Monongahela City. The young man came here and took employment at the Pennsylvania shops last September working in the day truck until last week, when he was shifted to the night gang.

CAR BUILDING MORE ACTIVE.

Railroads Placing Big Orders with the Car Shops.

(Pittsburgh Dispatch.)
It would seem from the large number of railroad equipment orders being received by steel companies and car building concerns that the buying of equipment by railroads, long suspended, is now in full swing. Last week the railroads bought about 65,000 tons more rails, and already this week steel companies of the Pittsburgh district report increased inquiries, with good prospects of some large contracts. Car buying is becoming more pronounced daily, builders say. Nearly every railroad in the country has participated in the car buying movement and up to date the orders aggregate many millions of dollars.

Conspicuous among the car orders just reported are the following: Atchafalaya and Santa Fe, 700 box cars and 200 tank cars; Union Pacific, 750 stock cars; Baltimore and Ohio, 1,000 box cars and 1,000 hopper cars; Illinois Central, 1,000 refrigerator cars; Philadelphia and Reading, 10 coaches and 15 combination cars; United Coal company, 1,000 repair cars; Spang, Chalfant & Company, 10 flat cars and 5 gondolas; Grand Rapids & Indiana, 6 coaches; Erie railroad, 500 repair cars; New York, Chicago & St. Louis, 200 repair cars; Chicago, Burlington & Quincy, 1,200 box cars and 300 stock cars; Kansas City Electric railway, 50 street cars; Vernon Coal and Coke company, 100 mine cars; Mather Stock Car company, 500 stock cars; W. S. Forbes & Company, 2 tank cars; Interborough Rapid Transit company, 12 suburban cars; Boston & Maine, 6 postal cars; Long Island railroad, 20 passenger cars; Delaware, Lackawanna & Western, 5 postal cars; Chicago & Milwaukee Electric railway, 15 passenger cars.

A considerable part of these contracts have been awarded to the Standard Steel Car company and the Pressed Steel Car company of Pittsburgh.

There is not much doing in the way of building locomotives, however. Last week, so far as announced, only one order was placed for locomotives. The St. Paul ordered from the General Electric company nine 260-ton electric locomotives for use on the second engine division of the new electrical line from Three Forks, Mont., to Harlowton.

RECEIVES ANOTHER BOOST.

Co-operative Store Project Moving Towards the Goal.

At the second mass meeting in the interest of the proposed Fort Wayne branch of the Co-operative store last night, held at the Majestic, the movement was given a very substantial boost, when in the neighborhood of \$5,000 worth of stock was subscribed. The total sales now approximate \$30,000, only about \$15,000 short of the figure set for the capital stock. Arrangements have been made for the entire "booster" committee to meet at Unity hall, corner of Holman and Calhoun streets, at 8 o'clock Saturday night and the initial meeting of the stockholders will be held Monday night, March 22, probably at the Unity hall also. The attendance at the meeting last night was good, all of the seats in the lower part of the theater being filled and a number in the balcony occupied. Chairman P. E. Bell, of the booster committee, presided, introducing first President Joseph D. Shaw, of the Fort Wayne Federation of Labor, who made a speech. E. S. Phillips, manager of the Co-operative company, then spoke, explaining fully the working of the movement throughout the state. In the canvass for stockholders the Ninth ward boosters lead the list. They will hold a meeting in Miller's carpenter shop, on High street, this evening.

MOVING TO A FARM.

Frank Schuller, the Moulder, Buys Tract of Land.

Frank Schuller, a car wheel moulder at the Bass foundry, resigned this morning and is packing up his household effects and making other preparations for moving onto a farm near Antwerp, O. He has secured 100 acres of good land there and will make it his future home. Mr. Schuller has been at the Bass foundry about fifteen years, learning the trade there and working in the car wheel department ever since except for a brief period, when he was engaged in other work. He is regarded by Superintendent Granau and General Foreman William Klingman as one of the best men in the shops.

WILL HAVE SEWING PARTY.

Another of the pleasant parties given at the hall at the corner of West Main and Cherry streets under the auspices of Nickel Plate division No. 513, Grand International Auxiliary to the Brotherhood of Locomotive Engineers, will be held Friday afternoon between the hours of 2:30 and 4:30. Mrs. T. E. Short, the president, and Mrs. Walter O. Grainger, secretary, are sending out notices and hope to have a big crowd. This social is open to the public and a general invitation is given and a request made that the guests bring their sewing or fancy work. The committee in charge of the social is composed of Mrs. W. O. Grainger, Mrs. Marion Teagarden, Mrs. John Bottger, Mrs. William Hasel and Mrs. F. C. Cooper.

TO START Y. M. C. A. CAMPAIGN.

Believe people who are interested in the Y. M. C. A. in that city are about to start a membership campaign. The Nickel Plate has been a liberal contributor to the Y. M. C. A., increasing the amount of its first pledge, when it became evident that money was needed, but the citizens of the town, the friends of the association, say, have not done their share and they are now to be "stirred" up. The membership, which at one time was 400, is now only 200, and the greater portion of these are Nickel Plate employees.

CHICAGO GRAIN AND PROVISIONS.

Chicago, March 11.—Wheat prices weakened today in sympathy with a decline at Liverpool. The outlook for larger shipments from Argentina counted against the bulls and so also did the outlook for progress in the opening of the Dardanelles. Opening prices varies from 5c to 2c off and were followed by only a moderate reaction.

The close, however, was weak at 1/2c down to 3/4c compared with last night. Corn rallied after an early sag, due to the downturn in the wheat market. After opening 5c to 1/2c lower, the market ascended to above last night's level. The close was unsettled at a shade to 1/2c above last night.

Comparative strength was shown by oats. Signs of a substantial shipping demand were in evidence. Larger receipts of hogs throughout the west had a depressing effect on provisions. Packers were free sellers, especially of lard.

THE DAY ON WALL STREET.

New York, March 11.—Irregularity was again the feature of the stock market in today's early trading, with nominal price changes. Leading shares were either lower or at a standstill, while the speculative specialties and the inactive group denoted further pool manipulations. American Smelting was the only prominent stock to show a gain of more than a slight fraction, advancing three-quarters of a point. Prices manifested a hardening tendency later. London's range for Americans was generally under yesterday's close.

Prices continued to improve after the initial period of uncertainty, traders taking courage from the successful outcome of the state bond sale and announcement of more gold imports from the orient, which now amounts to a substantial sum. Shares of eastern trunk lines were in moderate demand, Erie issues rising concurrently with the offering of the new \$10,000,000 5 per cent. extended notes.

Automobile shares and low priced railroad stocks were bought in the late dealings. Profit taking occurred in Steel and other favorites. The closing was firm.

MOST DOCTORS HAVE "DOPE" PATIENTS

Much Distress as Result of New Law Pertaining to Narcotics.

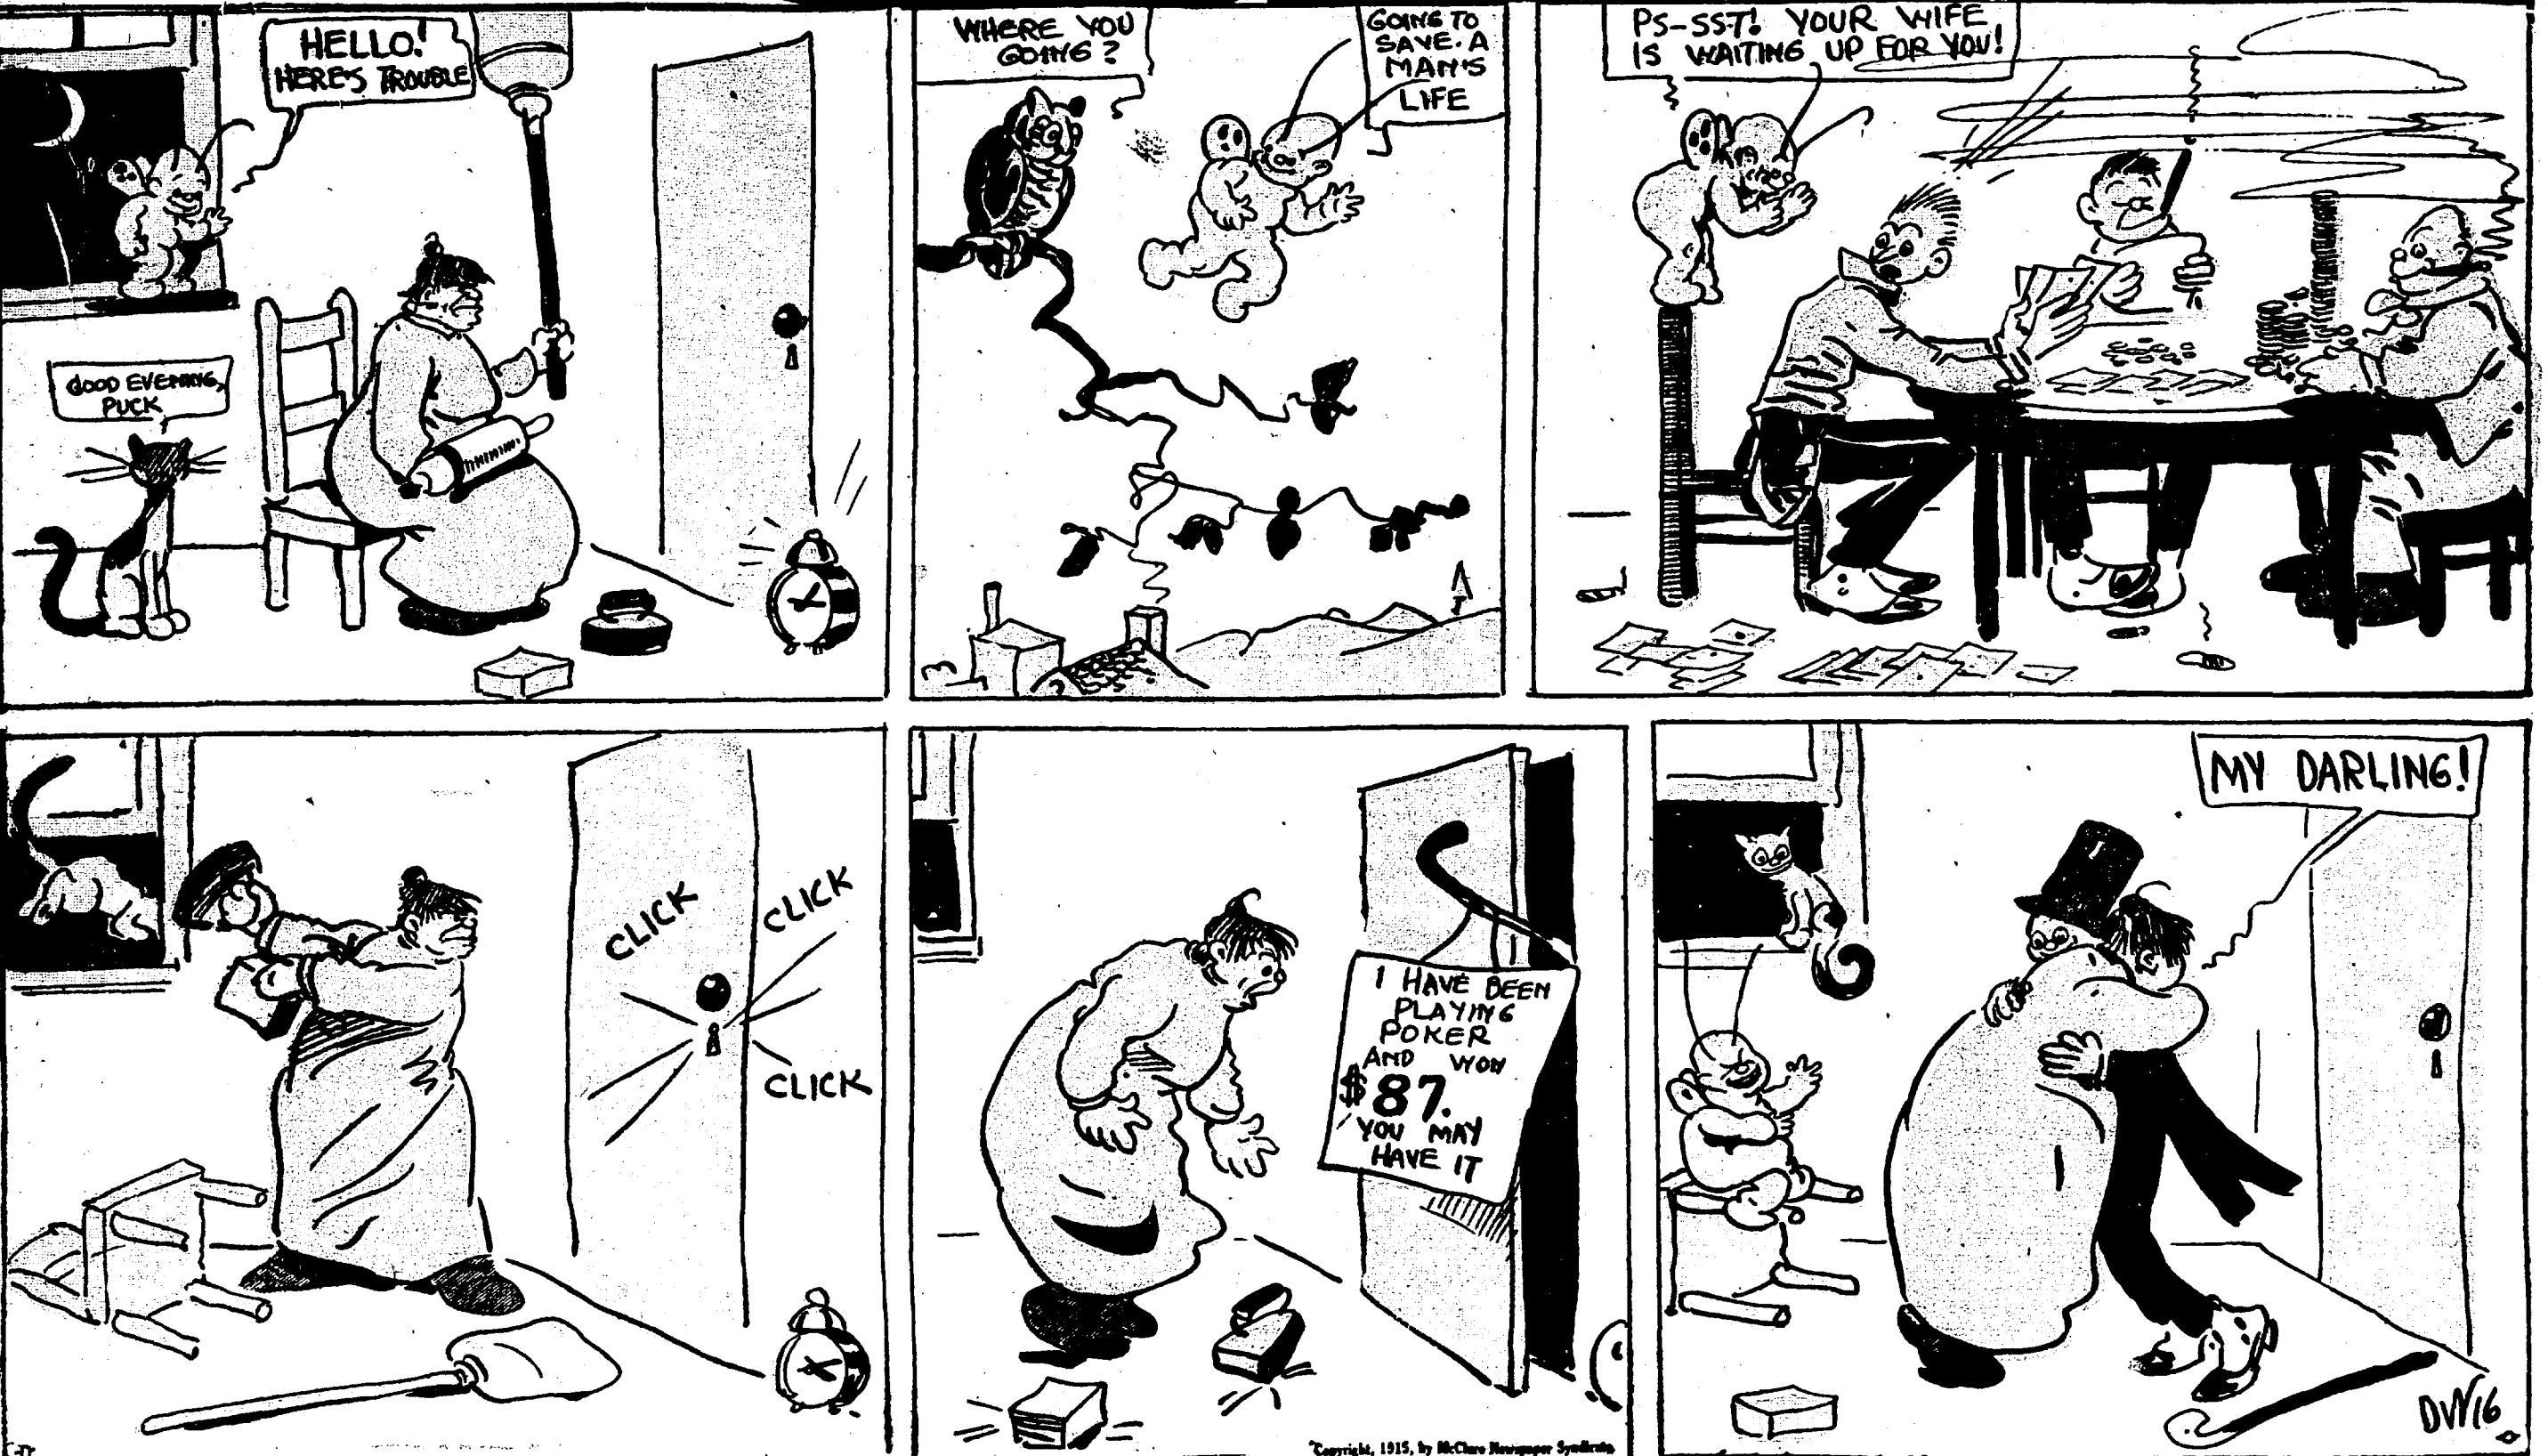

"Say, doctor, I'm all in." Trembling from head to foot and on the verge of a nervous collapse, a "dope fiend" appealed to a Fort Wayne physician Thursday for medical treatment.

The young man was really in a pitiable condition. It had been several days since he had indulged in his favorite drug and now that an act of congress has cut off his supply with no chance of him getting more, he was fearful of the outcome.

Probably every physician in the city has one or more drug addicts as a patient. A few of them are being cared for at the hospitals, it is understood, especially those who have expressed a desire of being cured of the terrible habit. And there are not many who would not be thankful to be restored to health and to have all the desire for the drug removed.

One physician told of having two "dope" patients

WANTS TO LOCATE NEW FACTORY HERE

In these days when every city is striving to secure industries it is most unusual to receive a letter from a Commercial club of another city volunteering to secure a good factory as was the case Thursday morning when Charles L. Biedermeyer, secretary of the Fort Wayne Commercial club, opened his mail. He found a letter from the secretary of the Commercial club at Racine, Wis., who says he can secure for Fort Wayne a splendid factory for the manufacture of

engines for small motor cars. The letter states that Racine is in no position to accept the proposition or Fort Wayne would not be given this opportunity.

PRICE OF BREAD TO REMAIN THE SAME

That there will be no drop in the price of bread for several weeks was the opinion expressed Thursday by several Fort Wayne bakers. There has been very little drop in the price of wheat and there is no immediate prospect of any reduction in the price of flour. Consequently, as long as flour remains at the present high figure bread will remain at 6 cents a loaf. At that price, it is claimed, there is little profit for the baker.

When it was learned that the price of bread in New York had been reduced there was immediately a report that the same action was to be taken by the bakers of Fort Wayne. Local bakers are of the opinion that there is a fight among the bakers in New York which probably accounts for the reduction in bread prices. Fort Wayne bakers declare that as soon as the price of flour justifies it the price of bread will be reduced to the old price. But there will be "nothing doing" until that time.

MOTHER DIES BEFORE SON REACHES BEDSIDE

In response to a telegram telling of the serious illness of his mother, Mrs. Fred Wentz, Theodore Wentz, cashier of the German-American National bank, left Thursday morning for Elkhart. Before he reached that city a telegram came telling of her death.

Mrs. Wentz went to Elkhart several days ago from her home in Canal Dover, Ohio, to visit with her daughter,

Mrs. Burton. While she was there she was taken suddenly ill. At first her condition was not alarming, but she grew rapidly worse and when death seemed inevitable, Mr. Wentz was telegraphed to come at once. He left on the first train, but did not reach Elkhart before her death. Mrs. Wentz will leave Thursday evening for Canal Dover, O., where the body of her husband's mother will be taken for burial.

About two months ago Mr. Wentz's father died at Canal Dover and since that time his mother has been in failing health.

ALLER NOW FIGHT THEIR WAY FORWARD IN FLANDERS

TAKE LONG STRETCH OF GERMAN TRENCHES

British Troops in France Dash Ahead Under Cover of Fire of Heavy French Artillery.

Today's War News Given in Summary.

An important battle of which only the barest details are given in the official communications of today was fought in Flanders yesterday as the result of a British attack on German positions along an extended front. The French war office announced that about one and one-half miles of German trenches were captured by the British. The German statement says that the British made advances at some points.

A report from the official observer at British headquarters in the field characterizes the German army as "intensely brave, determined and well organized," and says there is no reason at present why the German troops should be discouraged. It will be impossible for the allies to defeat the Germans decisively, the observer believes, except by "ever increasing pressure of vast numbers of men and guns throughout the coming months."

No extended reference is made in the official report from Berlin to the new German advance toward Prasnyss in northern Poland, which Petros says has led to a great battle that is still to be decided. The report says, however, that the German forces made progress north and northwest of Prasnyss.

The British plan for attempting, in connection with France to stop trade to and from Germany has been decided upon and embodied in an order of council. King George signed the order which will soon be gazetted.

London, March 11.—Under cover of the fire of heavy French artillery British troops have captured Neuve Chapelle, three and one-half miles north of La Bassée. This success, including the taking of 1,000 prisoners and several machine guns, makes it the most considerable advance reported from the north of France for several months past.

This advance, if made in force, is strategically of great importance, as the position commands the road between La Bassée and Lille. Furthermore, it makes the German hold on La Bassée insecure, and gives a base for operations for the straightening of the allies lines in front of Lille.

This advance was unexpected, as lately the principal activity reported from the British front has been in the direction of the other line near Ypres. The British are now within two miles of the furthest point gained by General Sir Horace L. Smith-Dorrien last October when, with one army corps, in an effort to gain Fournes, the road between La Bassée and Lille, he forced his way as far as Abura, two miles to the northeast of Neuve Chapelle, but after desperate fighting against tremendous odds, was forced to retire.

Russian Attempt Fails.
News dispatches reaching here from Berlin report the failure of the Russian attempt to break through the German lines at Augustow while the battle of Ostrolenka continues. According to this information, which is from official sources, the fighting to the northwest and west of Prasnyss is developing favorably for the Germans.

The British admiralty continues its effort concerning the operations in the

Dardanelles, but reports given out in France set forth that armored ships have penetrated the narrows of the straits. It is not considered likely, however, that the attack will be pressed until land forces occupy both sides of the strait. That such land forces are almost ready for this task is indicated by the report that a great French transport fleet has been sighted off Malta.

Indian Corps Participates.
The text of the official announcement detailing the advance in France reads as follows:

"The fourth and the Indian corps advanced yesterday on a front of 4,000 yards for roughly three-quarters of a mile and captured all the intervening hostile positions and trenches. The corps on the right and left of these two corps also were engaged. More than 700 prisoners were taken.

"British air craft yesterday were active and succeeded in destroying the railroad junctions at Courtrai and Menin."

SITUATION LOOKS MORE ENCOURAGING

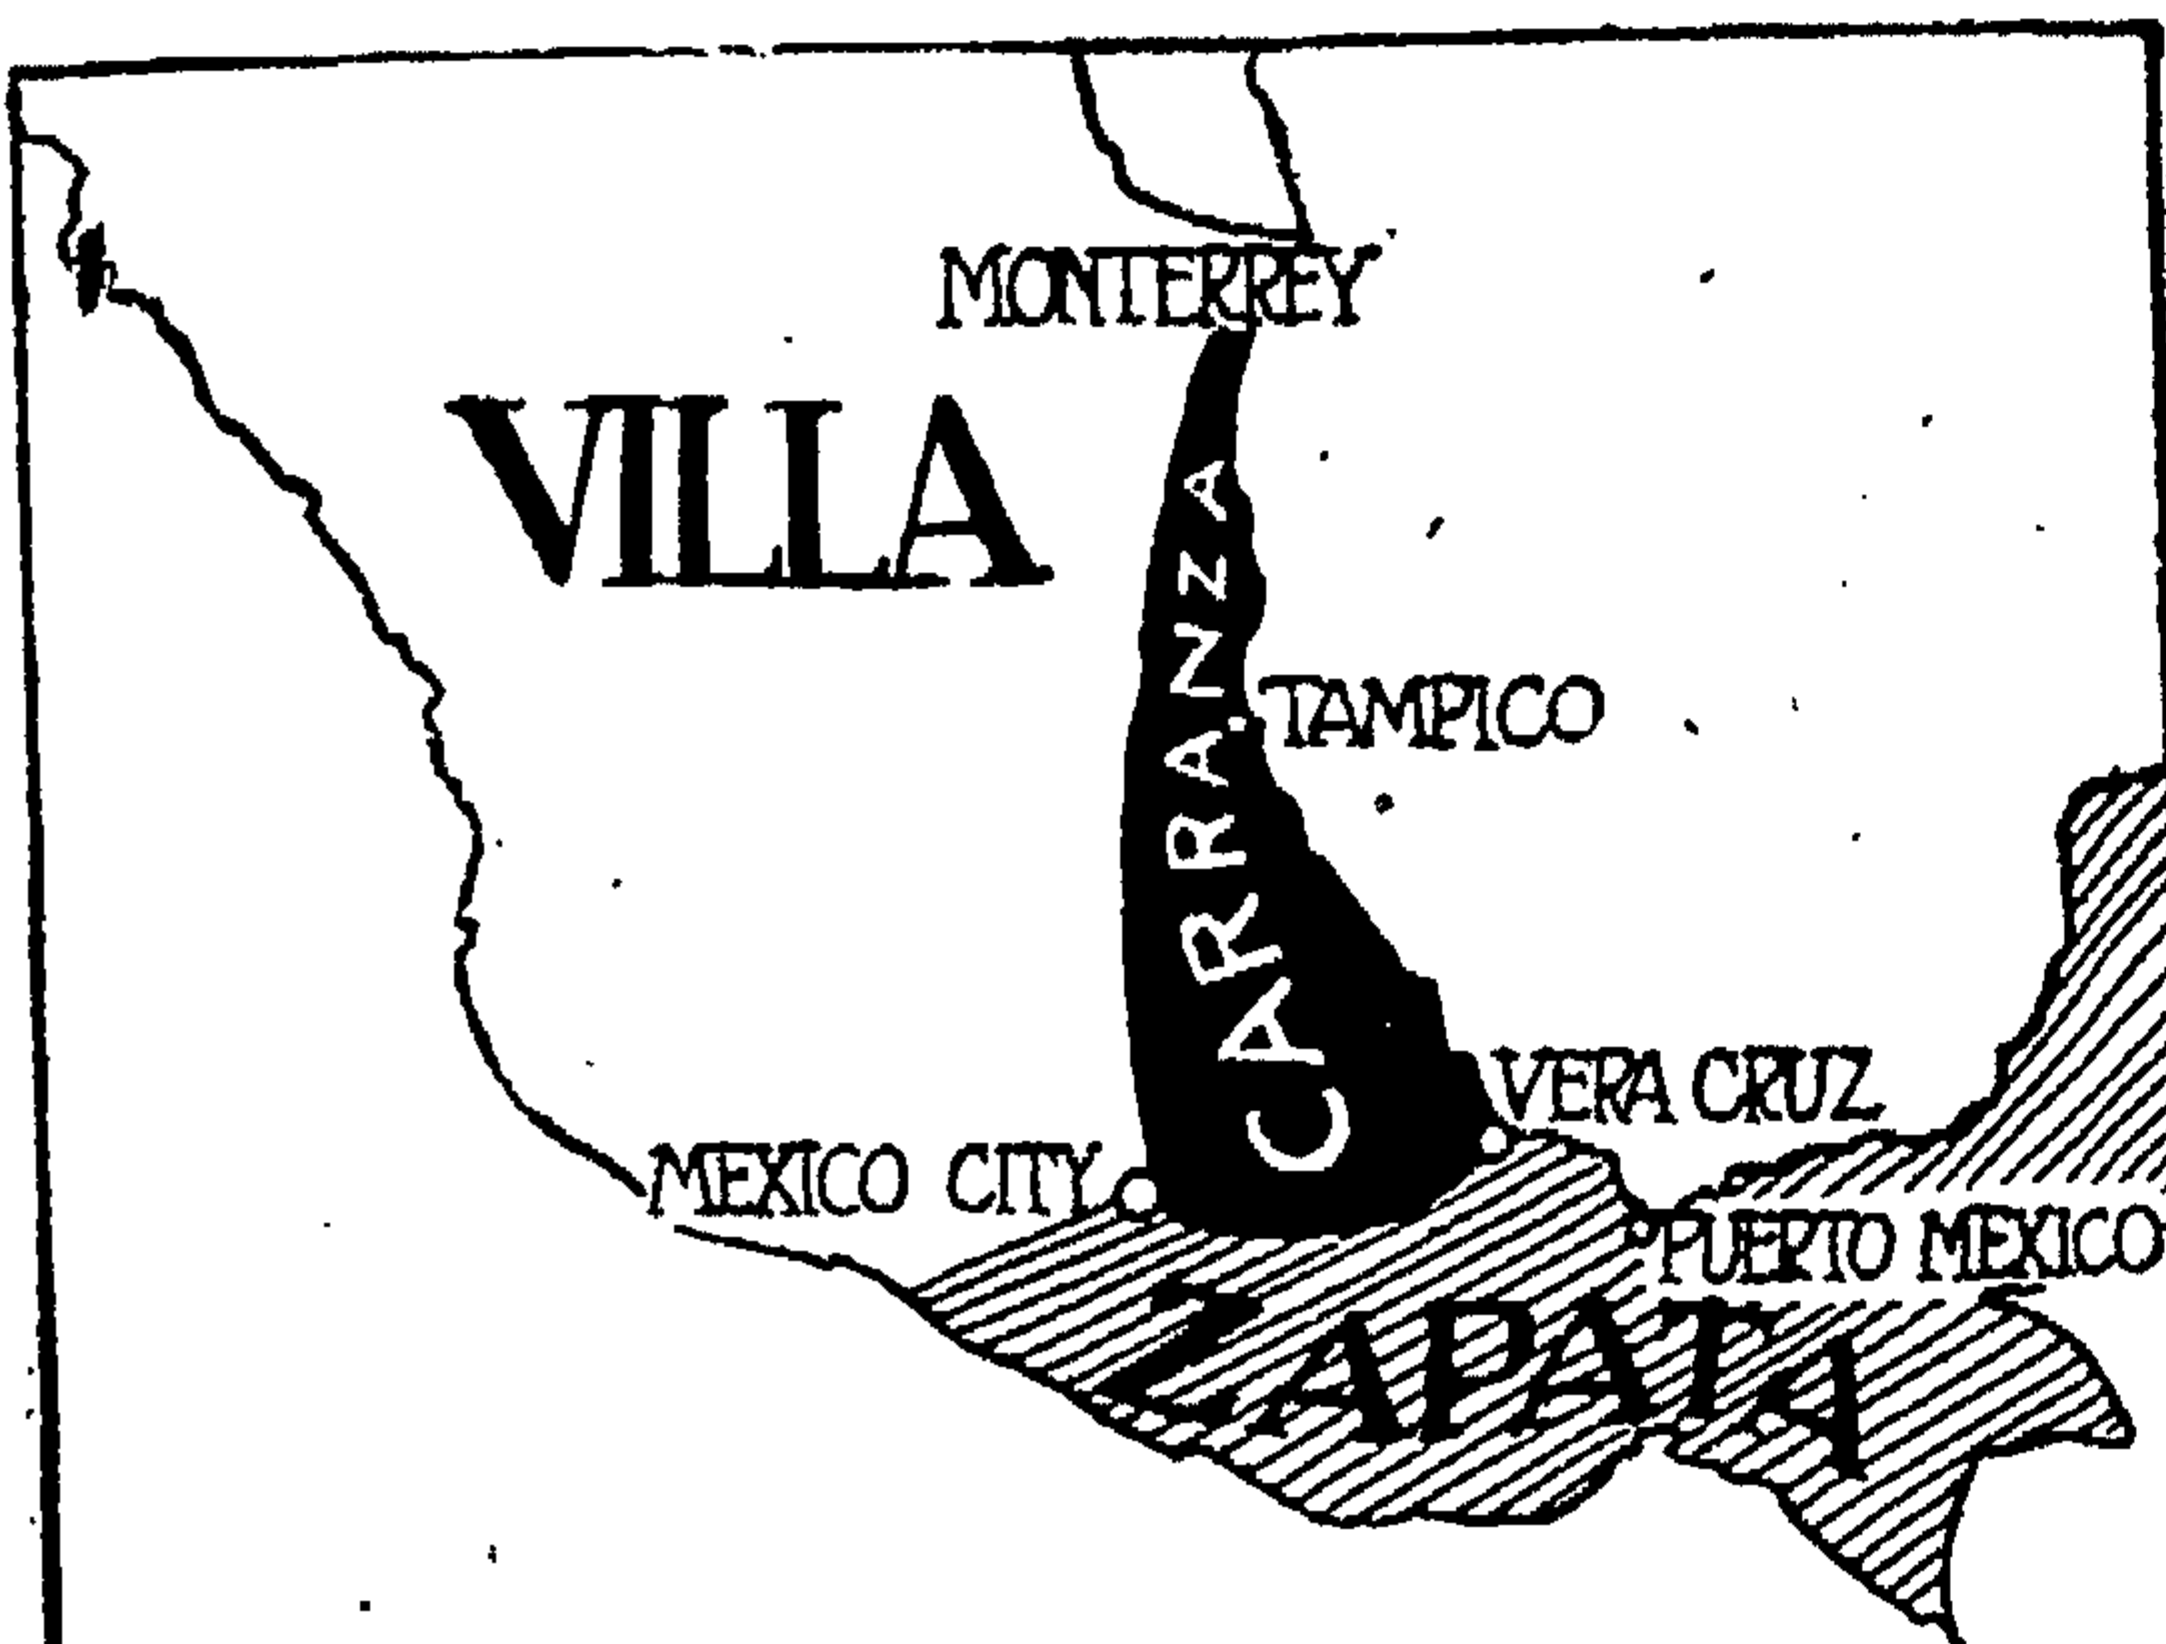

Carranza's Reply to Note is
Laid Before President
Wilson.

Washington, March 11.—Gen. Carranza's reply to the American note was laid before President Wilson today and afterward it was indicated that the situation looked more encouraging. Continued efforts, however, will be made by the United States to assure unbroken communication between Mexico City and Vera Cruz and for the care of the destitute in Mexico City. The reply which was directed to President Wilson personally and cabled in code was received at the state department late last night. In his reply as given out at Vera Cruz Gen. Carranza promised that foreigners in Mexico City would be afforded protection. His assurances to the effect, officials here confidently believed would make it unnecessary for the American government to take any steps beyond those already taken. Although officials said that the food situation in the Mexican capital continued to be serious some appear to believe there had been an improvement in a general way.

Word of Gen. Obregon's evacuation of Mexico City was being awaited and official advices said that the American note had a good effect in that city. While up until early today no requests had come from Americans in Mexico City for transportation facilities, in response to the warning to quit that city although efforts were being made by the department to provide them with transportation if wanted.

Senor Riano, the Spanish Ambassador informed the state department today that four Spaniards had been assassinated in Mexico City and presented reports of the looting and burning of private residences in the outskirts. He made no specific request for action.

WHERE UNCLE SAM MAY YET BE FORCED TO STEP IN.

With foreigners in peril and a United States vessel seized the situation in Mexico has again become so alarming that our warships have been rushed to Vera Cruz. Each faction in the revolution torn land tries to shift the blame, but just now President Wilson is dealing with Carranza. The dark portion on the map is the territory held by Carranza; the shaded and light portions that held by the combined forces of Villa and Zapata.

INQUIRY WILL BE SEARCHING

Uncle Sam to Probe Sink-
ing of American Ship by
German Cruiser.

STRONG PROTEST TO GERMANY PROBABLE

Demand for Explanation
and Damages Regarded
as Certain.

Washington, March 11.—President Wilson announced today that "a searching inquiry" would be made into the sinking of the American sailing ship William P. Frye by the German auxiliary cruiser Prinz Eitel Friedrich. This statement was issued at the white house.

"A most searching inquiry will be made, and whatever action is taken will be based upon the result of that inquiry."

Discussion of the affair in official quarters was taken to foreshadow a strong protest to Germany against the sinking of the American vessel. The contention of the German commander that the American ship had contraband of war aboard and therefore destruction was justified, has been set up as a plea in other cases, but never has been recognized by the United States as the only justification for such action on the part of a belligerent.

Not Criminal Proceeding.
The fact that the Prinz Eitel Friedrich was commanded by a German naval officer, under commission from the German government and the fact that no lives were lost when the Frye was sunk transferred the case from the realm of criminal proceedings under the federal statutes, under a possible charge of piracy and makes it a subject of diplomatic action with the object of gaining reparation for the owners and a disclaimer of unfriendliness.

That the United States would ask for damages and an explanation from the German government was regarded as certain. Some officials thought the German government would find itself compelled to repudiate the action of the German captain or abandon the position taken by Germany in recent correspondence with the United States on the subject of conditional contraband and food stuffs. Precedents in international law reveal that the circumstances under which neutral governments have acquiesced in the destruction of their vessels in time of war are very few.

EIGHTEEN DIE IN A RAIL WRECK IN SPAIN

Madrid, March 11.—Eighteen persons lost their lives and many others were severely injured last night when the mail train from Vigo to Madrid was wrecked in a deep defile in the province of Asturias. The accident is believed to have been due to a landslide. The train ran into a huge rock. Two passenger coaches and the baggage car were piled on top of the engine. The slide continued, for heavy boulders fell on the coaches and crushed them in. Among the dead are several members of a theatrical company, including the director, Maugolosi.

THAW FAILS TO GET SANITY EVIDENCE IN

Court Rules Out Testimony
and State Completes
Its Case.

BULLETIN.

New York, March 11.—Harry K. Thaw took the witness stand at 3:20 p. m. today to testify in his own behalf.

New York, March 11.—Harry K. Thaw's attempt to get evidence concerning his sanity into the record of his trial for conspiracy to escape from Matteawan failed today.

Justice Page ruled out all testimony of this character except just enough to show that Thaw had the mental capacity to enter in a conspiracy with his five co-defendants to escape. In his ruling Justice Page asserted that the injection of testimony designed to prove the sanity of Thaw was improper in this case, which was purely to try and get indictment charging the existence of an illegal conspiracy to effect the escape of Thaw. The state brought its case to a close this forenoon and the defense immediately made the usual motions to dismiss the indictment on the ground that the state had failed to prove its contentions. The motions were denied. Later a motion was made by the defense in behalf of Michael O'Keefe, on the ground that no evidence had been adduced to connect him with the alleged crime. Justice Page granted the motion and discharged O'Keefe.

The funeral services will be held at the residence, 936 Columbia avenue, and will be in charge of Rev. C. Claud Travis, pastor of the Wayne Street Methodist Episcopal church.

Miss Olive Spalding, a daughter of the deceased, arrived Thursday afternoon from Lake City, Minn.

WILSON SEES ONLY OFFICIAL CALLERS

Washington, March 11.—Announcement was made at the white house today because of the pressing character of the Mexican and other international questions President Wilson will see no callers, other than government officials, for the next three weeks.

The president wants to take personal charge of the negotiations over neutral shipping and with the Mexican factions. The sinking of the Frye on the ground that her wheat was destined for a hostile port will be considered as having an important bearing on the general subject of contraband.

WAR AGAINST FLOOD STARTS

City and County Join in
First Steps to Prevent
Damage.

COUNTY FLOOD LAW WILL BE INVOKED

Local Flood Works to Make
Way for General Plan
of Prevention.

The first of preliminary steps in the huge task of establishing general flood prevention means in Fort Wayne were taken Thursday morning at a meeting of the joint city and county flood prevention committee held in the board of works office in the city hall.

The program outlined in the action taken will be prosecuted under the new flood prevention law passed by the late general assembly for the benefit of Allen county. That the county law is less cumbersome and intricate than the state general flood prevention law, will permit more rapid development and execution of plans and will arouse less hostility and command more general approval was the consensus of opinions and it was decided, therefore, to proceed under the special act for this county.

City and County Represented.
Both the city and county governments were well represented in the meeting. Mayor William J. Hovey, President of the City Council William A. Bayer, President of the County Board of Commissioners James D. Butt, Attorney Guy Colerick and County Engineer Edward G. Hoffman were present as the members of the joint flood prevention committee created last

ago. Besides these there were Mr. Board of Works Members Robert E. Kelly, Frank E. Singery and Henry Hilgemann, County Commissioners William C. Schrier and Albert J. Black, County Auditor Will Johnson, County Treasurer J. Herman Buecker and City Engineer Frank M. Randall. The conference lasted from 10 o'clock until noon and the discussions were animated and covered the broad scope of general flood prevention measures. City Attorney Colerick gave comprehensive explanations of the county law, the powers it conferred and the procedures that must be taken under its provisions.

Important Matters Decided.
The important official proceedings of the meeting embraced three decisions:

1. It was resolved that steps should be at once taken for the formation of a drainage district under the Allen county law.

2. A motion was adopted that the city engineer and county engineer should assist the flood prevention com-

8 OHIO CITIES IN A NEW BASEBALL LEAGUE

Lima, O., March 11.—It became known here today that negotiations are proceeding looking to the formation of another baseball league to be composed of eight Ohio cities.

A. W. Lawson, formerly connected with the Reading, Pa., club of the Atlantic Coast league, announced that he made contracts with the members of the Lima team and parks in this city and Newark have been leased. Efforts are being made, Lawson said, to place clubs in Akron, Canton, Zanesville, Springfield and other towns.

LAST MINUTE NEWS

TURK'S GUNS STILL
HOLD DARDANELLES

Washington, arch 11.—A wireless dispatch to the German embassy here today from Berlin says: "Constantinople reports yesterday's bombardment of the Dardanelles were again unsuccessful and the disposition at Constantinople is still hopeful. Landing attempts from enemy's fleets on the outer Dardanelles failed."

REPORT IS MADE TO
NEUTRALITY BOARD

Washington, March 11.—The neutrality board has made a report which, it is understood, recommends that the Prinz Eitel Friedrich be permitted to make such repairs as would "make her seaworthy" under supervision of naval authorities if the commander of the German ship requests it.

RALSTON IS BUSY WITH FINAL BILLS

Governor Now Clears Away
Work Left Him by the
Legislature.

Indianapolis, Ind., March 11.—Governor Ralston has been the busiest man around the state capitol this week, going over the bills sent to him by the two houses for executive action. He worked until late last night with Burt New, his legal clerk, and was at his office early today as he is anxious to get everything out of the way before the end of the present week.

A measure that is giving him no little worry is the Friend teachers pension bill, which he has refused to receive under the ultimatum that he issued as to the time limit set for receiving bills. The bill did not pass the senate until the last day of the session and he exercised his constitutional right to refuse to consider all bills sent to him after the fifty-ninth day. Since announcing his refusal to accept the measure pressure has been brought to bear on him by friends of the bill, including State Superintendent of Public Instruction, Charles Greathouse and others in an effort to have him rescind his course. The governor stated this morning that he was not prepared yet to say what he would do with the bill.

Six other bills of only minor importance were also refused when sent to the governor's office. With only a half dozen or so remaining to be considered the governor has already affixed his signature to 175 acts and has allowed six others to become laws without his signature, 84 of which are senate measures and the other 97 are house bills. He has used his veto power on only five bills, three of which originated in the house and two in the senate.

WILL NEED MORE SHIPS FOR HARBOR GUARD

Daniels Takes No Chances
on Possible Dash of Ger-
man Boats to Sea.

Washington, March 11.—Although recent investigation is said to have proven that German ships in New York since the outbreak of the war were not planning a dash to sea, steps to protect the neutrality of the United States have been taken by the navy and coast guard departments.

Today Secretary Daniels ordered the destroyers Drayton and McDougal up from Guantanamo to join the gunboat Dolphin, which was ordered from the Washington navy yard last night to take up a watch in New York harbor. The coast guard ordered the cutter Mohawk in from her cruising ground to take a station off Tompkinsville to reinforce the other coast guardships in the harbor.

Mr. Daniels said it was not the present intention of the navy department to order other ships to New York and the only explanation of the latest moves were that the ships were being placed in the ordinary course of taking precautions to safeguard neutrality.

Rules Against Stanley.
Holler was asked to testify regarding a conversation he had had with Jack Hines, who also had pleaded guilty, but A. O. Stanley, chief counsel for the defense, objected on the ground that no conspiracy had yet been proven and therefore conversations between alleged conspirators were irrelevant. Judge Anderson at some length explained the law as to conspiracy and stated that, in addition to the fact that 88 men had entered pleas of guilty to the charge, the evidence at this time had established a prima facie conspiracy and that the only question was whether the 28 men now on trial were a part of the conspiracy. He overruled the objection, which was similar to the objections made by the defense to the testimony of some of the

New York, March 11.—Mrs. Ida Sniffen Walters, arraigned in the supreme court, pleaded not guilty today to indictments charging her with the murder of her babies, Lorotta and John, by poison.

Lorlys Elton Rogers, father of the children, pleaded not guilty to an indictment charging him with compelling Mrs. Walters to live with him.

Rogers' bail of \$7,500 was continued. Mrs. Walters was led back to her cell.

Holler, who has pleaded guilty to the charge, has been named by a number of witnesses as the leader in the city hall registration scheme.

In reply to questions by District Attorney Dailey as to how the applications for registration had been distributed over the city, Holler testified that Roberts said to him, "You know about how many each ward will stand. Use your own judgment."

Holler said all these applications for registration were illegal and made out for fictitious persons.

George Kintz, another who has pleaded guilty to indictments preceded Holler on the stand but was excused at the request of Attorney Dailey on the ground that he had been in "better condition."

The judge ordered Kintz into the custody of the marshal.

German Cruiser's Captain Does Not Intend to Intern

Newport News, Va., March 11.—Captain Thierichsen, of the Prinz Eitel Friedrich, late today formally informed Collector of Customs Hamilton that it was not his intention to intern his vessel and that unless the United States refuses to grant him the necessary time for repairs and restrains him, the converted cruiser will attempt to continue its voyage of adventure.

The crew of the American ship William P. Frye, sunk by the German cruiser, were released from the Eitel Friedrich late today and brought ashore. Twenty-two arrived, but two of German nationality remained behind and responded to the colors of the fatherland by enlistment.

ALLIES NOW FIGHT THEIR WAY FORWARD IN FLANDERS

TAKE LONG STRETCH OF GERMAN TRENCHES

British Troops in France Dash Ahead Under Cover of Fire of Heavy French Artillery.

Today's War News Given in Summary.

An important battle of which only the barest details are given in the official communications of today was fought in Flanders yesterday as the result of a British attack on German positions along an extended front. The French war office announced that about one and one-half miles of German trenches were captured by the British. The German statement says that the British made advances at some points.

A report from the official observer at British headquarters in the field characterizes the German army as "intensely brave, determined and well organized," and says there is no reason at present why the German troops should be discouraged. It will be impossible for the allies to defeat the Germans decisively, the observer believes, except by "ever increasing pressure of vast numbers of men and guns throughout the coming months."

No extended reference is made in the official report from Berlin to the new German advance toward Przemyśl in northern Poland, which Petrograd says has led to a great battle that is still to be decided. The report says, however, that the German forces made progress north and northwest of Przemyśl.

The British plan for attempting, in connection with France to stop trade to and from Germany has been decided upon and embodied in an order of council. King George signed the order which will soon be gazetted.

London, March 11.—Under cover of the fire of heavy French artillery British troops have captured Neuve Chapelle, three and one-half miles north of La Bassée. This success, including the taking of 1,000 prisoners and several machine guns, makes it the most considerable advance reported from the north of France for several months past.

This advance, if made in force, is strategically of great importance, as the position commands the road between La Bassée and Lille. Furthermore, it makes the German hold on La Bassée insecure, and gives a base for operations for the straightening of the allies lines in front of Lille.

This advance was unexpected, as lately the principal activity reported from the British front has been in the direction of the other line near Ypres. The British are now within two miles of the furthestmost point gained by General Sir Horace L. Smith-Dorrien last October when, with one army corps, in an effort to gain Fourmies, the road between La Bassée and Lille, he forced his way as far as Abures, two miles to the northeast of Neuve Chapelle, but after desperate fighting against tremendous odds, was forced to retire.

Russian Attempt Fails.
News dispatches reaching here from Berlin report the failure of the Russian attempt to break through the German lines at Astrakhan while the battle of Ostrolenka continues. According to this information, which is from official sources, the fighting to the northwest and west of Przemyśl is developing favorably for the Germans.

The British admiralty continues silent concerning the operations in the

Dardanelles, but reports given out in France set forth that armored ships have penetrated the narrow of the straits. It is not considered likely, however, that the attack will be pressed until land forces occupy both sides of the strait. That such land forces are almost ready for this task is indicated by the report that a great French transport fleet has been sighted off Malta.

Indian Corps Participates.
The text of the official announcement detailing the advance in France reads as follows:
"The fourth and the Indian corps advanced yesterday on a front of 4,000 yards for roughly three-quarters of a mile and captured all the intervening hostile positions and trenches. The corps on the right and left of these two corps also were engaged. More than 700 prisoners were taken."

"British air craft yesterday were active and succeeded in destroying the railroad junctions at Courtrai and Ninin."

Washington, March 11.—President Wilson announced today that "a searching inquiry" would be made into the sinking of the American sailing ship William P. Frye by the German auxiliary cruiser Prinz Eitel Friedrich. This statement was issued at the white house.

"A most searching inquiry will be made, and whatever action is taken will be based upon the result of that inquiry."

Discussion of the affair in official quarters was taken to foreboding a strong protest to Germany against the sinking of the American vessel.

The contention of the German commander that the American ship had contraband on board and therefore destruction was justified, has been set up as a plea in other cases, but never has been recognized by the United States as the only justification for such action on the part of a belligerent.

Not Criminal Proceeding.
The fact that the Prinz Eitel Friedrich was commanded by a German naval officer, under commission from the German government and the fact that no lives were lost when the Frye was sunk transferred the case from the realm of criminal proceedings under the federal statutes, under a possible charge of piracy and makes it a subject of diplomatic action with the object of gaining reparation for the owners and a disclaimer of unfriendliness.

That the United States would ask for damages and an explanation from the German government was regarded as certain. Some officials thought the German government would find itself compelled to repudiate the action of the German captain or abandon the position taken by Germany in recent correspondence with the United States on the subject of conditional contraband and food stuffs.

Precedents in international law reveal that the circumstances under which neutral governments have acquiesced in the destruction of their vessels in time of war are very few.

EIGHTEEN DIE IN A RAIL WRECK IN SPAIN

Madrid, March 11.—Eighteen persons lost their lives and many others were severely injured last night when the mail train from Vizco to Madrid was wrecked in a deep ditch in the province of Asturias. The accident is believed to have been due to a landslide. The train ran into a huge rock. Two passenger coaches and the baggage car were piled on top of the engine. The slide continued, for heavy boulders fell on the coaches and crushed them in. Among the dead are several members of a theatrical company, including the director, Maugolost.

THAW FAILS TO GET SANITY EVIDENCE IN

Court Rules Out Testimony and State Completes Its Case.

BULLETIN.

New York, March 11.—Harry K. Thaw took the witness stand at 3:20 p. m. today to testify in his own behalf.

New York, March 11.—Harry K. Thaw's attempt to get evidence concerning his sanity into the record of his trial for conspiracy to escape from Matteawan failed today.

Justice Page ruled out all testimony of this character except just enough to show that Thaw had the mental capacity to enter in a conspiracy with his five co-defendants in a conspiracy. In his ruling Justice Page asserted that the injection of testimony designed to prove the sanity of Thaw was improper in this case, which was purely to try and get indictment charging the existence of an illegal conspiracy to effect the escape of Thaw.

The state brought its case to a close this forenoon and the defense immediately made the usual motions to dismiss the indictment on the ground that the state had failed to prove its contentions. The motions were denied. Later a motion was made by the defense in behalf of Michael O'Keefe, on the ground that no evidence had been adduced to connect him with the alleged crime. Justice Page granted the motion and discharged O'Keefe.

COMRADES OF CRAFT WILL BEAR REMAINS

Funeral of Late Charles H. Spalding Friday Afternoon.

Borne by his late comrades of the newspaper craft, the remains of the late Charles H. Spalding of The Sentinel editorial staff will be taken to their last resting place in Lindenwood cemetery Friday afternoon. The pallbearers will be H. L. Askew, John M. Jackson, S. D. Melshimer and H. M. Williams, of The Sentinel editorial staff; Frank G. Hamilton, of the News editorial staff, and Selden Morey, of the press telegraphic department of the Journal-Gazette.

The funeral services will be held at the residence, 936 Columbia avenue, and will be in charge of Rev. C. Claud Travis, pastor of the Wayne Street Methodist Episcopal church.

Miss Olive Spalding, a daughter of the deceased, arrived Thursday afternoon from Lake City, Minn.

WASHINGTON, March 11.—Announcement was made at the white house today because of the pressing character of the Mexican and other international questions President Wilson will see no callers, other than government officials, for the next three weeks.

The president wants to take personal charge of the negotiations over neutral shipping and with the Mexican factions. The sinking of the Frye on the ground that her wheat was destined for a hostile port will be considered as having an important bearing on the general subject of contraband.

WAR AGAINST FLOOD STARTS

City and County Join in First Steps to Prevent Damage.

COUNTY FLOOD LAW WILL BE INVOKED

Local Flood Works to Make Way for General Plan of Prevention.

The first of preliminary steps in the huge task of establishing general flood prevention means in Fort Wayne were taken Thursday morning at a meeting of the joint city and county flood prevention committee held in the board of works office in the city hall.

The program outlined in the action taken will be prosecuted under the new flood prevention law passed by the late general assembly for the benefit of Allen county. That the county law is less cumbersome and intricate than the state general flood prevention law, will permit more rapid development and execution of plans and will arouse less hostility and command more general approval was the consensus of opinions and it was decided, therefore, to proceed under the special act for this county.

Both the city and county governments were well represented in the meeting. Mayor William J. Hovey, President of the City Council William A. Bayer, President of the County Board of Commissioners James D. Butts, Attorney Guy Colerick and County Attorney Edward G. Hoffman were present as the members of the joint flood prevention committee created last year.

Besides these, there were also Board of Works members Robert E. Kelly, Frank E. Singrey and Henry Hilgemann, County Commissioners William C. Schrier and Albert J. Black, County Auditor Will Johnson, County Treasurer J. Herman Bueter and City Engineer Frank M. Randall. The conference lasted from 10 o'clock until noon and the discussions were animated and covered the broad scope of general flood prevention measures. City Attorney Colerick gave comprehensive explanations of the county law, the powers it conferred and the procedures that must be taken under its provisions.

Important Matters Decided.
The important official proceedings of the meeting embraced three decisions:

1. It was resolved that steps should be at once taken for the formation of a drainage district under the Allen county law.

2. A motion was adopted that the city engineer and county engineer should assist the flood prevention committee.

8 OHIO CITIES IN A NEW BASEBALL LEAGUE

Lima, O., March 11.—It became known here today that negotiations are proceeding looking to the formation of another baseball league to be composed of eight Ohio cities.

A. W. Lawson, formerly connected with the Reading, Pa., club of the Atlantic Coast league, announced that he made contracts with the members of the Lima team and parks in this city and Newark have been leased. Efforts are being made, Lawson said, to place clubs in Akron, Canton, Zanesville, Springfield and other towns.

LAST MINUTE NEWS

TURK'S GUNS STILL HOLD DARDANELES

Washington, arch 11.—A wireless dispatch to the German embassy here today from Berlin says: "Constantinople reports yesterday's bombardment of the Dardanelles were again unsuccessful and the disposition at Constantinople is still hopeful. Landing attempts from enemy's fleets on the outer Dardanelles failed."

REPORT IS MADE TO NEUTRALITY BOARD

Washington, March 11.—The neutrality board has made a report which, it is understood, recommends that the Prinz Eitel Friedrich be permitted to make such repairs as would "make her seaworthy" under supervision of naval authorities if the commander of the German ship requests it.

RALSTON IS BUSY WITH FINAL BILLS

Governor Now Clears Away Work Left Him by the Legislature.

Indianapolis, Ind., March 11.—Governor Ralston has been the busiest man around the state capitol this week, going over the bills sent to him by the two houses for executive action. He worked until late last night with Burt New, his legal clerk, and was at his office early today as he is anxious to get everything out of the way before the end of the present week.

A measure that is giving him no little worry is the Friend teachers' pension bill, which he has refused to receive under the ultimatum that he issued as to the time limit set for receiving bills. The bill did not pass the senate until the last day of the session and he exercised his constitutional right to refuse to consider all bills sent to him after the fifty-ninth day. Since announcing his refusal to accept the measure pressure has been brought to bear on him by friends of the bill, including State Superintendent of Public Instruction, Charles Greathouse and others in an effort to have him rescind his course. The governor stated this morning that he was not prepared yet to say what he would do with the bill.

Six other bills of only minor importance were also refused when sent to the governor's office. With only a half dozen or so remaining to be considered the governor has already affixed his signature to 175 acts and has allowed six others to become laws without his signature, 84 of which are senate measures and the other 97 are house bills. He has used his veto power on only five bills, three of which originated in the house and two in the senate.

More Ships for Harbor Guard

Daniels Takes No Chances on Possible Dash of German Boats to Sea.

Washington, March 11.—Although recent investigation is said to have proven that German ships in New York since the outbreak of the war were not planning a dash to sea, steps to protect the neutrality of the United States have been taken by the navy and coast guard departments.

Today Secretary Daniels ordered the destroyers Drayton and McDougal up from Guantanamo to join the gunboat Dolphin, which was ordered from the Washington navy yard last night to take up a watch in New York harbor. The coast guard ordered the cutter Mohawk in from her cruising ground to take a station off Tompkinsville to reinforce the other coast guardships in the harbor.

Mr. Daniels said it was not the present intention of the navy department to order other ships to New York and the only explanation of the latest moves were that the ships were being placed in the ordinary course of taking precautions to safeguard neutrality.

A convulsion he had had with Jack Hines, who also had pleaded guilty, but A. O. Woman and Rogers Plead Not Guilty

New York, March 11.—Mrs. Ida Swift Walters, arraigned in the supreme court, pleaded not guilty today to indictments charging her with the murder of her babies, Lovetta and John, by poison.

Lorley Elton Rogers, father of the children, pleaded not guilty to an indictment charging him with compelling Mrs. Walters to live with him.

Rogers' bail of \$7,500 was continued. Mrs. Walters was led back to her cell.

German Cruiser's Captain Does Not Intend to Intern

Newport News, Va., March 11.—Captain Thierichsen, of the Prinz Eitel Friedrich, late today formally informed Collector of Customs Hamilton that it was not his intention to intern his vessel and that unless the United States refuses to grant him the necessary time for repairs and restrains him, the converted cruiser will attempt to continue its voyage of adventure.

The crew of the American ship William P. Frye, sunk by the German cruiser, were released from the Eitel Friedrich late today and brought ashore. Twenty-two arrived, but two of German nationality remained behind and responded to the colors of the fatherland by enlistment.

Collector Hamilton received written instructions from Washington to govern his course with the Eitel Friedrich and

he at once gave Commander Thierichsen formal notice to leave within twenty-four hours, unless reason for longer stay in a neutral port could be advanced.

That at least three British warships were in pursuit of the Eitel when she reached American waters early yesterday morning has been established. To the officer of one sunken British ship on board the commander of the Eitel stated that judging from wireless interchanges of the British ships one was within ten miles, the other within thirty or forty miles and the third within fifty miles of his ship when he reached the three-mile limit off the Virginia Capes.

The German commander seems to feel he was acting within his rights when he jettisoned the wheat cargo of the Frye and then sent the big sailor to bottom.

SAYS ROBERTS FIXED NUMBER

Told Him to Make Out About 2,500 Registrations Declares Holler.

FORMER CHIEF OF POLICE ON STAND

Crooked Election Methods Used at Terre Haute Are Uncovered.

Indianapolis, Ind., March 11.—"Mayor Donn M. Roberts told me to make out about 2,500 registration applications for the last election," testified Edward Holler, former chief of police of Terre Haute, at the trial in the district court today of Mayor Roberts and twenty-seven others charged with election fraud conspiracy. Holler, who has pleaded guilty to the charge, has been named by a number of witnesses as the leader in the city hall registration scheme.

"Roberts said to me," continued Hol-

ler, "get some boys and make out the applications. He said 'Slim Walter' Cordes would be a good man to get."

In reply to questions by District Attorney Dailey as to how the applications for registration had been distributed over the city, Holler testified that Roberts said to him, "You know about how many each ward will stand. Use your own judgment."

Holler said all these applications for registration were illegal and made out for fictitious persons.

George Kintz, another who has pleaded guilty to indictments preceded Holler on the stand but was excused at the request of Attorney Dailey on the ground that he had been in "better condition."

The judge ordered Kintz into the custody of the marshal.

GAS! GAS, INDIGESTION, SOURNESS, SICK STOMACH—PAPE'S DIAPEPSIN

Here's relief! In five minutes
your upset stomach
feels fine.

If you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you need Pape's Diapepsin to stop food fermentation and indigestion.

It neutralizes excessive acid, stomach poison; absorbs that misery-making gas and stops fermentation which causes your entire meal and causes Dyspepsia, Sick Headache, Bilioousness, Constipation, Griping, etc. Your real and only trouble

is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition. A case of Pape's Diapepsin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer in five minutes that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the stomach, Nervousness or Gastritis, or by any other name—always remember that relief is waiting at any drug store the moment you decide to begin its use.

Pape's Diapepsin will regulate any out-of-order stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

ELECTION IS FROM CONVENTION FLOOR

Woman's Franchise League
Changes Order After
Lively Fight.

Indianapolis, March 11.—Reorganization of the Indianapolis members of the Woman's Franchise League of Indiana into a branch league similar to others in the state was amicably provided for at the annual convention of the league here yesterday, but when Mrs. L. J. Cox, of Terre Haute, proposed that the nomination and election of state officers be made from the floor of the convention the meeting was thrown into an uproar. The proposal to elect by the convention body instead of by the board of directors did not meet with as much opposition as the scheme to nominate by the convention. The constitution provides for nomination and election by the board of directors.

Mrs. Olat Giddin, of Fort Wayne; Mrs. E. J. Lash, of Muncie; Mrs. A. D. Moffett, of Elwood, and Mrs. Ovid Butler Jameson, of Indianapolis, led the discussion which followed Mrs. Cox's proposal. After an hour of spirited debate Mrs. Cox's motion was adopted and the following officers were chosen: Dr. Amelia R. Keller to succeed herself as president; Mrs. Horace C. Stillwell, of Anderson, first vice-president; Mrs. Ovid Butler Jameson, of Indianapolis, second vice-president; Mrs. Meredith Nicholson, of Indianapolis, third vice-president; Mrs. L. J. Cox, of Terre Haute, fourth vice-president; Mrs. A. D. Moffett, Elwood, fifth vice-president; Mrs. G. M. Henderson, of Indianapolis, secretary, and Miss Ada Bush, of Kentland, treasurer.

Members elected to the board of directors, which by amendments previously adopted, will be composed of twenty-four members, eight to be elected each year for a term of three years were: Mrs. Belle O'Hair and Mrs. Edgar A. Perkins, of Indianapolis; Mrs. F. F. Erbacher, of Evansville; Mrs. Frank Ayello, of Bloomington; Miss Vida Newsum, of Columbus; Mrs. S. C. Stinson, of Terre Haute; Miss Harriet Henlon, of Peru, and Mrs. E. C. Ball, of Muncie.

JACKSON REFUSES TO BE LOCKED UP

Thief Arrested in Fort
Wayne Again Escapes
from Jail.

Jackson, familiarly known in this county, Indiana, where he resides, as "Slippery Jim," is a large and a fugitive from justice. Jackson was arrested in Fort Wayne several weeks ago by Detective Sergeant Spiller and Junk while he was trying to raise money on a diamond ring at a pawnshop. He was identified as a man wanted and took him to the sheriff from that county came here with requisition papers and took him to Waukegan. Jackson feigned illness and got himself placed in the hospital. A few days ago he saw an opportunity to escape, jumped from a window and made off. It was learned that he had returned to the home of his mother-in-law, Mrs. Gabbit, near Lagro, and the Wabash county sheriff and a posse have been making repeated attempts to land him, but he so far has eluded arrest. Jackson has been arrested at least twenty-five times, it is said, and each time has been able to make his escape. He escaped from the sheriff at Waukegan nearly a year ago, when he was first arrested on the burglary charge for which he was recently taken back there. The ring Jackson had here he said had been given him by his wife and he charged that she had stolen it. This brought Mr. and Mrs. Gage of Huntington, Fort Wayne, where they identified the ring as one stolen from the Gage home several months ago. Mrs. Jackson was arrested and a few days ago was convicted by a jury in the Huntington circuit court on a charge of grand larceny.

TOM WAS GOING RIGHT IN.
With a Souse Aboard He Was Crawling
Through Window to See Lady.

Tom Tolon gained his release from jail Wednesday and then proceeded to push up a bawling average for booze that had slumped a good deal while he was confined. Wednesday night a burglar alarm came from a flat above a Barr street garage and when Desk Sergeant Zwick and Detective Sergeant Inmell arrived at the scene Thomas was found. He had meant to call on a lady in the building and was making rather unconventional entrance to the premises through a rear window when he was discovered. He was booked for disorderly conduct and his case was continued until the 16th inst., and fixed his bond at \$100.

Arthur Monday, a colored man, was charged with petit larceny for having stolen a bicycle from LeRoy Melker and was continued until the 20th inst., under \$500 bond. Monday is an ex-convict.

Ernest Martin, a young negro man, who has lost some of his mangled furniture and imagines he is a detective, was continued until March 17, while investigation concerning him proceeds.

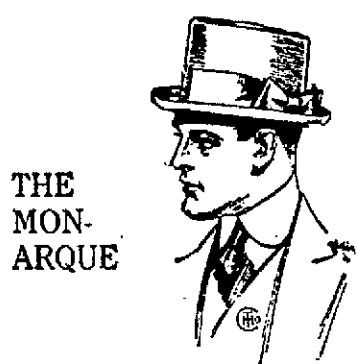

Of the drunks Walter Jacobs was fined \$1 and costs, Walter Miller \$5 and costs and Jacob Wyak \$1 and costs.

John Garker, a loiterer, who told a thriller about being locked in a freight car by some hoboes who first set a lot of straw fire in the car, was turned loose to helen to Pittsburg.

William H. Tatter, charged with child neglect, took charge of same from Judge Kerr and his case was continued until Friday under \$500 bond.

VON HINDENBURG IN NEW DASHING STROKE

London, March 11.—Field Marshal von Hindenburg has made another of the swift and unexpected strokes which have marked his campaign against the Russians. Gathering a large force along the Prussian border in northern Poland he has begun a new movement southward, apparently intending to strike again at Praznys, where the Germans recently met the defeat which preceded their general retirement in the north. An important battle has developed as a result of this movement, the result of which, it is said in Petrograd, has not yet been indicated.

With the diminution of activity in Champagne, the western battle front has grown quiet. The German military authorities assert that the allies have suffered a complete defeat in Champagne after undertaking an offensive movement believed in Berlin to have been designed to relieve pressure on the Russians. Desultory fighting continues in Belgium, but along the eastern end of the line, where there have been active and almost continuous battles, weather conditions have enforced a temporary halt.

Paris reports tell of resumption of the Dardanelles bombardment yesterday. It is said that the fire of some of the Turkish batteries under attack slackened perceptibly during the engagement.

WILL STRIKE A NEW BLOW.

Petrograd, March 11.—A re-grouping of the German forces in northern Poland and the commencement of a new attempt upon Praznys has been noted by the general staff of the Russian army.

This movement is being made in considerably larger strength than in the last operation in the direction of Praznys terminated not only in local defeat for the Germans, but in the general retirement of all the German forces in the direction of their own frontier.

The discontinuance of operations along the Niemen river makes it possible for the Germans to send a large

number of troops from this district to reinforce the men advancing from Koryle in the general direction of Mlava.

One of the German motives of this new alignment of forces undoubtedly is to strengthen their position before Oswowetz, it is assumed that this engagement is still going on without a decision having been reached. Furthermore it is not improbable that in the near future the battlefield in the vicinity of Praznys again will become the scene of new conflicts.

In the meantime along the Pilica river there have been engagements of secondary importance in which the Russians would appear to have been successful. Fighting near Gorlitz and Oujok, in the Carpathians, indicates that the Austrians, after their defeat in the Stanislaw district, decided to transfer the center of operations to the left flank, where they have been successful in pushing forward slightly.

GENERAL CARRANZA IGNORES MR. BRYAN

Gives His Reply in Personal
Note to President
Wilson.

Vera Cruz, March 11.—Gen. V. Carranza, in answer to the protest addressed to him by Secretary of State Bryan through United States Consul Silliman, regarding conditions in Mexico, last night addressed a reply to President Wilson personally.

He denies the responsibility of the constitutionalists for a situation which is considered alarming for foreigners, but expresses the hope that Americans and citizens of other countries will lose no time in departing from Mexico until tranquility shall be restored. The constitutional chief pledges himself to provide every facility for the exodus which he recommends. He suggests that if foreign residents do not desire to leave the country they should seek safer places in the republic.

Gen. Carranza declares that he always has tried to safeguard the interests of Americans and other foreigners and intends to continue this course. The charges that Gen. Obregon has deliberately fostered disturbances in Mexico City are denied by Carranza, who declares every possible effort has been made to distribute food supplies. He contends that the present situation has been aggravated by the conduct of merchants who have protested against the imposition of a humanitarian relief tax.

VILLA GROWS CHESTY.

El Paso, Tex., March 11.—Gen. Villa in a statement received from Torreon to the Associated Press declared that in event of intervention of foreign troops to subdue the Carranza forces he and all other Mexicans would unite against the invaders.

He denied recent interviews in American newspapers which he said had just been called to his attention in which he was quoted as saying that he would not oppose armed intervention on the part of the several powers "to reduce Carranza to order" providing that he would be made commander of such a move.

HANDLING BERLIN FOOD SITUATION

Consul Lay Reports on Ac-
tion of German Capital
Authorities.

Washington, March 11.—How the Berlin authorities are handling the food situation, distributing bread to the civil population in allowances of 4.4 pounds weekly to each person, is told in a report just received by the state department from Consul Julius C. Lay. The negotiations for the regulation of the bread consumption of greater Berlin are at an end, says Mr. Lay. It has been definitely decided to apportion the 4.4 pounds allowed each person weekly by means of bread cards. The mayor of Berlin after a conference with the directors of the city schools, has announced the division of the city into 170 bread districts. Each one of these districts has 11,000 to 12,000 inhabitants. The bread cards are not transferable and are valid only for the week of issuance.

"The cards will be given only to a single person and not to whole families. They are numbered and those issued for the different weeks are of various colors so as to overcome the possibility of misuse. The punishments for the misuse of the cards are sufficiently heavy to prevent bakers from giving bread to persons who do not possess the proper cards. The amounts designated on the cards are 25, 50, 100 and 250 grams (0.88, 1.76, 3.52 and 8.82 ounces)."

"The greatest difficulty encountered by the authorities in actually working out the bread question was the lack of available means to check hotels and restaurants in metering out bread to their patrons. For public places the question is not yet entirely settled; but it is thought that day cards will be given out in the hotels and that in the small restaurants payment will be accepted for bread."

"Another difficulty that has interfered with the working out of this scheme is the treatment of persons, such as charwomen, seamstresses, etc., who are employed in a given household for only an hour or two each day. Such persons must either bring their bread or their breadcards with them."

"Hamburg and other German cities of over 25,000 inhabitants are considering similar measures, but as yet have not followed Berlin's example."

REPUBLICANS PLAN FOR BIG MEETING

Members of the Lincoln Republican club are planning for a big meeting either Monday or Saturday of next week, at which time John Wesley Hill, of New York, will be the principal speaker. Mr. Hill is a speaker of national reputation.

A meeting of the club was held Wednesday evening with Allen J. Vesey, republican district chairman, at which time plans for the meeting were discussed. Full details will be announced later. John Hayes Hammond also is expected as one of the speakers.

INDIANAPOLIS MAN NAMED.

Lloyd D. Claycombe Chosen Trustee of Winona Assembly.

Wausau, Ind., March 11.—Lloyd D. Claycombe, of Indianapolis, was named trustee to take charge of the summer resort and chautauqua at a meeting of the creditors of the Winona Assembly and Summer Schools association here yesterday. The trustee will arrange for the sale of the property. Mr. Claycombe's bond was fixed at \$5,000. He will lease the property for the coming season.

The assets of the assembly, according to the schedules filed before Judge A. B. Anderson, in the federal court in Indianapolis, are \$116,000, while the indebtedness is about \$800,000.

BULLET-PIERCED FLAG FLIES FROM NEW TOWER

Chicago, March 11.—A bullet-pierced flag flown by the U. S. ship Chester at the occupation of Vera Cruz waved from the top of a 400-foot steel tower, the third highest in the world, at the Great Lakes naval training station at Lake Bluff, Ill., today.

The tower, which was completed yesterday, is one of two for the high powered federal radio station which soon will establish wireless communication between the Atlantic and Pacific coasts, Alaska and the Panama canal zone. Work of erecting the second tower will be rushed. Commander William A. Moffet, who was in command of the Chester when it covered the landing of marines at Vera Cruz, is now in command of the training station.

MASTER PLUMBERS TO MEET HERE NEXT

As a result of the strenuous efforts of the Fort Wayne delegation to the annual convention of the Indiana Master Plumbers' association which closed at Laporte Wednesday, the next convention of the association will be held in Fort Wayne. The meeting will probably be held here in March, 1916, at which time about five hundred visitors are expected. Those who attended the convention at Laporte from Fort Wayne were E. F. Oelschlaeger, M. F. Noll, Edward Berthmer, J. B. O'Rourke, Don Teeters, H. L. Hilbich and William Stahler. The delegates returned home Wednesday evening.

ADVERTISING OKLAHOMA.

A car filled with products advertising eastern Oklahoma Indian lands from McAlester, Oklahoma, arrived in Fort Wayne Wednesday night and has been "spotted" near the Calhoun street crossing of the Nickel Plate. The car will be here one week and possibly longer and is in charge of R. J. Jeffcott, who instructs the visitors how land in what was formerly Indian Territory may be obtained. The car came here from Bucyrus, Ohio.

SAYS A MILK WAGON DAMAGED LOCOMOTIVE

Newark, N. J., March 11.—A railroad's counter claim for damages to its locomotive figured in the trial of a \$25,000 accident suit in the supreme court here today instituted by Frank W. Wilkinson, who was struck and severely injured by an Erie railroad train in Bloomfield last year as he was driving a milk wagon across the tracks. Wilkinson's hips and several ribs were broken and he was injured internally. His wagon was smashed. He claimed the train approached without proper warning. The company in its counter claim alleged that by careless driving he struck the locomotive and then broke and destroyed divers flats or frames of the pilot or cow catcher and bruised and maimed, mutilated and destroyed paint and polish on the locomotive. The road asked \$100 damages.

DIVORCE SHAMEFUL LUXURY OF THE RICH

New York, March 11.—The Rev. Dr. T. Manning, rector of Trinity church, which is considered the wealthiest church in New York if not in the country, declared in a sermon in that church last night that divorce was "the shameful luxury of the rich and well-to-do."

"The poor man," said Dr. Manning, "cannot afford divorce and so he simply follows the example of the illustrious names he reads about in the papers and deserts his home. That is his way of accomplishing the same thing the rich men can accomplish by law."

SENATOR KERN AT HOME.

Does Not See Any Probability of Intervention in Mexico.

Indianapolis, Ind., March 11.—Senator John Kern has arrived home from Washington. Speaking of the Mexican situation, he said:

"I do not believe that there is any probability of intervention by this country in Mexico at this time. I believe that it has been demonstrated by the administration that it is in favor of keeping out of trouble."

Senator Kern said he will remain at home for a time resting and then will visit in various parts of the state.

BLACKHEADS GO QUICK

BY THIS SIMPLE METHOD

LOCAL MAN HAD ATTACK ACUTE INDIGESTION

Daniel Burnett, 2610 Savannah St., is Elated Over His Discovery of How to Get Well.

Herbal Lax-Tone is going to repeat its successes in Fort Wayne the same as it has done in other cities. Here in Fort Wayne are people that are being cured every day.

Daniel Burnett says five years ago I had an attack of acute indigestion, which was so severe I lost consciousness, and since then I have been getting worse all the time, my tongue was coated and I had a bad breath with severe pains across my chest and in the back and right through the heart. I saw Herbal Lax-Tone advertised and gave it a trial and can honestly say it is a wonderful preparation and can endorse it. My wife has tried it and has become a Lax-Tone booster.

If you have indigestion, yellow skin, headaches, gas, bloating, coated tongue, get drowsy spells, sour stomach, constipation and an all tired out feeling, try Herbal Lax-Tone.

The Lax-Tone man is at Dr. Dredger Drug Co., 528 Calhoun street, where he is demonstrating this remedy. Mail orders solicited.—Adv.

NEWS OF FORT WAYNE'S NEIGHBORS

PROJECT TO COMPLETE ROAD.

Extension of R. G. & C. Traction Line to Celina Is Likely.

Geneva, Ind., March 11.—It is thought by stockholders of the R. G. & C. Traction company that arrangements will be made for the completion of the road from here to New Corydon within the next few weeks. It is known that officials of the company are trying to interest eastern capitalists to buy out some of the stockholders who have refused to assign their stock, and when this stock has been purchased the extension from here to Celina will only be a question of time. The reason for the activity in this stock at this time is the fact that the Fort Wayne & Springfield road, which has been built from Fort Wayne to Decatur and is now in the hands of a receiver, will be sold within the next two or three weeks. While the grade for this road has been completed almost to Monroe, no steel has been laid and the extension of the road to Portland would be of immense benefit to all concerned.

NEW INDUSTRY FOR AVILLA.

Avilla, Ind., March 11.—The Hersh Yeast company is a new industry for this place. A factory is to be constructed at once, and it will be in operation, giving a number of people employment, within the next few months. The new concern is the outgrowth of a small family factory that has been in operation twenty-five years. It was started by L. F. Hersh. During all these years Hersh yeast has been sold in this section of the country, most of the sales being within a radius of from fifty to a hundred miles. Now the Hersh Yeast company was formally organized. Its capital stock is \$5,000, including 100 shares at \$50 each, is all paid up. The stock is held entirely by local capitalists. Officers were elected as follows: President, L. F. Hersh; vice president, H. A. Moore; secretary, A. J. DeCamp; treasurer, F. H. Hersh.

FOUND DEAD IN HIS BED.

Decatur, Ind., March 11.—Walter Murray, one of the well known men of the city, was found dead in his bed by his wife, when she went to his room to call him. He was lying in a perfectly natural position with the bed clothes drawn over him as if in a sound sleep. At what time he passed away is not known, but all indications were that he had been dead for several hours. He was born in St. Mary's township in the vicinity of Pleasant Mills on Feb. 1, 1858, and at his death was 56 years, 1 month and 10 days old. He was a son of Horatio and Martha Murray, early settlers in the vicinity. On May 23, 1887, he was married to Miss Hila Rupp, and they took up their residence in Decatur, where they had since resided. Mr. Murray owning and operating a barber shop during most of the time.

ACCUSED OF STEALING BIBLES.

Decatur, Ind., March 11.—Kurt Johnson, a well known police character of the city, was taken into custody by Marshall Melch and placed in the county jail on a larceny charge. Johnson is accused of the theft of a number of bibles from the Democrat office. For some time the Democrat has been distributing bibles as premiums with subscriptions to the paper, and the office had a considerable supply of the books. Johnson, in some manner, entered the office and it is charged took the books. How many were taken is not known, but the marshal has already found out that the books were taken from the office.

TELEPHONE HEARING 23D INST.

Columbia City, Ind., March 11.—The Farmers' Mutual Telephone company, of this city and county, has filed their answer to the petition presented by the Whitley County Telephone company to the Public Utilities Commission of Indiana, asking that a free physical connection be established between the two companies. The matter will be threshed out before the Public Service Commissioners when they come here on the 23d day of March, to ascertain the facts concerning the situation.

MEETINGS BEGIN MARCH 28.

Montpelier, Ind., March 11.—It has been decided that the revival meetings under the leadership of Rev. George I. Stephens, who is now working in Bluffton, shall be inaugurated in Montpelier, March 28, and will close April 25 or perhaps not until later. The work of grading the tabernacle grounds here is now under way and proceeding well.

Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup Easily and Cheaply Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2 1/2 ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Pour the 2 1/2 ounces of Pinex (50 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 64 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving of \$2. A day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in guaiacol, which is so heating to the membranes.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

ALL HIS LIFE IN WELLS COUNTY.

Rev. J. J. Markley, Aged 76, Dies at His Home Near Murray.

Bluffton, Ind., March 11.—Rev. Jonathan J. Markley, aged 76 years, and all his life a resident of Wells county, is dead at his home near Murray, following a stroke of paralysis that came upon him last Saturday and from which he never regained consciousness. He was born March 7, 1839, in Harrison township, this county, and was the son of Mr. and Mrs. John Markley, who were among the earliest pioneers of the county. His birth place was a log cabin his father had erected in a clearing on the north bank of the Wabash river five miles east of Bluffton. He worked on his father's farm and attended the common schools until 21, when he began teaching, from which occupation he saved enough money to take him to Leger college in Jay county, where he began his studies for the ministry. In 1871 he purchased forty acres of land in Lancaster township and occupied it from that time until his death. He began preaching at Murray in 1880 and in 1872 received his ordination as a minister of the Christian church. Fort thirty-one years, without interruption, he held his pastorate at Murray. He was married in 1871 to Miss Mary Huffman, who died six years ago. Funeral services will be held at the Christian church at Six Mile Friday morning at 9:30.

MIGHT HAVE BEEN MURDER.

Decatur, Ind., March 11.—A warrant for the arrest of Earl Thraillkill, a resident of the village of Pleasant Mills charging him with assault and battery with intent to kill George I. Davis, proprietor of a grocery store in the village. Mrs. Thraillkill was refused credit by Davis because Thraillkill already owed him. The woman reported the matter to her husband who went armed to the store and sought a quarrel. Davis ordered Thraillkill to leave and when he refused sought to eject him. Thraillkill then drew a revolver and threatened to shoot. Just as he fired Davis swung a chair on the man and knocked the weapon from his hand. The bullet went wide of the mark and no injury was done. Officers could not find Thraillkill when they went to serve the warrant.

DIED AT EASTHAVEN ASYLUM.

Montpelier, Ind., March 11.—Harry Butcher, a former oil worker who was well known in this city, died at the Easthaven hospital for the insane at Richmond, where he had been confined for the past three years for treatment. His mind was deranged for some time prior to his commitment to Easthaven and his wife sought to bring about improvement by medical treatment, but his case grew worse. Mrs. Butcher, who still resides in Montpelier, ordered the remains brought here for burial. Besides his wife he leaves a daughter six years old and three brothers.

CHARGES AGAINST PATROLMAN.

Van Wert, O., March 11.—It is practically settled that charges will be filed against James A. Gamble, a city patrolman, upon evidence obtained in an investigation conducted by Mayor Gilpin and Director of Safety McMullen. The officer is said to have been spending a good part of the nights that should have been devoted to his duties loafing in the back apartments of a pool room, watching card games and stirring forth at necessary times to turn in his calls on the patrol boxes. It is said the officer is preparing for a defense and that he will implicate other patrolmen.

JITNEY BUS FOR WABASH.

Wabash, Ind., March 11.—Arrangements are being made whereby a jitney cab line will be installed in this city within the next week if the plans of several Wabash men are carried out. The men backing the plan have secured a large taxicab, easily seating at least six persons, and expect to carry on their business for some time with this cab and add another if business conditions so demand. The cab will make the rounds every twenty minutes.

SUFFERED FROM EXPOSURE.

Portland, Ind., March 11.—Found huddled about a campfire along the right-of-way of the Muncie & Portland traction line, between this city and Redkey late at night, Earl Davis, wife and two-year-old daughter were brought to this city on the last incoming car, suffering from exposure, penniless and almost starved. They are former residents of Peru, where, only a few days ago their home, with all its contents, were burned.

NOT AS MUCH AS PERU.

Hartford City, Ind., March 11.—Hartford City will not exceed Peru in the collection given Bob Jones. After all, according to the announcement made by Harley Hall, the treasurer of the executive committee which had charge of the local end of the meeting here. The total amount given Jones was \$2,412.87, while Peru gave an even \$2,500.

BOOTLEGGING GOES TO JAIL.

Huntington, Ind., March 11.—Jerome Arnold, of Warren, who was arrested on a bootlegging charge, pleaded guilty in the circuit court and was sentenced to thirty days in jail and fined \$50. The sheriff was ordered to destroy the liquor and vessels found on him when he was arrested by the Warren night watchman.

DRUGGIST GOES TO JAIL.

Portland, Ind., March 11.—Lewis "Cull" Whipple, West Main street druggist, was held guilty by the jury in the circuit court of the charge of operating a blind tiger. A fine of \$50 and costs and a jail sentence of thirty days being imposed, the twelve jurors recommending the defendant to the leniency of the court. A motion for a new trial was entered by attorneys for the defendant and action on this has not been taken.

PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.—Adv.

FRUIT LAXATIVE FOR MAMMA, DAD, BABY, "CALIFORNIA SYRUP OF FIGS"

Better than calomel, oil or salts for liver, bowels and stomach.

Mother, daddy and the children can always keep feeling fine by taking this delicious fruit laxative on occasion demands. Nothing else cleanses the stomach, liver and bowels so thoroughly without griping.

You take a little at night and in the morning all the foul, constipated waste, sour bile and fermenting food, delayed in the bowels gently moves out of the system. When you awaken all headache, indigestion, sourness, foul taste, bad breath, fever and dizziness is gone;

your stomach is sweet, liver and bowels clean, and you feel grand.

"California Syrup of Figs" is a family laxative. Everyone from grandpa to baby can safely take it and no one is ever disappointed in its pleasant action. Millions of mothers know that it is the ideal laxative to give cross, sick, feverish children. But get the genuine. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups on each bottle. Refuse with contempt the cheaper Fig Syrups and counterfeits. See that it bears the name "California Fig Syrup Company."

DIES FOLLOWING AN ILLNESS OF 4 DAYS

Death Comes Suddenly to Samuel A. Esterline, a Pennsy Engineer.

Samuel Arthur Esterline, aged 31 years and 4 months, an engineer on the Pennsylvania railroad, died at his late residence, 2723 Oliver street, at 1:40 o'clock Thursday morning following a brief illness of but four days' duration from pneumonia. Mr. Esterline returned

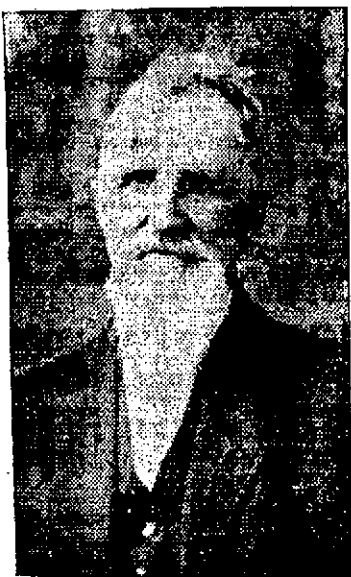

SAMUEL A. ESTERLINE.

home from work Saturday evening complaining that he was not feeling well. His condition became worse until death followed early Thursday morning. Born and raised in Abbot township, he moved to Fort Wayne when he was 21 years of age and took employment with the Pennsylvania railroad as fireman and four years ago was promoted to the position of engineer. He had a wide circle of friends who will be grieved to learn of his sudden demise. The deceased was a member of the Oliver street Baptist church and also of the Bible class of the same congregation. He was a member of the B. of L. F. and E. A. G. Porter lodge, No. 141. Besides the widow he leaves to mourn his loss, two children, Herman and Velma Esterline; a mother, seven brothers and one sister; J. Walter Esterline, of Indianapolis; W. E., Albert R., James O., Frank, Chester and Harry Esterline, all of this city, and Mrs. Orville Allen, of Fort Wayne.

OGDEN.

Benjamin Franklin Ogden, aged seventy-nine years and nine months, died at his family's residence on the Decatur road, three miles from the city

B. F. OGDEN.

at 11 o'clock Wednesday evening from pneumonia following a short illness.

He was born in Rochester, N. Y., June 2, 1835, and came to this county in 1879, and settled on a farm in Wayne township, where he has resided ever since. He was a veteran of the civil war, having served in Company A, Regiment 4 of the Michigan Infantry Volunteers.

Besides his wife he is survived by four daughters, Mrs. Jesse Stahlner, of Hillsdale, Mich.; Mrs. M. U. Philleby, of Wayne township; Mrs. F. Furbush, of Fort Wayne, and Mrs. William K. Houk, of Auburn. Four brothers who reside in Michigan also survive.

HARTMAN.

Mrs. Caroline Hartman, past seventy years of age, died after a six weeks' illness of heart and kidney affections at the family home, 1312 East Wayne street. Born in Cincinnati she came to this county when she was one year old and had made her home here ever since. Her husband preceded her in death seventeen years ago as did one son Joseph Hartman, who died three years ago. The following children survive her: Jacob Hartman, the real estate man of this city; John Hartman, manager of the chemical department at the Fair drugstore in Chicago; Mrs. Mary Miller of Cleveland; Mrs. O. T. Moncupenny of Michigan City, and the Misses Margaret M., Carrie E., Katherine B. and Virginia M. Hartman, all at home. Nineteen grandchildren also survive.

She was a woman of lovable and kind disposition and her demise will be felt with keen sorrow by her many friends who showed their esteem for her during her last severe illness. She was a member of the St. Mary's Catholic church and of the following societies: Altar Society, Holy Family, Poor Souls and Sacred Heart League.

Funeral services Monday morning at 8 o'clock at the residence, 1312 East Wayne street and at 8:30 o'clock at the St. Mary's Catholic church. Interment at Hesse Cassel.

DALMAN.

Mrs. Elizabeth Dalman, aged 74 years, died at 7:20 o'clock Thursday morning at a local hospital from infirmities of old age. Besides her husband, Robert E. Dalman, she is survived by

BULLETIN.

Newport News, Va., March 11.--The German cruiser Prinz Eitel Friedrich weighed anchor late today and limped into the Newport News ship yard preparatory to going into dry dock for repairs. Officers of British, French and Russian navies prepared to take crews of sunken ships from the war vessel. Immigration officials have decreed that more than seventy passengers taken on from the French steamer Floride are undesirable aliens and cannot enter the United States. The French line officials have declined to take care of them and they will remain under German charge on board the Eitel Friedrich until cared for by representatives of their governments.

POLICE AT CHICAGO RAID A DOPE STORE

Chicago, March 11.--A store of habit-forming drugs, said to have been secreted for the purpose of circumventing the Harrison law, was raided by Inspector W. D. Chandler of the internal revenue office here today. The drugs were found in the home of Frank Deuch, who, with a companion, Daniel Strong, was arrested.

City, county, state and federal officials with offices in Chicago, will meet tonight to co-ordinate their efforts to care for drug victims who are suffering because the supply has been cut off. Gov. Dumm has thrown open all available state institutions to them. Six victims of the drug habit, two women and four men, were ordered committed to the Chicago hospital for the insane at Duining by County Judge Scully today. The men and women drug users were unable to appear in court.

SOCIETY

Miss Edith Harding, who is to be a bride of early spring, was honored with a luncheon of most attractive appointments given at 1 o'clock today by Miss Ethel Doud and her sister, Mrs. Raymond Ellis. Yellow and white were the colors and a pale yellow and white basket filled with Marguerites and white sweetpeas and tied with bows of yellow tulle emphasized the center of the luncheon table laid in a luncheon set, also yellow and white. The favors were artistic paper mache souvenirs that looked like tiny flower pots of yellow and white blossoms. From the nut cases in basket shape extended yellow ribbons to the center of the table and place cards were attached to the little baskets. A gift to Miss Harding lay at her plate as a remembrance from the hostesses. There were eight young women at the luncheon.

Mrs. John Hoffman, of Oakwood avenue, was at home very informally this afternoon to about twenty young ladies she invited to call. Tea was served.

Miss Mary Evans, of West Berry street, is to give a tea on Saturday afternoon in honor of her guest, Miss Sarah Newell, of Newmarket, Pa., and for Miss Kelsey's guest, Miss Dorothy McIntosh, of Indianapolis.

Mrs. J. H. Gilpin has returned from a visit with her mother in Atlanta, Ga. Miss Elizabeth Levenberger, of East Creighton avenue, has gone to Chicago for a two weeks' visit.

The Ladies' society of the Lutheran hospital will meet tomorrow afternoon in the hospital parlors.

Mr. and Mrs. Frank L. Smock have returned from a month's trip to points in Florida and to Asheville, N. C.

Mrs. Herbert B. Wagenhals, of Toledo, is the guest of her parents, Mr. and Mrs. C. W. Orr, for a few days.

The Extension department of the College club will meet in Casino hall for one of its regular sessions on Monday, March 15.

Mrs. Sarah Vessey and Mrs. A. J. Vessey are expected home in a few days from Florida, where they went on a pleasure trip.

Mrs. Mollie B. Lovell, who has been a guest of Mrs. B. S. O'Connor for some weeks, is spending a few days with Mrs. L. A. Centlivre.

Mrs. Frank D. Bond has gone to Chicago and Freeport, Ill., for visits in each city and is accompanied by her younger son, George Crane Bond.

Mrs. Rose, of Jersey City, N. J., is expected to arrive here tomorrow for visits with her mother, Mrs. Graffe, and her sister, Mrs. Clara Kessen, of 1211 Erie street.

Mr. and Mrs. Davenport Thomas and children, Theodore and Margaret, have returned from visits in Chicago and other points. They were gone several months.

The College club will meet tomorrow with Mrs. B. Paul Mossman instead of with Miss Helen R. Harper as previously announced, as Miss Harper will be out of town at the time.

Miss Olive Spaulding arrived in the city today from Lake City, Minn., where she is teaching school and making her home with relatives. Miss Spaulding is called home by the demise of her father, C. H. Spaulding, of 928 Columbia avenue.

The officers of the Visiting Nurse league will lunch together at the English tea room tomorrow with two honor guests, Miss Fitzgerald, of Indianapolis,

who is to address the league at its annual meeting tomorrow afternoon at Trinity English Lutheran church, East Wayne street, and Mrs. John Kenower, of Huntington.

Mrs. Richard Czerwinsky's mother, Mrs. Maurer, has gone to Minneapolis with the little daughter of Mr. and Mrs. Czerwinsky. Mrs. Maurer is from Boston and came on here because of Mr. Czerwinsky's serious operation recently at St. Joseph hospital. Mr. Czerwinsky is leading violinist for the Minneapolis Symphony orchestra.

The G. T. polo club was entertained by Mrs. A. R. Frank on Wednesday evening in honor of her sister, Mrs. S. Kraus, of Detroit, Mich., and Mrs. L. Baiko, of Chicago, who is a sister of Mrs. Baiko, of West Jefferson street. Prizes were won by Mrs. Baiko and Mrs. M. Grashin. The hostess served a tempting lunch after the game. Mrs. Mar-sack will be the next hostess for the club.

Booth-Meyer.

Mrs. Allie A. Meyer, of Broadway, and Mr. John F. Booth, of Shelbyville, Ky., were married in Hillsdale, Mich., on Tuesday afternoon, March 9, by Rev. J. J. Will, at the parsonage of the Presbyterian church.

Bloomington P. T. Club.

At the meeting of the parent-teacher club of the Bloomington school tomorrow afternoon at 3:30 o'clock, Mrs. Johnson will address the club in the assembly hall on the Conservation of Wild Flowers. Mrs. Johnson is a visitor in the city and the committee of the P. T. club look for a large attendance of members and other friends. Regular class work will be conducted in the class rooms during the afternoon. Young children who need care will be looked after by the girls of the 8th grade.

Jefferson School P. T. Club.

Special attention is again called to the parent-teacher club meeting tomorrow evening at the Jefferson school because of the importance of the address to be given by Dr. Allen Hamilton on "Conservation of Nervous Energy of the Child." F. M. Price, principal of the Highland school, will give a talk on home and school gardens, based on his own practical observation and results of pupils of his school.

South Wayne School P. T. Club.

At the meeting tomorrow of the South Wayne school parent-teacher club Mrs. E. H. Underwood will give a talk concerning the care of children and there will be singing from children of the grades taught by Misses Jacobs and Burdette.

AT THE MAJESTIC.

DAVID WARFIELD HERE TONIGHT.

The season's most notable theatrical event will be celebrated at the Majestic theater tonight when David Warfield will appear in his popular revival of "The Auctioneer." Since this expert medium for displaying Mr. Warfield's genius was first appreciated by the public, thirteen years have elapsed, and instead of witnessing the play as originally written by Lee Arthur and Charles Klein, theatergoers, it is said, will see a much better comedy. Mr. Reissner, deferring to the standards that have al-

tered in a decade, has rewritten the piece, but it is less with this change that theatergoers are concerned as with the newer phase of Mr. Warfield's art.

"German War Pictures" at the Majestic Monday and Tuesday.

History is writing another chapter of its story now on the bloody battlefields of Europe and the whole world is deeply stirred and interested in the daily writing of its pages. The wonderful advance in the motion picture art made it possible for us to actually look upon the things that are happening and have happened in the greatest struggle that the world has ever known.

The motion pictures, taken by permission of the general staff, depict the whole story of the war up to date and show the happenings of the eastern and western theater of war. Scenes taken in Russia, Poland, Galicia and East Prussia, are the first ever shown before the great American public.

The enactment of the many scenes just as remarkable before one's eyes will interest all regardless of their sentiment or their sympathies in the present struggle. There is a lecturer who fully explains the various scenes.

AT THE NEW PALACE

Harriet Burr, the charming comedienne on the Keith New Palace bill, enjoys the unique distinction of being the only purely American actress that Harry Lauder ever congratulated unflinchingly on her ability to twist her tongue to suit the exigencies of a Scotch dialect song. Miss Burr sings her Scotch song with a burr in her voice as natural as the overcoat of a chestnut. The Keith bill this week is unusually prolific of real hits as the program embraces such attractions as "The Castilians" in a series of artistic poses done in bronze and verdigris; Johnny Johnson and his colleagues in "Taking Things Easy"; Mr. and Mrs. James Kelo, the famous comedy pair, in "Here and There in Vaudeville"; William Hallen and Ethel Hunter in "Just for Fun"; Sylvia Loyd in her remarkable juggling and tight wire act, assisted by her Pierrot, a team of black poodles and a flock of beautiful pigeons; the Kaufman brothers, black face comedians; and the B. F. Keith exclusive travel films.

AT THE COLONIAL

Colonial Program Delightfully Varied.

Kathlyn Williams, who gained an immortal niche in the "Hall of Filmmade Fame" by her remarkable acting in "The Adventures of Kathlyn," "The Spoilers" and other screen triumphs, is the stellar attraction on the list of feature plays arranged for today, the beautiful Selig star appearing in a beautiful adaptation of Harold McGrath's celebrated society novel, "Hearts and Masks." Wheeler Oakman and Charles Clary are in the brilliant assisting cast with Miss Williams.

The second feature play arranged for production reveals itself in a transcendently lovely romantic drama produced by the Latin company and which features Harry Myers and Rosemary Theby—"The Weight of a Crown." Here is a superb film with a haunting appeal that is truly irresistible.

Members of the Buffalo's lodge will give a banquet on Easter Sunday at their hall, 120 West Berry street.

Mr. and Mrs. J. R. Spatz, 1207 West Washington street, have been called to Kendallville on account of the serious illness of Mrs. Spatz's mother.

IN THE CHURCHES

TO VISIT FORT WAYNE WITH S. S. TOUR PARTY

E. K. Warren, the newly elected president of the International Sunday School association will visit Fort Wayne with the tour party, Tuesday, March 16, and will speak at the business men's

E. K. WARREN.

luncheon to be held at noon, Tuesday. Mr. Warren is a business man himself, being president of the Warren Feather-bone company, of Three Oaks, Mich.

Mr. Warren has gone to Sunday school all his life and is thoroughly acquainted with all the phases of the work having held offices of some importance ever since he was old enough. With a twinkle in his eye, Mr. Warren delights to tell of his boyhood when he and "four other girls" composed the Young Men's class in his Sunday school.

The newly elected president of the association is well known throughout the country as one of the best lecturers on Sunday school work. He has seen more clearly than most people the possibilities for good that the Sunday school offers and he has done much towards realizing these possibilities.

REV. AVERILL GIVES LECTURE.

Pastor of Trinity Church Speaks on "The English Reformation."

Following the Lenten services held Wednesday evening at the Trinity Episcopal church, Rev. Edward W. Averill, the rector, gave an interesting lecture on "The English Reformation," illustrated by stereopticon views. Beginning with the reign of Henry VIII, conditions were depicted through the subsequent years when Edward VI. won the throne. Rev. Averill stated that the church was not reformed by Henry but that it began in his reign and was carried to completion during the reign of his successors. Next Wednesday evening Rev. Averill will continue the series of reformation lectures, taking up the progress of the movement throughout the reigns of Queen Elizabeth and Queen Mary.

FORTY-TWO NEW DECISIONS.

Interest in the Pitzer-Upson Revivals at New Haven Increases Daily.

Forty-two persons made their stand for Christ Wednesday evening at the revival meetings at New Haven, conducted by Rev. H. H. Pitzer and Rev. Ray Upson. This brings the total of those who have hit the trail to fifty-three. Four prayer meetings are being held daily and interest seems to increase each day. Rev. Pitzer's sermon theme last evening was "Jonah."

The services Thursday evening will be of special interest as besides the usual crowds which attend each evening over 200 members of the Associated Christian Workers of Fort Wayne will also be in attendance.

East Creighton Avenue Church.

"Phillip and the Eunuch" is the sermon subject of the pastor, Rev. E. H. Clifford, tonight at the East Creighton Avenue Church of Christ in the following up evangelistic campaign, which is being held each night. Three were added to the membership last night, and two were baptized. A feature of last night's preliminary song service, which was conducted by Mrs. James E. Swaim, was a solo with guitar accompaniment by Edward W. Lenfesty. Tonight is "Shut In Night," and the special committee, of which Mrs. Theodore Weaver is chairman, is planning to have present a number of the "shut-ins" of the church and neighborhood. The service tonight will begin at 7:30 instead of 7:45, and will close promptly at 8:30 so that the old people who are present may not be kept late. Tomorrow night is "Every Member" night of the Junior Christian Endeavor society, of which organization Miss Edna Ramsey is superintendent. Reports will also be heard tomorrow night of the trip to New Haven of the young people to attend the Pitzer-Upson meeting, which is in progress there. Tomorrow afternoon's prayer meeting will be held at 1:30 o'clock at the home of E. M. Lenfesty, 2123 Gay street.

Agoga Bible Class Meets.

The regular meeting of the Agoga Bible class of the First Baptist church will be held Friday evening at the home of Albert Polhams, 624 East Lewis street. At this meeting plans will be made for the Easter services and also for the celebration of the fifteenth anniversary of the class. Several new members will be voted into the class membership Friday evening.

Delivers Farewell Sermon.

Rev. Fred E. Bennett, the evangelist, who has been conducting the services at the Bowser Free Methodist church for the past two weeks and a half, will deliver his farewell sermon Thursday evening when he speaks on "The Wedding Feast." The reception for the new members who have united with the church will be given Friday evening.

Gave Reception to New Members. Wednesday evening a large audience met at the West Creighton Avenue

MALLOY STORE SHOWS MANY LOVELY THINGS

A millinery opening in these days means more than the showing of new styles and beautiful hats. Any one of the hundreds of women who have this week visited Fort Wayne's oldest and most exclusive millinery store, Malloy's, knows why. There is found the charm of a room with harmonious fittings making a background that nothing interferes with. In a way it is a departure from the old fashioned way of conducting an opening for one or two days. The Malloys began their opening on Tuesday and are keeping it up all the week, with tonight the special evening reception. Because it is a reception of visitors and the lovely long rooms from entrance to the rear are as one woman expressed it, "simply a dream of loveliness." The walls have been papered with a rose paper, solid coloring, that is very soft, and with the rose color hangings, the softly shaded lights and the ornamental arrangement of trailing vines with pink buds placed on high woodwork and lower shelves filled with pink and white tulips and hydrangeas, are all as much a matter of good taste as the hats themselves.

As for the hats, everybody knows the refined taste, wise selections and strictly up-to-date "classy" character of the Malloy store. All along the rows of shelves, stacked away in boxes and hidden drawers were hats, big and little hats, black and in varied tints, flashing gay colors or tailored in wonderful new shades of soberer tint, soft crowns, stiff crowns, sailor style or some other quite popular, with ribbons hanging down or bows perched at an airship angle—all stylish, all pretty and many very beautiful, and every hat new. That's the story of what is really the most widely known millinery store in the city. And still another interesting fact in connection with the display of hats and the lovely surroundings for them is that of lower prices. Made in our own country flowers and other materials has cut millinery prices down one-half.

TEN YEARS' MISERY ENDED.

J. T. Chambers, merchant, Jonesboro, Ark., writes: "Foley Kidney Pills cured me of a ten-year standing case of rheumatism. I suffered miserably. A friend told me of being cured; so I used them, and they cured me, too." Most middle aged men and women are glad to learn that Foley Kidney Pills afford a way to escape sleep disturbing bladder weakness, backache, rheumatism, puffiness under eyes, stiff and swollen joints, and other ills attributed to kidney troubles. "Rule G," Thrilling and Realistic.

Without a doubt one of the most uniquely interesting photoplays issued by the Paramount Corporation is this infinitely thrilling and interesting "romance of the rails"—"Rule G." For genuine realism this picture has probably never been eclipsed the scenes laid in and about the railroad yards fairly breathing realism.

"Jack Chanty," a brilliant five part release, featuring Max Fignman and Lolita Robertson, is the attraction listed for tomorrow.

A Brilliant Collection of the Correct Millinery for Spring, Ready for Inspection

So impressed were we by the chic of the Millinery designs for Spring wear that we bought an extraordinarily big assortment for this formal showing of the season.

You therefore have in the display here tomorrow—a chance to see and choose from the biggest and most authentic collection of the new Spring styles that we have ever had the pleasure of showing you.

Sailors, from the ultra small to some new large sweeping sizes. Tricornes, Turbans, Pokes and Flats are also conspicuous among the styles that bid for popularity.

The prices are very modest. They have been fixed to enable you to easily meet the headwear demands of the new season.

We hope that you will embrace the opportunity offered by this early showing to become acquainted with the new modes and the superiority of our line in particular.

Either Way-- Drugs Are Harmful!

If a coffee drinker, have you stopped to think that, with every cup of coffee, you are taking from two to three grains of caffeine, a slow, but powerful drug?

According to medical authorities, caffeine is a cause of nervousness, heart trouble, indigestion, constipation and other ailments. It's a cumulative drug, and what's more, a habit-forming drug.

Sometime, when the coffee-drug gets in its tricks, you'll realize the harm it does; but wouldn't it be better to avoid trouble—stop coffee now and use Postum.

It is a pure food-drink, made from selected wheat and a little wholesome molasses, carefully roasted, ground and skillfully blended. This gives it a snappy taste much like that rich, old Java, but Postum is absolutely free from caffeine, or any other harmful ingredient.

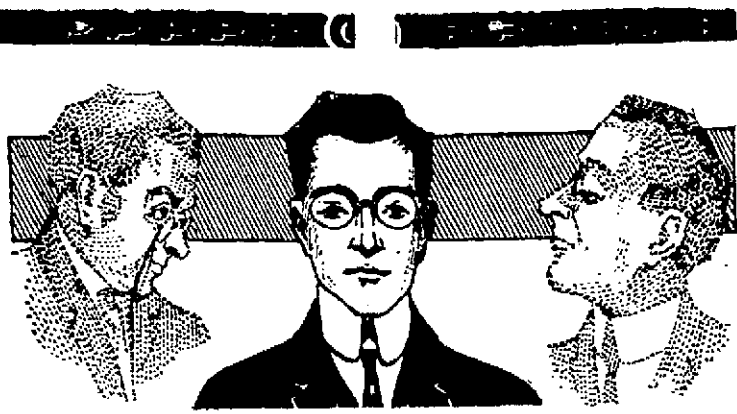

Postum comes in two form:—Postum Cereal—requires boiling—15c and 25c pkgs.

Instant Postum—a soluble form—no boiling required—made instantly in the cup with hot water—30c and 50c tins.

The difference is only in the form. Both kinds are equally wholesome and delicious and the cost per cup is about the same. Be sure to ask for the kind you want.

THOMAS TOLAN IS SUED FOR DIVORCE

Gets Injunction to Keep Him Away, But He is in Jail for a Spell.

Nina Tolan has brought suit in the circuit court against Thomas Tolan for divorce and has procured an injunction restraining him from molesting her, expressing fear that he will do her bodily harm. There is no occasion for immediate fear on this head, however, for husband Thomas is in jail awaiting trial on a disorderly charge with a good chance of hanging up his hat for quite awhile in Allen county's well-known bastille. Mr. Tolan was arrested Wednesday night, a few hours after release from jail on an expired sentence, when he was caught trying through the medium of a back window to call on a lady. Mrs. Tolan in her complaint says she and Thomas were happily married one January 10, 1914. Then, just to get the ironic laugh on cupid, Hyman, St. Valentine and other more or less mythical investigators and patrons of love affairs, February 14, 1915, was picked and chosen for the time of the break-up and on that day and date Nina and Thomas began to paddle their own canoes. She says he has subjected her to cruel and inhuman treatment, struck her, called her vile names and wholly failed to provide.

Wife Charges Adultery.
In a divorce complaint in the circuit court by Elnora Carpenter against Amaril Carpenter, the plaintiff accuses the defendant of the crime of adultery at a time and with a person unnamed. They were married in 1903 and separated last month. She asks the custody of three children, aged respectively 11, 9 and 7 years.

Also Gets Poodle and Puppies.
Judge Yaple in the superior court has granted a divorce to Zella Bitter and Arthur Ritter and in a long list of chattels of which ownership is given to her are a French poodle bitch and four puppies. She also gets a minor child and \$10 a month for support.

Notes of the Courts.
The superior court has granted Elizabeth Laughrey a divorce from William Laughrey and her maiden name, Elizabeth Ryan, has been restored.

The circuit court has postponed to April 20 trial of the suit of Grigor Nicoloff vs. the Fort Wayne and Northern Indiana Traction company for damages.

Otto Johnson, an Allen county farmer, has brought suit in the circuit court against Frederick Gaskins and the Fort Wayne-Auburn Automobile company for \$400 damages, alleging that he traded in a transaction by which he traded a team of horses to the defendants for an automobile. He says he was to be given a horse and that when the car was driven to his home it was found to be an old, worn-out and almost useless machine. He says he refused to receive the car and ordered one Baker, who drove it to the Johnson farm, to take it back. Baker made a pretense of doing so, says Baker Johnson, but when Johnson returned to his field, Baker came back and put the machine in Johnson's barnyard.

In the superior court Frank L. Griler has brought suit against Charles and Ella Ashbrook to foreclose a mortgage demanding judgment for \$7,000.

The receiver in the case of Samuel Messing vs. the Fort Wayne National Furniture company has filed a report in the superior court showing a balance of \$2,040.28 on hand and has also filed a petition to sell the residence of the defendant. The case has been in the court for a long time.

An order restraining the plaintiff from disposing of his property has been issued in the superior court in the case of John W. Wolcott vs. Amanda Wolcott, for divorce. They are an aged pair and have been married half a century.

The superior court has ordered the Snyder ditch in Springfield township established.

Judge Eggerman, in the circuit court, spent a whole forenoon hearing Charles Anderson's reasons for wanting custody of a minor daughter and then denied the petition and taxed the costs on the petitioner, whose wife, Minnie Anderson, has pending a suit for divorce.

TAKE LONG STRETCH OF GERMAN TRENCHES

(Continued from Page 3.)

Germany, as embodied in an order in council, was signed today by King George.

The king signed the order during a session of the privy council at Buckingham palace. Details of the plan have not yet been made public, but the order will be gazetted shortly.

Premier Asquith announced in the house of commons on March 11 that Great Britain and France, in retaliation for Germany's submarine warfare against British shipping, proposed to stop all trade to and from Germany.

BERLIN'S REPORT ON WAR.

Berlin, March 11.—The German war office today gave out a report on the progress of the war dated March 11, which reads as follows:

"An English aviator has thrown bombs on the town of Meunin, in West Flanders. Only one of his missiles exploded and this killed seven and wounded ten Belgians.

"The British yesterday attacked the German positions near Neuve Chapelle. At some points they entered the village. The fighting here still continues. The British advance near Givenchy has been repulsed.

"In the Champagne district the French have delivered two attacks against the positions in the forest east of Soissons, which they lost to us the day before yesterday. Both these attacks were repulsed, and the losses of the enemy were heavy.

"In the Vosges the conflict on the Reichslopf was resumed yesterday.

"To the west of Serje (to the north-east of Augustow) we took 600 Russian prisoners and captured three guns and two machine guns.

"A fresh Russian attempt to break through the German lines to the south of Augustow resulted in the annihilation of the Russian forces used in this endeavor.

"In an engagement northwest of Ostrelenska the Germans were victorious. Six Russian officers and 900 soldiers were taken prisoners, while eight machine guns were captured.

"The German attacks to the north and to the northwest of Praznysk have made further progress.

"In the fighting to the northwest of Novomasto 1,600 more Russian prisoners have been made by us."

WAR AGAINST FLOOD STARTS

(Continued from Page 1.)

mittee in investigating and determining the outside boundaries of the proposed drainage district and that a report upon this phase of the work should be completed by April 1.

It was decided that in view of these steps for the establishment of a drainage district and the creation of a flood commission which will investigate flood conditions and build general flood prevention works the construction of all local flood works by either the city or the county shall cease until it shall be determined whether or not such works are necessary and will fit into and become a useful and effective part of the general plans.

Meeting Prepares to Make Speed.

That the flood prevention committee is resolved upon speed and material results at the earliest possible date was clearly indicated by the motion which calls for the report on the proposed flood boundaries by April 1, when the committee will hold a meeting, act on the report and prepare to take the steps necessary for the creation of a flood district.

When the boundaries of the proposed district have been determined it will be necessary, under the law, for Allen county to procure to a petition asking for such a district the signatures of a majority of the freeholders in such district. This petition must be taken to the judge of either the superior or circuit court who, after determining that such petition bears the names of a majority, must enter an order declaring the establishment of the drainage district. When this is done the members of the city board of works and the members of the board of county commissioners, by law, become a joint-commission of the city and county for the prosecution of such flood prevention works as may be decided upon.

Puts Stop to Localized Projects.

The motion adopted to the effect that all local flood works shall be stopped means, among other things, that no further steps will be taken by the city for the improvement of the Maumee river dike along Lakeside and that the project for constructing a concrete wall two feet high along the St. Joe river side of St. Joe boulevard, from Columbia avenue to State street, will be abandoned.

General flood prevention works such as are embraced in the tentative plans of the two bodies that in due time will become the joint-commission will make these works that are wholly local to Lakeside altogether unnecessary. It is designed to remove from the Maumee river within and below the city certain obstructions that according to Engineer A. W. Grosvenor's report on flood prevention, cause at least a two-foot rise of the rivers on the Lakeside fronts and subjected that part of the city to its disastrous inundation two years ago this month.

Moreover, the proposed wall has aroused the hostility of exposed sections west of the St. Joe river along that stream and the St. Mary's and they have consistently threatened to stop the consummation of proceedings for the wall on the ground that while it may protect Lakeside, it will make conditions vastly worse to the west.

No Time Will Be Lost.

It was stated at the meeting that just as soon as it had been determined what the drainage district boundaries would be, work would immediately begin to procure the signatures to a petition for establishment of the district. These petitions will be circulated in Lakeside, Spy Run, Bloomingsdale, Newnaska, the low territory in the city districts more remote, where flood prevention measures will confer benefit. It is believed that no great difficulty will be encountered to obtain a sufficient petition.

If the plans in mind do not miscarry there will be an established drainage district and a joint drainage commission by May 1 or little later at most.

That there may be no delay of work the city and county are both empowered to appropriate money to be advanced for preliminary work and both governments

General Rule Applied.

The general rule that has been applied is that a belligerent war ship must take its prizes into port unless there are uncontrollable reasons like unseaworthiness, lack of prize crew, danger of recapture or the presence of contraband, which would make certain its condemnation by a prize court. The commander of the belligerent vessel must preserve the neutral ship's papers and bring them to a prize court for the entering of a decree. In the Russo-Japanese war the United States protested to the Russian government against the sinking of the British steamer Knight Commander, with an American crew, in far eastern waters. The crew testified that the vessel had been sunk for want of coal to proceed to Vladivostok and the United States considered that the sinking of the vessel was not justified by the facts that there was contraband of war aboard.

The fact that wheat is conditional contraband, that a ship would be liable to condemnation only if it were proved that its cargo was destined to the belligerent forces of an enemy and that no opportunity was afforded for the furnishing of evidence, make officials believe that the case of the United States against Germany is a strong one.

AWAITING DECISION.

Washington, March 11.—Officials of the United States government today awaited a decision by the neutrality board on problems arising from the destruction of the American sailing ship William P. Frye by the German converted cruiser, Prinz Eitel Friedrich now at Newport News, before deciding on what action to take.

An immediate decision by the board was looked for the question of how long the raider might remain in port to undergo repairs and what disposition should be made of the more than 300 survivors of the various ships she had captured. Every indication it was said led to the belief that the cruiser's captain would elect to intern the ship until the end of the war. Captain Boy-Ed, naval attaché at the German embassy, was reported to be on his way to Newport News to confer with the German captain on this point.

Washington Stirred.

Official Washington was stirred by the sinking of the Frye. It was held that the vessel's cargo of wheat bound for Queenstown could not be classed as contraband and that therefore the ship was not subject to seizure. Some officials asserted that the incident on its face bore the appearance of an un-

friendly act which must result in diplomatic exchanges with Germany. If the destruction of the Frye was considered an unfriendly act it was understood the United States probably would seek the usual honorable amends as well as reparation for the owners.

Since the warship and her officers are under the jurisdiction of the United States owners of the Frye and her cargo can institute libel proceedings to recover for loss of their property.

Puts Germany in Dilemma.

Whether the action of the captain of the Prinz Eitel has not placed his government in a dilemma by sinking the American grain ship William P. Frye, was much discussed in official quarters. Assuming that the Frye's cargo was not consigned to the British government one view is that the German government either must repudiate the action of Captain Thierichsen and pay for the Frye and her cargo, or withdraw its protest to the state department against the British assumption to the right to seize food cargoes bound from a neutral country like the United States to the civilian population of Germany.

It was believed possible that Germany might seek a middle course by adopting the British view that goods shipped "to order" are not entitled to the same exemption from seizure or detention as those consigned to some individual or firm. That, however, is directly opposed to the American contention, strongly set out in a number of notes exchanged with the British government early in the war in relation to copper shipments still maintained.

Though the German national vessel and on the same footing as a full fledged man of war it is held by some state department officials that being in American territorial waters her commander cannot legally hold a single prisoner, not a member of his own crew. Therefore if he has detained aboard ship four British-French prisoners because they refused to promise not to bear arms against Germany, port authorities at Newport News may demand their release as soon as their attention is directed to the facts, probably by one of the embassies here or by consular officers at Norfolk.

Wealthy Fleeing Constantinople in Fear of Capture.

Geneva, March 11.—The first guns fired by the allied fleet in the Dardanelles stopped all business in Constantinople and was the signal for a panic, according to Swiss travelers who have arrived here from the Turkish capital by way of Brindisi. They declare many wealthy families are leaving for abroad. Constantinople is said to be full of officers, including Germans, comparatively few troops, most of them artillery men, who are going to the front. There are persistent reports in the capital that a large army soon will arrive from Adrianople.

BIG SEAT SALE FOR SECOND TOURNAMENT

Several Special Competitive Drills Have Been Arranged.

According to the advance seat sale the second annual military tournament at the Concordia college gymnasium Friday evening will be well attended. All seats will be reserved and tickets have been placed on sale at a number of places in the city. This tournament has attracted much attention, as it is a new mode of entertainment and because the first tournament held last year proved such a success.

The program Friday evening will be a strictly military one between the different companies of the battalion. Special competitive drills have been arranged between the different companies, sergeants, corporals, privates and recruits. The athletes of each company will be given an opportunity of displaying their prowess in a relay race and a wall scaling competition. The battalion will march in review and will have a salute to the colors. Extra seats have been erected during the last few days so that a large number of spectators can be accommodated. The gymnasium will be well heated. The program will begin promptly at 8 o'clock.

MUCH GLOOM AMONG PHILADELPHIA FANS

Most Optimistic Fan Cannot See World's Series for Either Team.

Philadelphia, March 11.—The well known depths of despair hold Philadelphia's boys for a pennant this season. Even the most optimistic fans cannot see themselves standing in line for world's series duels next October. Both teams have had the severest shakeups this winter in their history, and only a miracle can bring either of them to the tape ahead of fourteen other teams.

The disintegration of the Athletics' famous machine is the hardest blow Philadelphia fans had come to look upon a world's series as an annual affair with Philadelphia—one that was theirs by divine right, or something of that sort—and the crash that shot the famous aggregation into history shook them to their toes.

The justly famous "\$100,000 infield" now looks like 29 cents—some of the more belittled even assert the three should be erased. The famous "Barry to Collins to McInnis" that figured daily in the box scores is gone. Quaker fans began to sit up and take notice when Bender and Plank, the two men who have brought pennants to Philadelphia year after year with their sterling performances, were gone. Then came the Collins deal. That left their hopes stunned a bit more. Before they had time to recover Frank Baker, king bee swatter of all world's series, announced he was through. That was the proverbial last straw.

Mack is now back where he was five years ago. True, he still has Barry and McInnis, but the pair seems like the skeleton of a once solid structure. The addition of Larry Lajoie is going to help some, but the veteran is slowing up; he had a bad year last season with the Naps and he is viewed with some skepticism. Kopt, the little utility infielder, will try to fill Baker's shoes at third, but is woefully weak. He only batted .182 in 34 games last season.

Mack had his old outfield to begin with again—Strunk, Oldring and Murphy. He is well fortified behind the plate with Lapp and Schang, but his pitching staff should cause him some worry. Bush, Penneck, Wyckoff, Shawkey and Breasler do not stack up favorably with Gregg, Wood, Leonard, Collins and Foster combined which Boston boasts of, nor the Cicotte, Scott, Benz, Russell and Fisher contingent upon which White Sox fans rest their hopes.

Another thing which is undoubtedly going to have an effect on the team. That is the absence of the four old stars. They are going to feel strange facing the enemy without them—that old confidence and cock-sureness that won them many games isn't going to be there.

CAUTION IS URGED.

Golfers Are Asked Not to Tear Up Links Any More Than Possible.
The following note of caution has been sent out by President Ward L. Wilt and the members of the greens committee of the Country club: "We are urging you, friend golfer, to have a care while on the links this early in the season. The ground is soft and it is an easy matter to tear up considerable turf while making a shot. If you are thoughtful now and replace all your divots, however, the course is bound to profit and you will be surprised at the good results later on in the season."

BASEBALL SEASON TO OPEN APRIL 21

Fort Wayne is Staged to Play First Home Game on April 27.

The season of 1915 of the Central league will open on April 21, according to the schedule just completed by the committee in session here for the last two days.

Fort Wayne will open the season at Terre Haute and a week later, April 27, the opening game will be played in this city with Terre Haute.

The season will open as follows: Youngstown at Wheeling, Erie at Dayton, Grand Rapids at Evansville, Fort Wayne at Terre Haute.

The opening dates for the other four towns on April 27 are as follows: Dayton at Youngstown, Wheeling at Erie, Evansville at Grand Rapids, Terre Haute at Fort Wayne. The schedule will not be released until March 20.

The committee completed its work Thursday after revising the constitution of the league, made necessary by the addition of new cities.

All difficulties have been satisfactorily removed and everybody feeling happy and boosting for the success of the league, President Heilbroner is very optimistic regarding the coming season. There is every reason to believe that the season of 1915 will be the most successful in the history of the league.

Members of the committee in charge of the schedule were President Heilbroner, of Fort Wayne; Harry Stahlhofer, of Evansville; Tom O'Connor, of Erie, Pa., and Elmer Redell, of Dayton. All the members of the committees were present with the exception of Redell.

KAUFF WANTS TO GET BACK.
Indianapolis Fed Player Seeks to Return to Organized Ball.

Marlin, Tex., March 11.—Word-reached the New York National's camp today that Benny Kauff, now with the Indianapolis Federals, wants to return to organized baseball and had been in correspondence with Manager McGraw. McGraw said he never had received a letter from Kauff, and declared he was facing the problem of disposing of players, not adding to them.

Emilio Palermo, the Cuban player, reported today.

MAY DECIDE CHAMPIONSHIP.

Weich and Ritchie to Meet in New York Tonight.

New York, March 11.—The lightweight boxing championship of the world may be decided in a ten-round match to be fought in Madison Square garden tonight between Freddie Weich, the English holder of the title, and Willie Ritchie, the Californian. The two men will weigh in at 135 pounds at 2 o'clock this afternoon, and are said to be in first-class condition.

Theodore Woebeking, who has been living on a farm near Woodburn for the last twenty years, has moved to a fruit farm near Freeseil, Mich., where he expects to make his future home.

WELSH IS COMING SUNDAY FOR BATTLE

Word has been received by Matchmaker George Blumer, of the Summit City Athletic club, that Freddie Welsh, lightweight champion of the world, would be here Sunday to prepare for his battle with Hal Stewart at the Majestic theater Wednesday. He will come direct from New York, where he is scheduled for a fight with Willie Ritchie Thursday night.

Besides his manager, Harry Pollock, Welsh will be accompanied by several training partners and friends.

In connection with the big Welsh-Stewart fight there will be two ten-round preliminaries between Frankie Mason, of this city, and Lester Cronin, of Muncie, and one between Young Klenke, of this city, and Kid Lewis, of Toledo.

Tickets for the big fight are going rapidly and that every seat in the theater will be occupied is a certainty.

Roland Anspach, of the A. B. Vulcanizing works, has gone to Anderson to supervise the construction of an immense kettle to be used for retreading auto tires.

The Broad Way Leads to Goodyear Tires

Try it a little while. It has carried some 400,000 motorists to the haven of content. It is traveled by more users than has any other tire. That has been so for years.

We can't win you to Fortified Tires by asking you to try them. The tires themselves must win you.

But our plea is that you should try the tires that countless men found best. There must be a reason as you know, why Goodyears dominate like this. Last year men bought about one Goodyear for every car in use.

Men Like You

This Goodyear army is composed of men like you. They want quality, safety, endurance. They want trouble-saving and low cost per mile.

Goodyears beat out these wants. They met them because they are Fortified Tires.

In five costly ways, employed by no other maker, they offer unique protection. They combat five troubles—rim-cuts, blowouts, loose treads, punctures and skidding—as is done in no other tire.

Price Reduction

On February 1st we made another big price reduction. That makes three reductions in two years, totaling 45 per cent.

Today Goodyears, more than ever before, offer you most for the money. They offer you the utmost possible in tires, measured

by cost per mile. Doesn't their top place prove that? The following Goodyear Service Stations will supply you

ENGINEERS PREPARE TO LEAVE THE CITY

Survey is Practically Completed for Toledo to Chicago Canal.

The engineers who have been working for the past few months on the proposed Toledo, Fort Wayne and Chicago barge canal are nearing the end. On Monday a majority of them will "quietly fold their tents" and leave the city. Captain L. H. Watkins has notified them that after that date their services will no longer be needed. Many of them are now looking for new jobs. A few of the engineers will remain until April, when Captain Watkins expects to have his report entirely finished and ready for the army board. He is now working night and day on it and unless the unforeseen happens by the first of the month he will be ready to "lock up shop."

Without doubt the office of the government engineers is now the busiest place in Fort Wayne. There is much work to be done and it must be done by a certain time.

Members of the board of army engineers will make an exhaustive investigation of the report and will doubtless make a trip over both of the routes in an effort to determine which one is the most feasible. If the report passes the army board—and there will no doubt be several alterations—it will then be presented to congress for final action. Whether the proposed waterway is ever a reality there is much difference of opinion. That it is feasible is a certainty and so far as the water supply is concerned that much is also certain. The report that is to be made on the commercial value of the canal is equally as important as the report to be submitted by Captain Watkins. This report is now being prepared by Major P. S. Bond and Malcolm R. Sutherland, junior engineer, which will be submitted to the army board at about the same time as the report on the survey.

TO ASK FOR FUNDS FOR A MILK DEPOT

With the success of the baby milk depot which was inaugurated in Fort Wayne last summer and which received the indorsement of the city board of health, in mind and the great good which it accomplished, Rev. Henry R. Master, rector of the First Presbyterian church, will ask the session of the church at its next meeting in a few weeks for an appropriation so that a similar station can be operated this year at the church. It will not be run as a municipal depot or under the auspices of the medical society but will be sanctioned by both.

At the close of depot last year, the idea was advanced by many to make this institution a municipally owned one and to be conducted by the city board of health, but existing conditions have prevented such for this year and without a doubt the officials of the First Presbyterian church will vote to supply funds for this depot as several members of the session have expressed their opinion in favor of it.

If the money is allowed, as was the case last year, the depot will be conducted at the church and an efficient corps of doctors will again take charge of the examination and prescriptions for the babies. An effort will also be made to have a trained nurse at the church throughout the summer.

In reviewing the work at the close of the station last year a number of physicians stated that they were of the opinion, that the infant mortality which is usually very great during the summer months was greatly lessened in this city on account of the work for the babies.

COMPOSER OF BIG
MUSICAL HITS HERE

Of course you've heard "Pick a Chick," one of the big musical rages of the day, now being featured by the Elks band in Fort Wayne and by other musical organizations over the country. Well, the composer is in town, but he is minus the long hair and the cadaverous appearances usually supposed to be associated with musical genius. On the contrary, he is a young live-wire business man who travels out of New York, selling so prosaic and unromantic a product as underwear, and he has been visiting Fort Wayne merchants at frequent intervals for some years.

He is Mel B. Kaufman, who took up music as a diversion and admits that it has become a hobby with him. He has produced a good many other big instrumental hits, among them being "Come Across" and "Bing Bing." Many of Mr. Kaufman's catchy numbers are being used by the Castles in their special dance numbers.

TO BE SHIPPED TO HIS OLD HOME

Remains of A. Tempest to
Be Taken to Monongahela
City for Burial.

Aaron Tempest, the father, and Wardell Tempest, the uncle of Charles A. Tempest, who was fatally injured by a fall down stairs at the Pennsylvania shops Tuesday night, arrived here early this morning and assumed charge of the remains, which will be shipped on Pennsylvania train No. 8 at 7:50 o'clock tonight for Monongahela City, Pa., the home of the family, where the funeral will be held. The remains can be viewed at the undertaking parlors of Getz and Cahill this afternoon, between the hours of 4 and 6. A post-mortem examination by Dr. Budd Van Sweringen last night revealed the fact that death was due to peritonitis resulting from a punctured bowel. The deceased told Dr. Van Sweringen and some of his shop friends before he was taken to the operating room at St. Joseph hospital that in descending the stairs one of his feet caught in the leg of his overalls and tripped him, causing him to fall four or five steps. He was operated upon at 10 o'clock and died an hour after the operation. Machinist Tempest was 26 years old November 6 last and was unmarried. Surviving him are the father and mother, Mr. and Mrs. Aaron Tempest, three brothers and four sisters, and an uncle, Wardell Tempest, all of whom reside at Monongahela City. The young man came here and took employment at the Pennsylvania shops last September working in the day trick until last week, when he was shifted to the night gang.

CAR BUILDING MORE ACTIVE.

Railroads Placing Big Orders with the Car Shops.

(Pittsburgh Dispatch.)
It would seem from the large number of railroad equipment orders being received by steel companies and car building concerns that the buying of equipment by railroads, long suspended, is now in full swing. Last week the railroads bought about 65,000 tons more rails, and already this week steel companies of the Pittsburgh district report increased inquiries, with good prospects of some large contracts. Car buying is becoming more pronounced daily, builders say. Nearly every railroad in the country has participated in the car buying movement, and up to date the orders aggregate many millions of dollars.

Conspicuous among the car orders just reported are the following: Atchafalaya and Santa Fe, 700 box cars and 200 tank cars; Union Pacific, 750 stock cars; Baltimore & Ohio, 1,000 box cars and 1,000 hoppers; Illinois Central, 1,000 refrigerator cars; Philadelphia & Reading, 10 coaches and 15 combination cars; United Coal company, 1,000 repair cars; Spang, Chalfant & Company, 10 flat cars and 5 gondolas; Grand Rapids & Indiana, 6 coaches; Erie Railroad, 600 repair cars; New York, Chicago & St. Louis, 200 repair cars; Chicago, Burlington & Quincy, 1,200 box cars and 300 stock cars; Kansas City Electric railway, 50 street cars; Vernon Coal and Coke company, 100 mine cars; Mather Stock Car company, 500 stock cars; W. S. Forbes & Company, 2 tank cars; Interborough Rapid Transit company, 12 suburban cars; Boston & Maine, 6 postal cars; Long Island railroad, 20 passenger cars; Delaware, Lackawanna & Western, 5 postal cars; Chicago & Milwaukee Electric railway, 15 passenger cars.

A considerable part of these contracts have been awarded to the Standard Steel Car company and the Pressed Steel Car company of Pittsburgh. There is not much doing in the way of building locomotives, however. Last week, so far as announced, only one order was placed for locomotives. The St. Paul ordered from the General Electric company nine 260-ton electric locomotives for use on the second engine division of the new electrical line from Three Forks, Mont., to Harlowton.

RECEIVES ANOTHER BOOST.

Co-operative Store Project Moving Towards the Goal.

At the second mass meeting in the interest of the proposed Fort Wayne branch of the Co-operative store last night, held at the Majestic, the movement was given a very substantial boost, when in the neighborhood of \$5,000 worth of stock was subscribed. The total sales now approximate \$30,000, only about \$15,000 short of the figure set for the capital stock. Arrangements have been made for the entire "booster" committee to meet at Unity hall, corner of Holman and Calhoun streets, at 8 o'clock Saturday night and the initial meeting of the stockholders will be held Monday night, March 22, probably at the Unity hall also. The attendance at the meeting last night was good, all of the seats in the lower part of the theater being filled and a number in the balcony occupied. Chairman P. E. Bell, of the booster committee, presided, introducing first President Joseph D. Shaw, of the Fort Wayne Federation of Labor, who made a speech. E. S. Phillips, manager of the Co-operative company, then spoke, explaining fully the working of the movement throughout the state. In the canvass for stockholders the Ninth ward boosters lead the list. They will hold a meeting in Miller's carpenter shop, on High street, this evening.

attractive, that no shopping tour can possibly be complete without
first viewing Rosenthal's.

For Friday and Saturday's selling we will tell you about those Smart Spring Suits which are the talk of Fort Wayne. Tailored from the finest quality fabrics and designed by the foremost designers of the country. It will take but a glance from you to tell these are not really "ordinary values," and when we say "values," Rosenthal's guarantee of long standing is back of them. French Serges, Poplins, Gaberdines, Coverts and Silk Poplins, priced tomorrow at

any time anybody worked for him was during the two afternoons he was laying off to attend to private business. For steady service, Mr. Richardt probably holds the record in Fort Wayne.

MOVING TO A FARM.

Frank Schuller, the Moulder, Buys Tract of Land.

Frank Schuller, a car wheel moulder at the Bass foundry, resigned this morning and is packing up his household effects and making other preparations for moving onto a farm near Antwerp, O. He has secured 100 acres of good land there and will make it his future home. Mr. Schuller has been at the Bass foundry about fifteen years, learning the trade there and working in the car wheel department ever since except for a brief period, when he was engaged in other work. He is regarded by Superintendent Granau and General Foreman William Klingman as one of the best men in the shops.

WILL HAVE SEWING PARTY.

Another of the pleasant parties given at the hall at the corner of West Main and Cherry streets under the auspices of Nickel Plate division No. 513, Grand International Auxiliary to the Brotherhood of Locomotive Engineers, will be held Friday afternoon, between the hours of 2:30 and 4:30. Mrs. T. E. Short, the president, and Mrs. Walter O. Granger, secretary, are sending out notices and hope to have a big crowd. This social is open to the public and a general invitation is given and a request made that the guests bring their sewing or fancy work. The committee in charge of the social is composed of Mrs. W. O. Granger, Mrs. Marion Teagarden, Mrs. John Bottger, Mrs. William Hoesel and Mrs. T. C. Cooper.

TO START Y. M. C. A. CAMPAIGN.

Believe people who are interested in the Y. M. C. A. in that city are about to start a membership campaign. The Nickel Plate has been a liberal contributor to the Y. M. C. A., increasing the amount of its first pledge, when it became evident that money was needed but the citizens of the town, the friends of the association say, have not done their share and they are now to be "stirred" up. The membership, which at one time was 400, is now only 200, and the greater portion of these are Nickel Plate employees.

DR. C. B. STEMEN OUT.

Dr. C. B. Stemen, the veteran railway surgeon, is out on the streets again after being confined to his home with a bad cold for two or three weeks. Dr. Stemen appeared at his office yesterday for the first time since he was taken ill.

TRAIN SMASHES A WAGON.

Pennsylvania train No. 10 struck and demolished a wagon on a street crossing at Hamlet about 6:15 o'clock last evening. The wagon was tied at the rear of

another wagon and was some distance from the driver and the team, who escaped. The pieces of the vehicle were scattered around promiscuously, but no one was hurt.

INDUSTRIAL NOTES.

Pennsylvania Fireman O. Fell is sick and off duty.

L. E. Newsum, traveling freight agent for the Lackawanna line, was in the city today.

B. O. Perry, brickmason at the Pennsylvania blacksmith shop, is sick and off duty.

Supt. E. A. Solitt, of the Wabash, was in the city today looking after some railway matters.

Fred Davis, Nickel Plate conductor, resumed duty yesterday, after an absence of a few days.

After an illness of two days, Engineer George Hantch reported for duty at the Pennsylvania power plant.

E. T. Telley, who had his eyes injured by iron dust, resumed work in the Pennsylvania erecting shop this morning.

Fireman E. A. Vorman resumed work on the Nickel Plate yesterday, after an absence of three weeks because of a sprained knee.

Supt. W. M. Wardrop and the Pennsylvania division officials are out inspecting the line between Fort Wayne and Crestline today.

Brakeman Harlow Swinehart, who had been taking a lay off to look after private affairs, reported for work on the Nickel Plate this morning.

Supt. H. M. Williams and Supt. W. F. Patterson, of the Nickel Plate, left at 3 o'clock this afternoon for Cleveland on business for the company.

Conductor W. O. Miller, of the Nickel Plate, is on duty again after a two weeks' illness on account of the sickness and death of a relative in Ohio.

B. A. Weaver, of the Pennsylvania blacksmith shop, who had been absent a few days, reported for work this morning. He also brought news to the shops of the arrival of a baby boy at his home.

Walter Gushing, who with his wife and little son had been visiting relatives in the city, left for their home in Louisville yesterday. Mr. Gushing is a mechanical engineer in the employ of the Louisville and Nashville railway.

Mr. Olson, foreman of the Wabash pattern shop at Decatur, Ill., is here today inspecting the company's patterns at the Bass Foundry and Machine works, where most of the castings used by the railroad are made.

R. W. Leslie, watchman at the Winter street crossing of the Pennsylvania, received a bad scalp wound when the trap door of his tower house dropped on him as he was descending the ladder.

Dr. B. Van Sweringen had to take eight stitches in closing the wound.

Delegations from the B. of L. E. from Peru and Indianapolis attended the funeral of Wabash Engineer James Rogers at Mayette last Tuesday morning.

The Peru B. of L. E. in which Mr. Rogers held membership, sent twenty delegates. The deceased lost his life in a derailment accident at Maumee, O., last Saturday.

The Minuet orchestra. Carl Roembke

leader, furnished music for the Business Men's Formal Dancing club at Van Wert last night. The affair was one of the most brilliant social events ever held in Van Wert and was a "dress affair" in every sense of the word, Mr. Roembke said.

Ray Sturgis, of Bluffton, passed through the city yesterday, en route to Alexandria, Va., where he will assume charge of the mechanical part of the Alexandria Gazette, the oldest newspaper in the United States.

The ladies of the Turner society will give a pedro party in their hall Friday afternoon.

CHICAGO GRAIN AND PROVISIONS.

Chicago, March 11.—Wheat prices weakened today in sympathy with a decline at Liverpool. The outlook for larger shipments from Argentina counted against the bulls and so also did the outlook for progress in the opening of the Dardanelles. Opening prices varied from 1/2c to 2 1/2c off and were followed by only a moderate reaction.
The close, however, was weak at 1/2c down to 1/2c up compared with last night. Corn rallied after an early sag, due to the downturn in the wheat market. After opening 1/2c to 1/4c lower, the market ascended to above last night's level.
The close was unsettled at a shade to 1/2c above last night.
Comparative strength was shown by oats. Signs of a substantial shipping demand were in evidence.
Larger receipts of hogs throughout the west had a depressing effect on provisions. Packers were free sellers, especially of lard.

THE DAY ON WALL STREET.

New York, March 11.—Irregularity was again the feature of the stock market in today's early trading, with nominal price changes. Leading shares were either lower or at a standstill, while the speculative specialties and the inactive group denoted further pool manipulations. American Smelting was the only prominent stock to show a gain of more than a slight fraction, advancing three-quarters of a point. Prices manifested a hardening tendency later. London's range for Americans was generally under yesterday's close.
Prices continued to improve after the initial period of uncertainty, traders taking courage from the successful outcome of the state bond sale and announcement of more gold imports from the orient, which now amount to a substantial sum. Shares of eastern trunk lines were in moderate demand, Erie issues rising concurrently with the offering of the new \$10,000,000 5 per cent. extended notes.
Automobile shares and low priced railroad stocks were bought in the late dealing. Profit taking occurred in Steel and other favorites. The closing was firm.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Fair tonight and Friday; not much change in temperature; lowest tonight, about 27 degrees.
For Indiana, Ohio, and Lower Michigan: Fair tonight and Friday.

WEATHER CONDITIONS.

Fair weather is reported from nearly all sections of the country this morning. The only precipitation during the last twenty-four hours has been some light rains in the extreme southwest and over portions of the north Pacific coast districts, and some light snow over eastern Ohio.
Moderately cool weather continues over the states from the Rockies to the Alleghenies. Zero temperatures are still reported from portions of Montana and the Dakotas, Pierre and Huron, S. D., reporting eight below.
In this section fair weather will continue tonight and Friday, with but slight changes in temperature.

MOST DOCTORS HAVE

"DOPE" PATIENTS

Much Distress as Result of

New Law Pertaining to

Narcotics.

"Say, doctor, I'm all in." Trembling from head to foot and on the verge of a nervous collapse, a "dope fiend" appealed to a Fort Wayne physician Thursday for medical treatment.
The young man was really in a pitiable condition. It had been several days since he had indulged in his favorite drug and now that an act of congress has cut off his supply with no chance of him getting more, he was fearful of the outcome.
Probably every physician in the city has one or more drug addicts as a patient. A few of them are being cared for at the hospitals, it is understood, especially those who have expressed a desire of being cured of the terrible habit. And there are not many who would not be thankful to be restored to health and to have all the desire for the drug removed.
One physician told of having two "dope" patients, both of whom are women. He declared that one of them was of considerable social standing, but had been a user of drugs for a number of years. The other woman had used drugs for the last twelve years.
The worst is yet to come, according to the physicians. Many of those addicted to the use of narcotics knowing that the new law would go into effect on March 1, laid in a supply sufficient to last them for several weeks. When all this supply has been exhausted the physicians are anticipating serious trouble. Suicides are not at all improbable, they declare.

WANTS TO LOCATE NEW FACTORY HERE

In these days when every city is striving to secure industries it is most unusual for a letter from a Commercial club of another city volunteering to secure a good factory as was the case Thursday morning when Charles L. Biederwolf, secretary of the Fort Wayne Commercial club, opened his mail. He found a letter from the secretary of the Commercial club at Racine, Wis., who says he can secure for Fort Wayne a splendid factory for the manufacture of

Mrs. Polly Barrone, aged 54, is at the point of death at the home of her son, W. J. Barrone. Her son, George Barrone, and her sister and sister-in-law, Lucinda and Sallie Brown, of Monroeville, are at her bedside.

PRICE OF BREAD TO REMAIN THE SAME

That there will be no drop in the price of bread for several weeks was the opinion expressed Thursday by several Fort Wayne bakers. There has been very little drop in the price of wheat and there is no immediate prospect of any reduction in the price of flour. Consequently, as long as flour remains at the present high figure bread will remain at 6 cents a loaf. At that price, it is claimed, there is little profit for the baker.

When it was learned that the price of bread in New York had been reduced there was immediately a report that the same action was to be taken by the bakers of Fort Wayne. Local bakers are of the opinion that there is a fight among the bakers in New York which probably accounts for the reduction in bread prices. Fort Wayne bakers declare that as soon as the price of flour justifies it the price of bread will be reduced to the old price. But there will be "nothing doing" until that time.

MOTHER DIES BEFORE SON REACHES BEDSIDE

In response to a telegram telling of the serious illness of his mother, Mrs. Fred Wentz, Theodore Wentz, cashier of the German-American National bank, left Thursday morning for Elkhart. Before he reached that city a telegram came telling of her death. Mrs. Wentz went to Elkhart several days ago from her home in Canal Dover, Ohio, to visit with her daughter,

Mrs. Burton. While she was there she was taken suddenly ill. At first her condition was not alarming, but she grew rapidly worse and when death seemed inevitable, Mr. Wentz was telegraphed to come at once. He left on the first train, but did not reach Elkhart before her death. Mrs. Wentz will leave Thursday evening for Canal Dover, O., where the body of her husband's mother will be taken for burial.

About two months ago Mr. Wentz's father died at Canal Dover and since that time his mother has been in failing health.

THE SENTINEL'S DAILY SCRIPTURE READING.

Luke 17:6-19.

6 And the Lord said, If ye had faith as a grain of mustard seed, ye might say unto this sycamine tree, Be thou plucked up by the root, and be thou planted in the sea; and it should obey you.

7 But which of you, having a servant ploughing or feeding cattle, will say unto him by and by, when he is come from the field, Go and sit down to meat?

8 And will not rather say unto him, Make ready wherewith I may sup, and gird thyself, and serve me, till I have eaten and drunken; and afterward thou shalt eat and drink?

9 Doth he thank that servant because he did the things that were commanded him? I trow not.

10 So likewise ye, when ye shall have done all those things which are commanded you, say, We are unprofitable servants: we have done that which was our duty to do.

11 And it came to pass, as he went to Jerusalem, that he passed through the midst of Samaria and Galilee.

12 And as he entered into a certain village, there met him ten men that were lepers, which stood afar off:

13 And they lifted up their voices, and said, Jesus, Master, have mercy on us.

14 And when he saw them, he said unto them, Go shew yourselves unto the priests. And it came to pass, that, as they went, they were cleansed.

15 And one of them, when he saw that he was healed, turned back, and with a loud voice glorified God,

16 And fell down on his face at his feet, giving him thanks; and he was a Samaritan.

17 And Jesus answering said, Were there not ten cleansed? but where are the nine?

18 There are not found that returned to give glory to God, save this stranger.

19 And he said unto him, Arise, go thy way; thy faith hath made thee whole.

More Going Than Coming.

Another of war's effects has been to completely reverse the tide of alien travel to and from the United States. For the first time in the history of the United States the flow of immigration has been turned back toward Europe, and more aliens are leaving the United States than are coming here to make their homes.

Statistics just made public at Washington by Immigration Commissioner Caminetti show that the change came in December last, when the number of emigrant aliens leaving this country was greater by 2,240 than the total of immigrants entering. In January, 1,731 more departed than entered. The departures for the six months from August, 1914, to January last totaled 18,545 more than the arrivals, including both emigrant and non-emigrant aliens.

The heaviest emigration was shown among the aliens from southern Italy. Of these 75,629 more departed than were admitted during the seven months ended with January. This presumably was due to the calling of Italian reservists to the colors.

Perhaps it will prove to be a fortunate thing that the traction company has reduced to a definite basis, in the form of an appeal to the state utilities commission, its charges that the municipal light and power system is resorting to unfair tactics and using unwarranted methods in its competition with the private corporation for light and power business in Fort Wayne. Rumbling echoes of this character have been heard for some months, and action puts the situation at a point where it can be definitely threshed out before a legal tribunal. The city's contention in its reply, will be that it has not overstepped the line of its rights, and even the most ardent friend of municipal lighting will not desire the growth and prosperity of the city's electric enterprise upon any other basis than absolute fairness both to patrons and to competitors. Definite ruling on what is permissible for each of the interests and what is not will be of advantage to all concerned.

Government engineers have practically completed the work of preliminary survey of routes for the proposed Lake Erie-Lake Michigan barge canal by way of Fort Wayne and the Maumee river, and their voluminous report will be made to federal authorities within a short time. Upon this report, doubtless, will be based final judgment as to the practicability of the great enterprise. Meantime, while awaiting the decision, let us maintain militant and organized interest in the project upon which so many vast possibilities for this great central west section and for the country at large depend.

Harry Thaw says he was moved to make his escape from Matteawan asylum for the criminal insane through fear of losing his reason. Still, the possessor of a reason that is yet found clinging to him after the series of harrowing experiences through which the pampered son of luxury has passed during the past few years would seem to be needlessly alarmed by the fear that it would desert him. Any ordinary human reasoning equipment would have been in the junk heap long ago.

But eighty-two lobbyists registered for operation at Indianapolis under the new law during the recent session of the legislature. Either some of the fraternity got away, a lot of them quit business or the insidiousness was in a much milder form than that to which Indiana has heretofore been accustomed. It is difficult to account for the small number on any other hypothesis.

Fort Wayne authorities are taking the preliminary steps under the provisions of the new state law for flood prevention work, and it must be admitted that the movement has all the earmarks of definite accomplishment in the preparation that will safeguard the city from possible danger during any future tantrums our assortment of rivers may elect to enact.

PURGED BY FIRE.

(Grand Rapids News.)

It is a trying and not infrequently heart-rending and mind-racking process to eradicate evil of long standing. Habit is a fearful master which takes vengeance on the servant in double measure.

It has now been less than two weeks since the Harrison anti-habit forming drug law went into effect, and already the results have begun to bear out the unhappy predictions of the medical men of the country, who only too clearly foresaw what was to take place.

Deprived of their drugs, there are thousands of drug users who have begun to suffer the most extreme tortures of body and mind. Already this suffering has led to tragedy. Detroit had one such case this week. Ch. go yesterday had another. Undoubtedly many other such cases have been less widely chronicled.

And at best this can be considered only the beginning. Government officials have charged that an "opium trust" has secreted large quantities of drugs for distribution among the friends of the country, now that their legal sale is forbidden. Granting this to be so, only a small portion of the tortured souls can hope for relief. The remainder must do without.

It is probable that many of the wisest drug users have made some attempt to store against future need and have considerable supplies on hand. But this at best must be soon exhausted.

In ten days the country has begun to see, as never before, the tragic workings of the drug evil, barred by that evil's own discontinuance. There are even greater and more tragic revelations to follow. Many more, perhaps, will never be known in their true guise. But, whatever the cost in suffering, in wrecked careers, even in death, now it cannot be said by any right-thinking person that the Harrison law is not a long step in the right direction. The dope fiends of the country are just now being purged by fire, but in the end, such as remain, and the country, will come out the better for it.

FEELING ITS WAY.

(Toledo Blade.)

The first task the trade commission will undertake, when it goes into power next week, is an investigation of American business in foreign countries. It will, so the announcement runs, "study the influence of associations, combinations and practices of buyers, dealers and traders upon the foreign trade, and see whether they injuriously affect American exports."

This means that the trade commission purposes to feel its way. It is not to jump into the world of business with an outfit of regulations, a campaign of inquisitions and a set of prohibitions three-quarters of a mile long. It will first get used to its new chairs, first learn how far its authority runs and how useful it may be to its country.

We expect a good deal of the trade commission. In our opinion it will develop into an institution that can go further toward eliminating the sins and wrongs of commerce than inflexible laws can. It is pleasant then to see it approaching its duties not as if it were charged to hang some one, but with the frank admission that it has something to learn before it begins applying remedies.

TRAINS HIS HORSE TO BE "VEGETARIAN"

Man Feeds Animals Apples and Cookies, Narrowly Misses Threshing.

Detroit, Mich., March 12.—With the thermometer registering near the zero mark and nothing but a coal pile in the open as a sheltering and hiding place, Albert Lee Scott, special officer for the Highland Park Humane society, waited for five hours in the dark to trap a man who wanted to make his horse a "vegetarian."

"I had been watching the man and his starved-looking 'critter' for several weeks," said Officer Scott, "but I could not understand why the animal was in such poor shape. At last one of the man's neighbors told me that he did not believe the horse was being fed, as never had he seen hay or oats enter the barn door."

"I investigated and sure enough, not a sign of hay or oats could be found inside the barn. In the manger a hole had been gnawed by the horse—it looked as if the animal was eating wood as a substitute for food. But to make sure that night I set out at 5 o'clock and hid behind a coal pile near the barn."

"I waited and waited—half the night it seemed. Just as I felt that I could stand the cold no longer along came the animal's owner with a paper sack in his hand. I crept to the barn window and imagine my surprise, amusement and indignation when I saw Mr. Man open the sack and draw forth a

doughnut, which he fed to the half-starved horse. Then came a few cookies, raw potatoes, carrots and sliced turnips. And as the bag dropped to the floor empty an apple came into sight and served as the dessert.

"The knowledge of what that animal was living on and working on daily, combined with my love for all animals, sent me into that barn in a frenzy. I turned the fellow around and I fought down my temper, which kept saying: 'Hit him! And hit him hard!'

"What do you mean by feeding a working horse on such grub as that? I blurted out to the scared and amazed owner, who, from the look on his face, must have imagined that I had come up from the ground."

"I—I—I," he stammered.

"Well, get busy," I said, as my fists clinched and unclenched.

"Why—why, I'm making a vegetarian out of Ned, like myself, he managed to say."

"You see, I've found out that old Ned can work a lot harder and longer on this diet than any other."

"I warned him to cut the diet short, no matter what the results, and he did."

CARD OF THANKS.

In this way we desire to extend our thanks to the kind friends and neighbors for their assistance and evidence of sympathy in our late bereavement in the loss of wife and mother.

Your Grandmother's Remedy for Purifying the Blood

And Renovating the System in the Springtime Ask for Sulphurb Tablets.

What was grandmother's unexcelled remedy? Haven't you heard of it? Yes, you have! It was sulphur, cream of tartar and molasses. The main trouble with it was its nauseous taste.

The modern method puts the cream of tartar and sulphur into a sugar-coated tablet and mixes them with herbs, roots, etc., making a wonderful tonic blood purifier and system cleanser.

Just try Sulphurb Tablets (not sulphur tablets), but Sulphurb—remember the name—and get the tablets in sealed tubes at 50c per tube.

Grown-up people and children who don't feel well, who are constipated or sluggish, or who have pimples, boils, carbuncles, ulcers and the like, can soon rid the system of these impurities by taking this good old-fashioned remedy in modern form. Their action satisfies or money is refunded by the Prescription Products Company, Dayton, Ohio. A free trial sent to any address. Buy of any well stocked druggist.
